Overland

TRADE MARK

—so now there's no need to sacrifice pride to economy

This Overland costs only \$850.
But it is every inch an Overland—a perfect beauty.
Though a small, light, economical car, it is roomy,
sturdy and powerful!

And it is absolutely complete to the last detail.
Never before has a stylish, comfortable, completely
equipped car been offered at anywhere near so low a
price.

Now for the first time, exacting pride and strictest
economy are fully satisfied in one and the same car.

And for easy riding this newest Overland is not to be
compared with any other car of its size.

In fact, many a big, high-priced car is nowhere near
so easy riding.

It has cantilever rear springs which absorb road
shocks more perfectly than any other type.

Large four-inch tires add to its easy riding qualities.
And the seats are soft and deep and built up over
long spiral springs.

The seats are also broad and wide—ample in their
roominess for five full grown people.

Of course it is electrically lighted and started and
the electrical control switches are located on the steer-
ing column—right at your hand.

You should have a car this spring—

And if you want top class at bottom price, it must be
this Overland, for no other car meets both these re-
quirements.

No wonder it has swept the country—the biggest and
quickest success of all our long line of record making
models.

But one thousand cars a day is the present limit of
our production.

That is more than double the capacity of any other
producer of cars of this size and class.

But the demand is in proportion to the excess value
in this car.

Order yours now to avoid delay.
