JOHNSON'S SHARE HAS BEEN ATTACHED

Montreal, Mar. 28.—The announcement made last night that Ernie Johnson, the mainstay of the Portland Rosebuds' defence, was not likely to figure in the Stanley Cup match tonight came as a surprise. Johnson made the announcement himself while witnessing the match between Lachine and Sons of Ireland for the Ross trophy. He gives as his reason for not playing this game that he has nothing to benefit from it as his share of the money earned by the players had been attached by President Lichtenheim of the Wanderers.

When Johnson jumped a contract signed with the Wanderers several years ago the owner of the Red Band secured a judgment against the big defence player for \$2,000, and placed an attachment on his share of the Stanley Cup games. It is also stated that Johnson is hearing that the owner of the Wanderers is likely to play an exhibition game in Quebec, has laid claim to any share of the receipts to go to Johnson from that match. Although Johnson declares that he will not play to-night, Manager Savage has not given up hope of persuading him to change his mind.

With Johnson an absentee from the game a great deal of the interest will be taken out of the series, as the loss of Johnson's services will greatly weaken the defence of the team.

Hockey Gossip.

Arbour was again one of the stars of the Portland-Canadian game Saturday night. During the fight between Johnson, Lalonde and several others, Del Irvine of the Portland team, tried to act as peacemaker, and attempted to pull Oatman away. The latter cut out a little of what Willard gave to Moran. During the fracas Howard McNamara, of the Canadians, and Harris of the Portland team, stood alongside each other laughing at the fun.

"The Light Beer in the Light Bottle" —clear as crystal —sparks like diamonds —mild, yet full flavored —costs about half as much as the imported beers

PARIS

Patriotic Feeling Again Demonstrated—Big Recruiting Meeting—Successful Production of Play by Falkland Women's Institute.

Paris, March 27.—Our citizens have again demonstrated their loyalty and eagerness to help on all patriotic movements in town, as was evident at the successful outcome of the musical given at the residence of Mrs. Harry Goldie, kivesview Terrace, on Friday evening under the auspices of the Prince of Wales Chapter Daughters of the Empire. In addition to flags and bunting in the reception hall, the decorations of the room were daffodils and smilax.

The musical program was in charge of Mrs. James R. Insaker and Mrs. J. K. Martin, while Miss Gowman and Miss Wickson looked after the candy table. A new feature was the white elephant table, where the wants of purchasers are ably looked after by Mrs. W. Hurst and Miss Margaret Cunningham. Chorus were given by Mrs. R. J. Layton, Miss M. Shephard, Miss and Mrs. J. K. Martin, Miss O. R. Whitby and Mr. Murray Taylor. Above were interspersed with instrumental pieces by Harry Goldie. Upwards of \$100 was realized, which will be devoted to patriotic purposes.

ROYALS GET THREE FROM THE DODGERS

Dayton, Pa., March 28.—Brooklyn defeated the Athletics here yesterday by 6 to 4, the victory being largely due to Cutshaw's long triple to right centre in the seventh inning. Crane in the eighth knocked out a homer. In the ninth, Manager Robinson is greatly pleased with the condition and showing of the men. The release of Gooden, Prieste and Smythe at Montreal was announced by President Ebbetts yesterday. Outfielder Zack Wheat will go to Troy and other youngsters may follow before the team reaches Brooklyn.

HITTERS HAVE NOT REACHED STRIDE

Chattanooga, Tenn., March 28.—Rain and a cold wind made the scheduled game between the Yankees and the Chattanooga Lookouts impossible yesterday, so the Yankees took several automobiles that did tourist stunts. It is hoped that a pastime can be played to-day. During the day "Kid" Elberfeld, former shortstop of the Yanks, drifted into headquarters at the Patten Hotel. He has succeeded Harry McCormick as manager of the Lookouts. Manager Donovan is hoping for a change in the batting line-up, but there is always someone underneath, and Maisel and Pipp are both of their form. Baker and Gedeon are the only ones really up to standard. The pitchers are going well.

Commissioner Richards, head of the Salvation Army in Canada, visited the two Soos.

VULCAN

PARIS

stitute of Tranquillity entertained the Falkland people at the residence of Mr. and Mrs. E. Sowden, where a very pleasant hour was spent by all. A splendid repast served. Efforts are being made to have the Falkland ladies reproduce their play in Paris for Red Cross purposes.

The Baptist church was crowded last night when Rev. Dr. Towerby preached a special sermon to young men, his subject being, "Young Men." The choir was composed of men, the song "Tenting on the Camp Ground," was ably rendered.

A big recruiting meeting was held in Grem theatre Sunday night. Mayor Paterson acted as chairman and introduced the speakers, while Captain Pearce of the 25th Battalion had charge of the musical program. The choir was the subject of "To and Fro" in the Old Country in War Time, a lecture much appreciated and applauded by all who heard it.

Before the lecture came an opening hymn, sung by the entire congregation, a brief prayer, a vocal solo, and a few words from Mr. C. Cook, the chairman of the evening, who introduced—or rather presented, as Dr. Graham was a former pastor of Calvary church—the speaker to the audience.

HOW TO CURE STOMACH TROUBLE

The Common Cause is Lack of Blood—Therefore You Must Build Up the Blood.

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nutriment, while every act of digestion, from the time the food enters the stomach and is assimilated by the blood, needs plenty of pure well-oxygenated blood. The muscles, glands and nerves of the stomach work only according to the quality of the blood.

The most common cause of indigestion is lack of rich, red blood. Not only does impure blood weaken the muscles of the stomach, but it lessens the product of the glands of the stomach, and thus becomes hot-bed of indigestion. The Bible was mutilated and distorted to fit in with these teachings; Christ was reduced almost to a myth. For at least twenty-five years Germany had been planning this war. Alsace-Lorraine, which she won from France in 1870, were but a few of the things she desired. Money, munitions, food, all had been prepared; trenches had been dug. Germany believed that France, Russia and England were all occupied with internal troubles, that none of them were prepared for war. "And think of the meanness of that nation, striking when it thought the others weakest," exclaimed the speaker. It was the Belgian army, he went on, which had saved Europe; it held back the invading hordes until England and France had time to throw their armies into the field. Britain had but small need of an army; she needed a navy to guard her shores and her colonies. The Belgian army on land and the British navy on the sea, stood in the way of Germany's world domination.

Dr. Williams' Pink Pills are sold by all medicine dealers or will be sent by mail at 50 cents a box or six boxes for \$2.50 by sending to The Dr. Williams' Medicine Co., Brockville, Ont.

NEWS NOTES

bishop Lucas, of Mackenzie River diocese, came all the way from the far north to Kingston to see his two sons, members of the 53rd (Queen's) Battery. Part of his long trip was made in dog sleds, and he slept in the open at 68 degrees below zero.

Gladys Patterson, school teacher at Pashley, Alta., was shot and killed when a rifle in the hands of Esther Nicholson, school teacher at Irvine, went off at a range of ten feet. The girls had been out walking with male escorts and the rifle was for shooting gophers.

Wood's Phosphodine, The Great English Remedy. Tones and invigorates the blood, cures nervousness, restores new blood in old veins. Cures Nervousness, Headache, Dizziness, Heart Failure, Loss of Energy, Debility, Loss of Appetite, Pale complexion, etc. One will please, six will cure. Sold by all druggists or mailed for \$1.00. One sample mailed free. THE WOOD MEDICINE CO., TORONTO, ONT. (Formerly Watson)
