## CHATHAM MAY ENTER THE LISTS

The Maple City Gun Club Will Probably Amalgamate With the Dominion Association.

Alluding to the despatch, published in yesterday's issue of The Planet, chronicling the announcement of the formation of a Dominion Shooting Association, President W. S. Richards, of the Maple City Club, expressed the willingness of the local organization to amalgamate with such an association.

"Of course our club is largely composed of young members," said Mr. Richards in The Planet this morning, "but it also comprises several crack marksmen, although they are somewhat out of practice at present. Still, I believe the club would be pleased to become a factor in the Dominion Association and we would be glad of the opportunity to enter a team in the competitions which will likely be scheduled."

"The west was not represented at the meeting at all, but I would like to see this district represented in the association. It would develop, I believe, an increased interest in marksmanship and be beneficial in every respect."

## WANTS THE BY-LAW THROWN OUT BY

The Council—Citizens, This Correspondent Claims, do not Favor it.

To The Planet.—It is reported that the city council are inclined to pass the Dowsley Spring Co. By-law, although the by-law did not receive the two-thirds vote as required by the statute. The by-law was submitted to the people under very favorable circumstances, the tax payers who are opposed to the by-law did not even publish a letter, issue a circular, or hold a meeting to express their views or to influence the vote. The 4th of April was a bright, sunny day and our roads were good, thus giving opportunity to get out every vote to support the by-law. The city council under their entire influence with the voters by mailing three different circulars to each one presenting the bright side of the by-law. No doubt many votes were collected in favor of the by-law that would not have been polled had the question been fully discussed by its opponents. Under all these circumstances the city council will submit to the will of the people and throw out the measure.

## LATE MRS. RHODY LAID AT REST

Touching Tribute Paid to the Deceased by Father James.

The funeral of the late Mrs. James Rhody took place this morning at St. Joseph's Church, and thence to St. Anthony's cemetery, where the remains were reverently laid to rest in the presence of the assembled family. The funeral services at the church were largely attended. The Rev. Father James, assisted by Rev. Father Edward Fisher, late secretary to the papal delegate in Canada, and Father Herman, celebrated High Mass.

Father James delivered his first funeral oration in Chatham over the remains. He said that death was a conversion of every mortal being, and made the rich poor, the high and the low equal. Mrs. Rhody had not always been a Catholic, but had been converted to the true faith. Her life had had its trials and troubles, but she had always come out victor, serene and happy in the faith she had embraced, and having risen superior to temporal troubles, was able to say with the apostle of the Gentiles, I have fought the good fight, and I know that Christ Jesus has deposited in heaven a crown for me.

The full choir assisted at the service; Father Gabriel took Miss Nellie Rhody's accustomed place at the organ and played well.

The pall-bearers were: James Taft, Vitel Oullette, Peter Robert, J. A. Wilson, James Gordon and James Dunn.

The casket was buried beneath flowers and foliage sent by the following friends and relatives: Cross on base, St. Joseph's church choir; wreath, little girls' choir; a cross, the family; anchor, young ladies' masquerade club, and bouquets from the following: John Waters, Ridgeway; Misses Margaret and Lizzie Stanewitz; Mrs. Mahoney and son James, Leppert; N. Y.; Hattie Mount, Adelaide McLean, Frank Richard, Maggie Dillon, Mary Downie and Edward Croft, Toronto.

Mrs. Rhody leaves a family of seven children. They are, James and Misses Monie, Maria, Agnes, Maggie and Nellie, of this city, and Sister Cecylia, of Nameth Academy, Kalamazoo, Mich.

## IT IS MAKING GOOD PROGRESS

The Work on the Piers at the Eau—What Major Gray Says.

Major Gray, government inspector of public works, returned this morning from an inspection of the work proceeding at Rond Eau and proceeded to Toronto at noon.

In an interview with The Planet Major Gray said the work at the Eau was proceeding splendidly. "The work on the west pier is almost completed," he said, "and is very satisfactory and permanent in character, making a vast improvement at the Eau. As soon as the appropriation is available—about the beginning of June—the work on the east pier will be proceeded with. The work is being done by day labor under the direction of Foreman of Works Paxton."

Major Gray also visited Kingsville and Leamington. The repair work at Kingsville is going on rapidly, he said, while Contractor Flook will commence the building of the Leamington pier to-day.
