CHAMBERS'S ENCYCLOPAEDIA

Is a Conspectus of the world's wisdom written by experts for all sorts and conditions of men

Here the teacher, the student, the man of affairs, the publicist, the journalist will find the very latest information on every conceivable subject in a handy form—not written in a pedantic technical manner on the one hand, or superficially on the other, but in language which every person of ordinary education can understand, and with a sufficiency of essential detail to satisfy even the specialist.

Mr. JOHN MORLEY on the advantages of possessing an Encyclopaedia.

"We may all agree in lamenting that there are so many houses—even some of considerable social pretension—where you will not find a good atlas, a good dictionary, or a good cyclopaedia of reference. What is still more lamentable, in a good many more houses where these books are, they are never referred to or opened. That is a very discreditable fact, because I defy anybody to take up a single copy of the 'Times' newspaper and not come upon something in it upon which, if his interest in the affairs of the day were as active, intelligent and alert as it ought to be, he would consult an atlas, dictionary, or cyclopaedia of reference."
