C. O. F. IN SESSION

By Courier Leased Wire  
Toronto, June 20.—The Canadian Order of Foresters decided in convention here to meet next year in London. The Montreal men tried for further discussion of rates took place this morning, and though an increase to present members was voted down, it is likely a motion that new members pay standard or government rates will be adopted.

BAGGED SIX  
FOE PLANES  
IN ONE DAY

The Wonderful Record of  
Lt. Rene Fonck, Youthful French Airman

FRENCH "ALL OF ACES"  
Is Credited With Having  
Brought Down Forty-Two  
of Foe Machines

TOTAL MAY BE MORE

Paris, June 20.—(Correspondence of the Associated Press).—Lieutenant Rene Fonck, the young French "ace of aces" fought three distinct battles in the air when, on May 8, he brought down six German airplanes in one day. His record never has been equalled in aviation.

All three engagements were fought within two hours. In all, Fonck fired only 66 shots, an average of little more than nine bullets for each enemy brought down; an extraordinary record in the fact that aviators often fire hundreds of rounds without crippling their opponent.

The first fight in which Lieutenant Fonck brought down three German machines, lasted only a minute and a half and the young Frenchman fired only twenty-two shots.

Although Lieutenant Fonck is officially credited with bringing down 42 enemy planes in all, military aviators believe that he has sent down at least 60 machines. He is twenty-four years old, is cool in battle and handles both machine gun and airplane with great skill. Fonck was leading two other companions in a patrol in the Moreuil-Mouquidier sector on May 8, when the French Squadron met three German two-seater airplanes coming toward them in arrow formation. Signaling to his companions, Lieutenant Fonck dived at the leading German plane and, with a few shots, sent it down in flames. Fonck turned to the left and the attack him from behind, but the Frenchman made a quick turn above him and with five shots sent the second Hun down to death. Ten seconds had barely elapsed between the two victories.

The third Hun headed for home but, when Lieutenant Fonck apparently gave up the chase and turned back towards the French lines, the German was after him and was flying parallel and a little below, when Fonck made a quick turn, dove straight at him and sent him down within a half a mile of the spot where his two comrades hit the earth.

This ended the first engagement. Several German observation balloons had been brought down by French aviators. Lieutenant Fonck returned to his unit, waited three-quarters of an hour for the Germans to learn of that fact and send their chase planes to the scene of action. Then he, with two companions, went out to meet them. Above Montfaucon, he came upon a German plane which was regulating the enemy artillery fire, dived two thousand feet and sent the German plane to earth with a few shots. Taking refuge in a cloud, Fonck lost his two companions. Emerging from the mist to start for his own lines, Lieutenant Fonck saw before him four single-seater Pfalz airplanes protected, at 1,500 yards above, by five German Albatrosses making for the French trenches with the convolving planes leading in a two-second flight, Fonck overlooked the rear Pfalz machines, fired and saw it fall.

At the sound of his gun the two Pfalz machines in the centre of the German group turned, one to the right, and the other to the left, to attack the daring Frenchman. Fonck drove his airplane swiftly at head, and a few shots under its tail sent it down in flames and the victor off to safety, leaving the two other Pfalzes and five Albatrosses wondering what had struck the squadron.

The air fights were staged from 4,500 to 6,000 feet up. The first German fell at 4.05 p.m. and the last at 6.05 p.m.

Lieutenant Fonck used an ordinary Spad machine equipped with two rapid fire guns. He has been a pilot since 1915, passing into a chase squadron about a year ago. On the day following his six victories he was made an officer in the Legion of Honor and subsequently was promoted first lieutenant.

POLITICS AND LABOR  
St. Paul, Minn., June 20.—Political lines were being tightened today in anticipation of election of officers of the American Federation of Labor. In addition to the report on international relations, other committees reports were submitted to the convention.

President Compers, it was said, would be opposed for re-election. Secretary Frank Morrison, however, probably will have an opponent, James Wilson, chairman of the American Labor mission. Several other positions, including those of vice-presidents promise fights. Women delegates are centering their activities on naming Miss Agnes Nestor, member of the American Labor mission, to the executive council.

Three cities: Detroit, Seattle and Atlantic City, N. J., are seeking next year's convention.

SECOND TWILIGHT  
MEET A SUCCESS

Large Crowd Attended the  
Sports at Agricultural  
Park Last Night

THE PRIZE-WINNERS

Over 500 enthusiastic spectators witnessed the second and best yet twilight athletic meet at Agricultural Park last night. The B.I.R.L. gave a fine line-up for these meets which increase in popularity every week. In the cycling Vic Walker did the half-mile in 1 minute and 15 seconds. H. Jackson and H. McNeil came second and third. T. Cowell won the 100 yards men's race, with T. Blower and McCrimmon next best. Watson's scored highest in the girls' team relay, with Niagara Silk second, and Stangeby's third. The winners of the 2-mile bicycle handicap were (1) H. Jackson, (2) L. Nichols (3) C. Bonney. Jackson was cycling for the first time and won easily. More will be heard from him in special races. S. Fraser rode a special Harley Davidson racer in the 2-mile race, beating the other two contestants consenting to the "in future special machines will be barred in the ordinary meets. Fraser won the silver medal easily, though it took him a good while to get going. C. W. Hayes also entered, but unfortunately spilled in the first lap and having to content himself with a third place.

The events for next Wednesday night are scheduled as follows:  
Event 1, cycling, 1 mile boys' race.  
Event 2, girls, 60 yds. skipping race.  
Event 3, men, team basketball (8) men.  
Specials.  
Event 4, cycling, 2 1/2 miles (silver and bronze medals).  
Event 5, running, 2 mile race, men's (silver and bronze medals).  
Event 6, motorcycle and sidecar, 3 miles (two special machines), season ribbons.  
Event 7, 4 mile, special motorcycle match race. Taylor vs. Fraser.  
Event 8, half mile Ford car race (against time).  
Silver medals donated by C. J. Matheil.

The world's champion walker, George Goulding, of Toronto, has been in communication with Mr. Leo Morley, director, who hopes to secure Goulding for an exhibition at an early date.

Awakening in Regard to  
Patent Medicines Touched  
on at Convention

By Courier Leased Wire.  
Ottawa, June 19.—Delegates to the W.C.T.U. convention this morning discussed a report made by Mrs. John Scott of Montreal on the subject of medical temperance. It was asserted that certain patent medicines contain alcohol ranging as high as forty-five per cent.

Mrs. Scott, in the course of her report, quoted one of the highest medical authorities in Great Britain, the United States and Canada to show that since the beginning of the war there has been a wonderful awakening in regard to patent medicines. She expressed her profound regret that at the recent meeting in Hamilton of the Canadian Medical Congress no steps were taken in regard to this question. Quantities of literature bearing on the subject of patent medicines are being distributed among the delegates to the convention. One pamphlet which will be sent, broadcast from the headquarters of the W.C.T.U. to the provincial unions asserts that "beef, iron and wine" is an easy road to drunkenness. Questionnaires are being prepared to be sent by provincial unions to medical men in order to ascertain just where they stand on this question.

Mrs. Scott stated that the leading professors in medicine at McGill University speak strongly against alcohol as a remedial agent. "And," continued Mrs. Scott, "as long as there are people who think there is remedial value in alcohol, just so long will there be loopholes in our prohibitory measures."

Alberta has enacted a law forbidding the manufacture or sale of any extract, patent medicine or medicinal wine with more than two per cent. alcohol and the delegates from the various provinces will work to have similar legislation in their districts. If we could get these laws," said the convener of the medical temperance department, "we would soon find the sale of patent medicines drop. It is up to the W.C.T.U. in each province to take steps to secure a law the same as that of Alberta," concluded Mrs. Scott.

Mrs. Ann Gordon presented a report of the evangelistic work and Mrs. George of Quebec told of the advances by legislation and petition.

ITALIANS GAIN  
London, June 20.—News reached London this afternoon that the Italians have regained Cape Sile, the town on the left bank to the west of the Piave River, near its mouth, which was captured by the Austro-Hungarians.

It also reported that the Italians have regained all the territory between Zenson and the Possetta canal. The Austro-Hungarians, it is declared, have been confined to the ground between the Possetta Canal and the Sile Canal, on the west bank of the Piave River.

Application has been made to the Department of Justice for the liberation of "Venus" Cote from the penitentiary.

## PLENTY OF EVIDENCE.

By Courier Leased Wire

London, June 20.—Edward Short, chief secretary for Ireland, stated in the House of Commons today that there was sufficient evidence against the Sinn Féin recently arrested to enable their prosecution for treason, but that it was not desirable or necessary to institute it.

THE DUTCH PROVINCE OF LIMBURG WHICH GERMANY COVERTS  
The place lies down from the main part of The Netherlands and forms a sort of buffer between Germany and part of Belgium, as shown in the unshaded section of the map.
