When will the public buy? Answer, When it gets what it considers worth while goods at reasonable prices sold with courtesy. The way our customers have responded lately to all our Special Sales and Price Reductions makes it very convincing that there is an enormous demand for goods if sold below today's prices. With this idea before us we are continually adjusting prices.

On account of handling such essentials as Implement Repairs, Gasoline, etc., we realize that Wednesday afternoon closing is going to cause considerable inconvenience, so one of us will always be at the store to meet your demands.

Remember we are here to serve.

The Biggest June in Our History

This we are going to do by offering much better values than last year—Values that were impossible a year ago—Values in new and wanted merchandise that no one can afford to overlook—as well as much larger assortments.

We have just unpacked a case of Men's High Grade Worsted and Tweed Suits which start at \$31.00 and stop at \$42.50. Same qualities cost from \$15. to \$25. more only six months ago.

Ask to see our All Wool Top Coats with a heavy satin half lining. Just the thing for June evenings. Priced at a price that will sell them, ONLY \$30.00.

What do you think of being able to get the celebrated oversize Railway Overalls made of 9 oz. Denim, and fitted with high grade elastic suspenders for \$1.95? You can do it here. It certainly sounds better than the Three Dollar Price.

Also Combinations to carry in your car.

All sizes Boys and Youths Overalls, as well as a large range of Childrens Play Suits.
