Local and General

The Knights of Pythias have decided to postpone their annual Ball, usually held at this season of the year, to a later date; and in commemoration of the founding of the order, they will have this year a Social Evening in the Pythian Hall, Dr. G. S. Dibb, on Monday evening, February 19.

The Test of your Typewriter service comes at the Holiday Season—Now that the rush is over let's take time to consider if your correspondence and Billing Departments should not be augmented with another Remington or Smith Premier Typewriter.

A. Milne Fraser, Halifax, N. S.

Another of the brave boys of Charlotte county has been awarded the Distinguished Conduct Medal, this honour having come to Sgt. D. Dibb, son of Dr. G. S. Dibb, of Moore's Mills. The official notice of the award says: "He assumed command of and led his platoon with great courage and determination. Later, although severely wounded, he remained at his post."

After thirty six years of faithful service in the Canadian customs, John Shaughnessy has retired on a substantial pension and is succeeded by Howard McCurdy, eldest son of the late Samuel McCurdy. The young man saw service at the front, going across with the 5th Battalion, and won the rank of sergeant-major. He was invalided home and his appointment is a well deserved recognition of faithful service rendered in the time of the country's need. Customs Officer McCurdy goes on duty this morning, and is receiving the congratulations of his many friends.

Some doubt has been expressed as to the safe arrival of parcels sent to prisoners of war in Germany. One such parcel did reach its destination, which is proved by a card of acknowledgment received by Mrs. G. Higgins. The card simply states, "Dear Cousin,

Parcel received. Many thanks." 111080 Set. C. W. Carson. 4th C. M. R., Block 2 Coy., N. Finden, West., Germany.

Mr. C. Herbert Greenlaw and family would extend their thanks for the kindness received from friends during their recent bereavement.

CALENDARS RECEIVED. We have received from the Royal Bank of Canada a daily calendar for the current year. Mr. G. K. Greenlaw sends us a very attractive calendar, with a picture of a lady, and an advertisement of this enterprising firm. The Western Canada Flour Mills Co. has sent us a calendar showing the Company's many milling establishments, and advertising Purify Flour. We have received from the agent, Mr. N. N. Cockburn, Esq., K. C., the calendar of the Fidelity-Phenix Fire Insurance Co., and one of the Sun Fire Insurance Co. from E. H. Grimmer, Esq., K. C., agent.

CORP. JOHN HERBERT MACMULLON. Reports have been current that Corp. MacMullon was a war prisoner in Germany, but the family are unable to confirm the report. In view of the following letter received from the Red Cross Society in Geneva, Switzerland:

International Committee of the Red Cross, Geneva, 3rd January, 1917. Dear Sir—

In continuation of my letter of December 16th, 1916, respecting your brother, Corporal John Herbert MacMullon, Canadian Mounted Rifles, we now have news of him from Private Frank Underhill of the same unit, now a prisoner at Dillmen, Germany, which we regret to say appears to confirm the supposition of his being a prisoner.

Any further information, official or unofficial, will be forwarded to us. We are, Yours faithfully, MICHAEL MULLON, John Herbert, Cpl. 6th Canad. Med. Rif. "D" Coy. Concerning the above-named man we have received from Sgt. M. UNDERHILL, 113604, 4th C. M. R., at Dillmen, the following statement, dated 11.11.16: "Last heard of, shell shocked."

IMPROVEMENTS AT THE ALGONQUIN. The work on the new building at the Algonquin Hotel, which is well known as the Dormitory for the male help, is now fairly under way. The foundation work has been done by the contractors, Messrs. C. E. Dakin Construction Company, to Mr. Chas. Hornell, who is now winning the concrete into the forms.

The plans call for a two-story building, size 120x30 feet, with a pitched roof and eight gables. The outside finish will be in stucco with half timbered finish on the gables, similar to those at the Hotel. On the front will be a veranda seventy feet long, facing Carleton Street.

The interior will contain a large common room, and thirty-eight bedrooms. The officers' quarters are to be situated in the south end of the building, on each with hot and cold water. The plumbing on each floor will be of the latest type, and include baths, and shower baths.

The hot-water heating and electric lighting systems of the Hotel will be extended to the new building.

The C. P. R. Construction Department under the direction of D. H. Mapes, Engineer of Buildings, will install the heating system. Mr. R. D. Rigby is the local superintendent.

The alterations to the rooms on the fourth floor of the wing of the Hotel are progressing rapidly.

The large amount of plumbing made necessary by the change is well advanced; and that part of it between the floors and the gutters on of the finish in two or three weeks. This work is being done entirely by the Hotel Construction Department.

Another interesting and important work going on in the Algonquin is the installation of a motor fan in the roof of the wing for the purpose of ventilating the kitchen, with lighting connections for a direct passage. The fan is said to weigh nearly a ton and will be a useful addition to the already up-to-date kitchen.

The prospects of the Hotel for the coming season look very promising, and the bookings are not far excised those of any previous year.

TOWN COUNCIL

The monthly meeting of the Town Council was held in the Town Hall on Tuesday the 6th inst. at 8 o'clock p.m.

RED CROSS SOCIETY. The Red Cross Society at its meeting on Wednesday afternoon packed a case of hospital supplies for shipment to St. John.

The contents were as follows:—300 mouth wipes, 4 kit bags (filled), 30 knitted spunges, 8 sheets, 120 pr. socks, 22 night shirts, 12 trench caps, also 48 pr. socks from the ladies of Bocabec. All the supplies were very well made and will doubtless be much appreciated, the kit bags especially.

Comparisons are not supposed to be pleasant, but they are sometimes useful. The following are the numbers of some of the supplies shipped by the Society last year in the period corresponding to that covered by Wednesday's shipment: 269 pr. socks, 55 shirts, 28 sheets.

The Society lost its most energetic worker by the death of Mrs. Herbert Lamb, and several very industrious members are at present unable to accomplish as much as they have done, previously, but even taking into consideration that some supplies have been sold and some given away this year, there is too big a difference in the two lists to be accounted for.

The needs of the Society are increasing enormously, and it seems a pity that the St. Andrews Branch, which began so well, should fall behind when there is so much to be done. There is one bright aspect of the case, some new workers have been recruited.

One gentleman contributed a scarf of his own making, and some of the boys are "doing their bit" by knitting spunges.

NEWS IN BRIEF. Curling, Nfld., Feb. 6.—Eleven persons lost their lives in the wreck on the Reid-Newfoundland Railroad, near Glenwood, an interior settlement yesterday, according to passengers who arrived here to-day.

Three cars of a passenger train were derailed, one of which caught fire. Only nineteen of the thirty passengers in the burned car are known to have escaped, they said. Four of the dead have been identified.

Reports last night stated that only four persons were killed.

CANADIAN NEWS. Halifax, N. S., Jan. 31.—The Nova Scotia Legislature will meet on Thursday, Feb. 22.

Montreal, Feb. 2.—The snowfall of January was one-third greater than the monthly average for 43 years. Out of 31 days in January, snow fell on 22, showed a total snowfall of 40.2 inches, or 10.8 inches above the average January snowfall.

The highest record was a snowfall of 69.7 inches in January of 1898, and the greatest snowfall on any single day was on January 22nd, when 7 1/2 inches were added to the bountiful supply. The temperature for the month was 11.42 degrees above zero, and for the past 43 years was 12.9, which is nearly a degree and one-half lower.

Saskatoon, Sask., Feb. 6.—Three men are dead and six are seriously injured as the result of a wreck on the Canadian Northern Railway six miles south of this city at 8.30 last night. Rushing through the darkness in an effort to make up lost time, an extra passenger train from Regina to Saskatoon crashed into the rear end of a snow plough train which was clearing the track ahead. The locomotive ploughed its way through the two rear coaches of the work train, plunging cars in a twisted heap into the ditch.

NEWS OF THE SEA

—London, Feb. 6.—Lloyd's reports that the following vessels are "presumed to have been sunk":—

Norwegian steamer Rigel, twenty-two of her crew picked up at sea.

Norwegian bark Walsdale, nineteen of her crew picked up.

Norwegian bark Zonguld, twenty-five of her crew picked up.

The steamer Rigel was a vessel of 1,771 tons net. She was last reported as having sailed from New York, December 5, for Liverpool, where she arrived December 28.

The Walsdale registered 1,866 tons. She left Buenos Aires November 16, and was last reported as having arrived at Fayal, Azores Islands, January 8.

The Zonguld was a vessel of 2,069 tons. She sailed from Buenos Aires, November 24 for the Azores.

—London, Feb. 6.—The Swedish steamer Brunelle, 1,553 tons, has been sunk by a submarine, according to an Exchange Telegraph dispatch. The crew were landed. They were fired on by the submarine as they entered the boats.

—London, Feb. 6.—The admiralty informs the Associated Press that there is only one member of the crew of the Lars Krause, the Belgian relief ship sunk by a German submarine, and that the Norwegian ship Thor II, has been torpedoed. The crews of the two steamers were landed.

—London, Feb. 6.—Lloyd's announced the sinking of the British steamer Worley Pickering, of 4,185 tons gross.

The Worley Pickering was built at Middleburgh in 1912. She was 365 feet long and had a beam of 51 feet. She was owned by the Constantine and Pickering Shipping Company.

—London, Feb. 6.—Another steamer believed to have been sunk is the German steamer Wartenfels of 4,511 tons gross, the Lloyd's agency announced.

EAST QUODDY LIGHTKEEPER DROWNED. While crossing the bar from the light-house and fog whistle station at East Quoddy Head Harbor, to his home on the main island of Campobello, Charles Hilliard, the keeper, was drowned Saturday morning. His body has not been recovered. His lantern was found midway across the bar and it is assumed that he was caught by the tide or that he became bewildered in the dense mist of the early morning.

Mr. Hilliard, who is married, and about forty years of age, had been a faithful keeper of the station for several years covered by Saturday morning he left the station to return to his home.

The bar, which is disclosed at low tide and covered at high tide, stretches about forty feet to the mainland. Nothing was heard of him until about 6 o'clock when a boat was sent to search for him. His lantern was discovered about half way across, but no trace of him was found.

His body had not been recovered up to last night, and it is stated that owing to the strong currents there was little probability that it will be.—Telegraph, Feb. 5.

The Nova Scotia "Lumber King" says: "I consider MINARD'S LINIMENT the best LINIMENT in use."

I got my foot badly jammed lately. I bathed it well with MINARD'S LINIMENT and it was as well as ever next day. Yours very truly, T. G. McMULLEN.

LEGISLATIVE NOTICE. Notice is hereby given that at the next session of the Legislative Assembly of New Brunswick application will be made and a Bill submitted for the passage of an Act to authorize and empower the Mayor of Saint Andrews to provide, establish, operate and maintain a system of water works for fire protection, domestic, electric, industrial and other uses and purposes within the Town and adjoining district; to fix, limit and define areas to be served and served by such water system; to borrow money for the construction and equipment of such works; and to issue sinking fund or serial debentures, or both, in one or more series, not exceeding in the aggregate sixty thousand Dollars (\$60,000), bearing interest at the rate of five per centum per annum, and redeemable at or within forty years from date of issue, and to provide adequately for redemption and payment of such debentures, principal and interest, by assessment, and by appropriation of revenues derived from water service, and from other available sources.
