FINE 15-CARAT GOLD BRACELETS AND SAFETY PINS.

All pins illustrated here are either solid fourteen or fifteen-carat gold. All stones are genuine and of first-water quality. Solid gold has in the jewellery trade come to mean gold of only ten-carat or even less. We desire to emphasise the fact in the manufacture of our jewellery *fourteen carat is the minimum quality of gold used*.

There is always a satisfaction in giving an article of the highest quality and intrinsic worth, whether it be diamond jewellery or an inexpensive trinket.
