by the C. P. R. of the requirements of of all such accidents in the nearest thought it advisable to undertake a retained as association counsel and a conviction was secured.

An examination of the secretarytreasurer's books and accounts has been made by his auditor, Mr. D. J. Campbell, and his certificate that they are in order and correct will be found attached to the financial statement.

#### BULLS REPRESENTED IN CRAIGIE MAINS SALE.

A FARMER'S ADVOCATE representative has looked over the cattle offered for sale on June 26th by A. and G. Mutch, at Regina, and can only add to what has been said before by competent judges of Shorthorns, that the herd is as choice a lot as one could expect to get together on one farm. The aspect lish Lady Sth—5996—, by Butterfly of the whole bunch impresses one with Duke—390—(a son of the great old the massiveness, strong character, and ruggedness of the individuals. It is not often that one hears the complaint that cattle keep too fat during a winter such as the one just past, yet that is what we were told on inspecting Craigie Mains, that the cattle could not be kept quite thin enough. The fault should not be charged against them, for if there is any one thing more than another which we should breed and select for it is easy feeding propensities.

In the advertisement this week attention is called to three of the sires whose blood is prominent in the herd. Having more space here we might enlarge upon those in the advertisement and give a few others which on reference to the catalog will be found to be at the top of many of the pedigrees.

Prince Gloster—40990—, is an all red bull of Mr. Cruikshank's celebrated Duchess of Gloster family. He is a bull of great substance and thick flesh, weighing as a two year old 2,000 lbs. He has few faults, and was purchased as a calf in 1906 at a long price from Mr. James, of Iowa, to be used at his present home. His breeding is of the highest individual merit and his first crop of calves are uniformly excellent.

Revenue-21503-, a half brother to the great bull Nominee, sweepstake winner at Toronto, 1897; also Minnesota State Fair and grand sweepstake over all breeds at Trans-Mississippi Exposition at Omaha in 1898; a large thick fleshed bull, winner of second prize in Toronto as a yearling. Sire the prize-winning bull, Earl of Moray-18188 (got by the Cruikshank bull Eclipse-8928-, and out of imported Lady Fan nie, bred by Mr. Bruce of Scotland) dam by Lord Lovel-2030-, a Cruik shank bull of the Marchless family, and winner of 30 first prizes. Lord Lovell's sire was the renowned show and stock bull Barmpton Hero, bred by John Dryden. Royal Barmpton-- 32996 - .a red bull of wonderful quality and smoothness was bred at Sittyton and imported in 1874. He belongs to Mr. Cruikshank' Butterfly family, and was sired by the prize-winning bull Scotland's Pride 25100), a grandson of Champion of England; dam Butterfly's Delight by the successful show bull Alkin (21172) Roval Barmpton being richly bred was remarkable for his prepotency, beyon sired many superior bulls, it. noted being Barmpton Hero, a grad show bull, winning thirty first true and his calves taking first place at the Toronto Industrial for three ye succession. Royal Barning of successful in the show several first prizes, include of \$160 as a three-year structure vincial Exhibition at 11 Sussex (56625), h : ton Secret bull, a red is Violet (47444). Barmpton (37763 vepir by Royal Dul andoubtedly on socock bulls used as used for sev-John Dryden with her enlyes being a Collynic Archer FARMER'S ADVOCATE when answering advertisements (Wm Duthie, and

Last fall owing to the wholesale Dryden in 1898; sire Scottish Archer slaughtering of cattle on the track by bred by A. Cruikshank; dam Missie railway trains, and the utter ignoring 135th, by William of Orange, bred by A Cruikshank; grandam Missie 73rd the ordinance as to posting particulars by Prince Charlie (43127), bred by of all such accidents in the nearest W. S. Marr. The pedigree of Collynie station or section house, the committee Archer is precisely similar to that of the renowned Marengo, the great champion prosecution. A good case presented bull of Great Britain, being out of an itself and Mr. McKenzie, M. P. P. was own sister to the dam of Marengo. At Mr. Duthie's 1901 sale the bull calf out of the dam of Collynie Archer made \$2,250, the second highest price obtained at the sale. The Missie family is undoubtedly the most valuable at Uppermill, having furnished the highest-priced Shorthorn cow of recent years in Missie 153rd, sold in Chicago, 1901, for \$6,000.

Earl of March-17252-, bred by J. and W. B. Watt, belongs to their prize-winning English Lady tribe which was begun on a Marr Red or Roan Lady foundation. He was got by the renowned Cruikshank bull Barmpton Hero-324-, the most successful show bull of his time in Canada, unbeaten in the ring and probably the sire of more winners than any other Canadian bull. Earl of March was out of Engpure Duke bull, 4th Duke of Clarence (imp)-79-(33597). One of the Earl of March's sons, Sittyton Hero, used in the herd of Jas. I. Davidson, was recently sold at four years of age for \$700.

And so we might go on enumerating the honors that have accrued to the immediate ancestors of many of the cows and heifers to be offered. We might also recite something of the glories that have come to the different tribes represented. We may refer to that in the future but the main facts should not be lost sight of; namely, that the West wants good cattle, and that these cattle offered at public auction are a credit to the stock from which they spring.

Bulletin No. 87 of the Ames, Iowa, station has given use to considerable discussion by manufacturers of stock foods, and judging by all the evidence we have to hand, it appears that the station has been somewhat hasty in its statements. The writer of the bulletin feeling in a mood of cynical facetiousness and evidently displeased with the nice discriminations made by the manufacturers of stock foods, attempts to ridicule some of the literature put out by them and makes some statements that cannot be substantiated. It is to be regretted that all the bulletins coming from experiment stations are not absolutely dependable, for upon them we have largely to depend for our knowledge of the nature of the stock foods advertised in our columns. It is impossible for us to make our own investigations and we do not want to carry advertising of foods that are not absolutely reliable. Experiment stations should be careful to the extent of being considered "slow," so that their work may be a guide to those whom they are expected to serve and have sensation mongering to the fermentable brains of the yellow journalists

# I Can Cure You

When your nerves are weak, your back aching, your stomach weak and dyspeptic, your nights without rest, your liver torpid, and you have pains in various parts of your body, with a feeling of lassitude, a lack of energy and spirit in your daily occupation, you will find in my wonderful

# Dr. McLaughlin's Electric Belt

the source of health. How can any one remain in doubt as to the value of this grand remedy, when you see so many cures by it? Do you still doubt it? Would you believe the evidence of respectable people in your own town? Then send for my testimonials. They come from everywhere—from all classes of people-and prove my claims over and over

#### HERE IS SOME OF THE LATEST EVIDENCE-READ IT.

Dr. McLaughlin: Joggins' Mines, N.S. Dear Sir, — I have worn your Belt for four weeks and am well pleased with it. It has done me a great deal of good. My back don't bother me so much, and I have had no losses this last fortnight. Wishing you success with your Belt, I remain, yours truly, JAMES FOWLER. Dr. McLaughlin: Paris Station Ont

Dear Sir.—I have been wearing your Belt for 30 days, and feel that it has done me a lot of good. The losses have stopped almost altogether, and my nerves are much stronger than they were. Yours very sincerely, GOR-DON DUNN. Island Lake, Alta. Dr. McLaughlin

Dear Sir.—I purchased one of your Belts some time ago, and it has donc me a great deal of good. I did not think anything would help me as it has done. I have told nearly every one that I know of your wonderful Belt, and a lot of them have got one and are not disappointed. Yours truly, MRS. T. WHYTE.

Dr. McLaughlin: Dear Sir,—The trouble for which I purchased your Belt has entirely dis-appeared. It was only after a great deal of hesitancy and enquiry from your patients that I bought one of your Belts, but I am now glad that I did. My back is perfectly well, and I never was so strong or felt so well as I do

FOUNDED 1866

now. Yours very truly. GEORGE A. STARK

#### SCIATICA PERMANENTLY CURED.

McLaughlin:

Alberton, P.E.I.

Dear Sir.—I am in receipt of your interesting letter re Bolt. Over two yeans have elapsed since I got the Belt. When I arrived here the trouble, which had been very severe from hip to foot, had apparently settled at hip and from knee to toes. The doctor attended me every day, and of course had no good word for the Belt. I, however, adjusted it as directed and put it on, and in an hour or so I been to find the generation of the settled at the settled at the settled and put it on, no good word for the Belt. I, however, adjusted it as directed and put it on, and in an hour or so I began to feel the sensation all over me, or in every part of the body, and in two or three days was up and around, pain all gone. Of course I applied Belt a while every night, and in a week was feeling well and entirely clear of pain, and, what is better, have never even felt a tinge of pain in my limbs since. Work all the time. There are several Belts on the market, chean, too, but I suppose no good. In fact, I heard a man say he would not give 5 cents for a dozen of them. I am feeling well and am smart for my age. With kind regards, from R. S. OULTON. These strong words from grateful men and women are just frosh from their pen. They should inspire the readers of this paper with fresh hope that there is a sure cure for them in my remedy

there is a sure cure for them in my remedy

## PAY WHEN CURED

To those who are tired of paying without results, and to those who doubt if anything will help them. I make this grand offer. If you will scene me my pay when you are cured. I will letyou have my Belt without paying me one cent in advance

am offering you freedom from sickness, and the restoration of perfect health so grasp it now while you have it at hand. Call and see me write and let me send you my beautiful illustrated book, full of things you will like to read. If you have tried other remoties without success, don't desp-th. Nature offers you a cure for every ill, and my Belt is what you need. Act to-day.
