

## His Friend Said

"If They Don't Help or  
Cure You I Will Stand  
The Price."

Liver  
Complaint  
Cured.

Mr. J. B. Rusk, Orangeville, Ont., writes: "I had been troubled with Dyspepsia and Liver Complaint and tried many different remedies but obtained little or no benefit. A friend advised me to give your Laxa-Liver Pills a trial, but I told him I had tried so many 'cure alls' that I was tired paying out money for things giving me no benefit. He said, 'If they don't help, or cure you, I will stand the price.' So seeing his faith in the Pills, I bought two vials, and I was not deceived, for they were the best I ever used. They gave relief which has had a more lasting effect than any medicine I have ever used, and the beauty about them is, they are small and easy to take. I believe them to be the best medicine for Liver Trouble there is to be found."

Price 25 cents a vial or 5 for \$1.00, at all dealers, or will be sent direct by mail on receipt of price.

The T. Milburn Co., Limited, Toronto, Ont.

## Do You Intend Building a House, Barn, Green- house or Silo?

Send us your list of

LUMBER (rough or dressed), LATH, SHINGLES, DOORS, SASH, TRIM, or anything in woodwork for building construction, and we will quote you promptly.

John B. Smith & Sons,  
LIMITED,  
TORONTO, ONTARIO.  
Established 1851.

## A. Edward Meyer

P. O. Box 378, Guelph, Ont.,

Breeds SCOTCH SHORTHORNS Exclusively. Twelve of the most noted Scotch tribes have representatives in my herd. Herd bulls; Scottish Hero (imp.) = 55042 = (90065) 295765 A. H. B.; Gloster King = 68703 = 283804 A. H. B. Young stock for sale. Long-distance phone in house.

## Scotch Shorthorns

At Toronto Exhibition this fall yearling bulls bred by us won 1st and 3rd in class and junior champion. We also bred the sire of these bulls. The grand champion steer at Guelph was sired by a bull of our breeding. We have 10 young bulls for sale now, bred the same. Write for breeding and prices.

John Miller, Brougham P. O., Ontario.  
Claremont Stn., C. P. R., 3 miles.

## Willow Bank Stock Farm SHORTHORNS AND LEICESTERS.

Herd established 1855; flock 1848. The great Duthie-bred bull, Imp. Joy of Morning = 32070 =, and the Missie bull, Royal Star = 72502 =, heads my herd. Choice selections to offer at all times in both bulls and females.

JAMES DOUGLAS, CALEDONIA, ONTARIO.

## Shorthorn Cattle

Would price my stock bull, Star Prince = 53900 = (94673). Red; also one yearling bull, a winner in Toronto and London. Females of all ages. Some very good heifers in nice condition. All reds or good roans.

J. T. GIBSON, DENFIELD, ONT.

## Spring Valley Shorthorns

Herd headed by Clipper Chief (imp.) = 64220 = (94673). If you want to get an imported bull, or a good Canadian-bred one to head your herd, be sure and write, or come and see them. Long-distance telephone.

KYLE BROS., AYR P. O., ONT.

## HIGH-CLASS SHORTHORNS

I have on hand young bulls and heifers of high-class show type, pure Scotch and Scotch-topped, sired by imp. sires, and out of grand milking dams. And Leicester rams and ewes of all ages. W. A. Douglas, Tuscarora, Ont., Caledonia Station.

GEO. GIER, Grand Valley P. O. and station, also Waldemar station.

Shorthorns and Leicesters. For sale: Choice bred young bulls, and a number of 1 and 2 year-old heifers. All got by imp. sires, and out of grand milking dams. And Leicester rams and ewes of all ages. W. A. Douglas, Tuscarora, Ont., Caledonia Station.

SHORTHORNS BERKSHIRES One choice young Lady Fanny bull for sale—good herd header; also several young heifers. A few prize-winning Berkshires, both sexes. Write or come and see them. Prices moderate. ISRAEL GROFF, ELMIRA, ONTARIO.

## QUESTIONS AND ANSWERS. Miscellaneous.

### INFORMATION ON BEEKEEPING

Could you please give me any information on how to manage bees, or where one might send for an instruction book?

J. K. K.

Ans.—You will find much of value in this connection in forthcoming issues of "The Farmer's Advocate." A, B, C of Beekeeping and Langstroth on the Honey Bee are two good books for beginners. Price, through this office, \$1.50 and \$1.60, respectively.

### CORNS ON HORSE'S FEET.

What is the best thing to do for corns? Horse, six years old, has one at the heel on the inside of foot, under the shoe. He walks sound, but goes lame when he trots.

H. R. B.

Ans.—Remove the shoe, pare well out, and apply poultices for two or three days. When lameness ceases, shoe so as to relieve pressure upon the affected quarter. A bar shoe is sometimes used for this purpose.

### POSSIBLY TUBERCULOSIS.

What is wrong with my hens? They get so that they cannot walk; they seem to have no use of their legs, and I kill them and throw them away. I feed oats once a day and wheat once a day. Lots of fresh water every day, lots of grit, oyster shells, burnt bones and charcoal, and feed sulphur once in a while. Keep house well cleaned out once a week. Lots of shavings to scratch in.

J. H. M.

Ans.—The trouble may be but leg weakness, which is due to overfeeding, and from which fowls will recover, but it may be tuberculosis. If so, no treatment will avail for the sick birds, but those unaffected should be kept separate, and be allowed plenty of fresh air and sunshine. Fowls that die, or are killed, should be burned or buried deeply. Precautions have been outlined in the Poultry Department not very long since. It would be well to ascertain definitely the cause of the trouble by expressing a dead bird to the Bacteriologist, O. A. C., Guelph, or to Dr. C. H. Higgins, Pathologist, Department of Agriculture, Ottawa. Send also a letter explaining symptoms, conditions, etc.

### STOCKING A FARM.

What capital will it take to stock a 120-acre farm in Ontario, within sixteen miles of a good market town, possession to be given on the first of January? The stock is to consist of three Clydesdale mares, a Hackney mare, from eight to ten good dairy cows, a brood sow, six or eight young cattle and fifty hens. Also all the implements required on the farm, and necessary feed and seed.

YOUNG FARMER.

Ans.—Any figures that may be given, it will be understood, are but estimates at best, and probably leave something out of the reckoning. But, as will be seen, it costs something to stock a farm at the high prices prevailing:

3 grade Clydesdale mares, at \$200.	\$600
1 grade Hackney mare	175
10 cows, at \$42.50	425
6 young cattle, at \$20	120
1 sow	20
50 hens, at 50c.	25
Binder	135
Mower	50
Wagon	70
Other implements, such as plow, harrow, part share in a manure spreader, cultivator, with seeder attachment, rake, roller, horsefork, forks, spades, hoes, harness, etc.	180
Feed for four months	250
Seed	90
	\$2,140

No allowance has been made for market rig or buggy and single harness, nor for house furnishings. Many other little requisites also may be thought of. The implement account could doubtless be much lessened by dispensing with a binder, hiring one when needed, and by purchasing serviceable articles at auction sales, but with all the reduction possible, probably \$2,000 would be needed to make a fair start.

## Wear Ruthstein's STEEL SHOES

Our  
1910  
Model

Absolute Protection Against

Colds, Rheumatism, Stiffness, Discomfort  
No More Blistered, Aching Feet  
GOOD-BYE to CORNS and BUNIONS!

Patented  
Dec. 4,  
1906.  
Others  
pending.

FREE

Write for book, "The Sole of Steel," or order a pair of Steel Shoes on blank.

There's more good wear in one pair of Steel Shoes than in three to six pairs of the best All-Leather Shoes. And comfort! The very first time you slip your feet into Steel Shoes they feel fine. They need no "breaking in." And the longer you wear Steel Shoes the better you like them, for they keep your feet warm, dry and comfortable—though you work in mud or slush up to your shoe tops. Steel Shoes are shaped to fit the foot, and the rigid steel bottoms and sides force them to keep their shape. No warping, no twisting, no leaking possible. And they are as light as any ordinary work shoes.

## How Our 1910 Model Steel Shoes Are Made. The Wonderful Steel Bottoms

Steel Shoes solve the problem of the Perfect Work Shoe for all time to come.

The soles of Steel Shoes are an inch above the soles are stamped out of a special light, thin, rust-resisting steel. One piece of seamless steel from toe to heel. As a further protection from wear, and a means of giving a firm foothold, the bottoms are studded with adjustable steel rivets.

The adjustable steel rivets of the 1910 model Steel Shoes add the finishing touch of perfection. Practically all the wear comes on these steel rivets. When steel rivets wear down you can instantly replace them with new rivets. And the rivets at the tip of toe and ball of foot are the only ones that wear. Steel Shoes never go to the Repair Shop, for there's nothing to wear but the rivets. And the Steel Soles shed mud almost as easily as they shed water. The cost is only 30 cents for 50 extra steel rivets. No other repairs are ever needed.

The uppers are made of the very best quality of pliable waterproof leather, and firmly riveted to soles. There is greater strength and longer service and more foot comfort in Steel Shoes than in any other working shoes in existence. It's in the steel and the pliable leather, and the way they are put together.

## Throw Away Rubber Boots, Felt Boots and "Arctics!"

Rubber or felt boots heat the feet and make them sweaty and tender. Nothing more uncomfortable or more harmful to the feet. One pair of Steel Shoes will outlast at least three pairs of felt or rubber boots.

A man who wears Steel Shoes doesn't have to own three different styles of working shoes. No arctics or felt boots necessary.

### Secret of Steel Shoe Elasticity

Steel Shoes have thick, springy Hair Cushion Insoles, which are easily removable for cleansing and airing. They absorb perspiration and foot odors—absorb the jar and shock when you walk on hard or stony ground. They keep your feet free from callouses, blisters and soreness.

### Steel Shoes Save Doctor Bills

Wear Steel Shoes and you need not suffer from Colds, Rheumatism, Neuralgia, Lumbago, Stiffness of the Joints and other troubles and discomforts caused by cold, wet feet. Keep your feet always warm, dry and comfortable in Steel Shoes. They protect your health and save doctor bills, while adding to your comfort.

### Low Prices on Steel Shoes

Sizes, 5 to 12. 6 inches, 9 inches, 12 inches and 16 inches high.

Steel Shoes, 6 inches high, \$2.50 a pair; better grade of leather, \$3.00 a pair; extra grade of leather, black or tan color, \$3.50 a pair.

Steel Shoes, 9 inches high, \$4 a pair; extra grade of leather, black or tan color, \$5 a pair.

Steel Shoes, 12 inches high, \$5 a pair; extra grade of leather, black or tan color, \$6 a pair.

Steel Shoes, 16 inches high, \$6 a pair; extra grade of leather, black or tan color, \$7 a pair.

### One Pair Will Outwear 3 to 6 Pairs of Leather Shoes

The comfort of Steel Shoes is remarkable. Their economy is simply astounding! Practically all the wear comes on the rivets in the bottoms, and the rivets can be replaced very easily. Don't sweat your feet in rubber boots or torture them in rough, hard, twisted, shapeless leather shoes. Order a pair of Steel Shoes today. Sizes, 5 to 12.

### Order Steel Shoes Today!

We strongly recommend the 6-inch high, at \$3.50 a pair, or 9 inches, at \$5, as they give best satisfaction for general service.

In ordering, state size shoe you wear. Enclose \$3.50 a pair for 6-inch high, and the best and most comfortable working shoes you ever wore will promptly be shipped to you. Your money refunded if Steel Shoes are not exactly as represented when you see them. Send today!
