

## THE OBSERVER

HARTLAND, N. B., SEPT. 1, 1921.

### POTATO CROP GOOD

Calamity howlers are thinking up something new to mowl over, for potatoes, which have been furnishing them material to more than literally chew on, are proving to be an excellent crop. Yields of 70 to 80 barrels to the acre are generally reported while many are getting 100 barrels. Several fields are producing 125 and at least one is said to be yielding 150 barrels. And the quality is of the finest. The rains of week before last came just in time to encourage the tubers to new endeavour and a good crop is resulting. The market has gone, to pieces, but this is said by shippers to be due to the first high prices offered inducing too heavy shipments of green, immature stock. There is certain to be a revival of peace when cooler weather comes. Crops other than the potato are generally reported up to the average in spite of really discouraging prospects only a few weeks ago.

### IMPROVING THE STREETS

Work on the new sidewalk along Main street from Queen south is going on and will be one of the most conspicuous and appreciable pieces of work the town has had since incorporation. If the work makes a little higher the ratepayers will see that they have got their money's worth. A large portion of Main and King streets have been gravelled and ditched and generally improved. The Rockland Road has been put in the very best condition. Recently a car was driven over this road at a speed of 40 miles an hour and the occupants said they felt scarcely a jar.

### DEATH OF D. V. BOYER IN ALBERTA

A paper from Chinook, Alberta, reports the death of D. V. Boyer, the mayor of that town. Mr. Boyer was born and lived most of his life in Bristol and went west in 1911. The paper states:

"All his life he has been associated with Christian work, and his services were freely and ungrudgingly given. Always interested in municipal affairs, Mr. Boyer became a member of the Council and served three years as mayor of the town, filling that position with acceptance to the general public. In every respect he was a useful and honorable citizen, and he was held in the highest regard by all with whom he came in contact. Deceased, who was 64 years of age, is survived by his wife and a family of five—two sons, Frank and Bert, and three daughters, Mrs. Barth and Mrs. Stickney, of Morrin, Alta., and Mrs. Merritt, of Arland, Sask."

### HARTLAND SCHOOL

The town and country schools reopened on Monday. The staff for Hartland school is: Miss Winnifred Clark, St. Stephen, principal; Miss Janie McBeath, Richibucto, 1st intermediate; Miss Annie Kingston, Havelock, 2nd intermediate; Gage Montgomery, 1st primary; Mrs. Wendell Nixon, 2nd intermediate. The first days enrolment was 175, which number has since been increased to about 200.

The five departments are accommodated in the old building. A primary department has been fitted up on the third floor, and a safe stairway leads to the floor below, from which floor are two entrances to an outside platform in the rear, with safe stairs to the ground, in case of fire.

### HOME FROM HOSPITAL

Rev. W. P. Haigh and R. W. Laskey were brought home from the Fisher Memorial Hospital on Friday. Mr. Haigh nearly two weeks previous suffered a fractured knee cap when his horse kicked him, while Mr. Laskey has been suffering for two months with a bone disease of the leg. Both have had a serious and most unfortunate time of it, but their friends and sympathizers—who are all the people of the town and surrounding country—are hopeful for their speedy recovery, although the nature of their various complaints is such that considerable time is yet necessary.

### MAY IMPORT HAY FROM UNITED STATES

The Montreal Trade Bulletin says that there is a likelihood that hay will be imported into Canada from the middle states to break the present high cost of local hay. About the only salvation farmers in many localities see is in the good price that hay is bringing. The Americans have that out Canadian potatoes and other products and the Canadian government should certainly retaliate. The American government have half-raised our farmers, and now they are asking if the Dominion government is going to permit importations that will complete the ruin.

### PERTH-LIMESTONE GAME IN DOUBT

Four Thousand People See the Great Game at Presque Isle

Presque Isle, Me., Aug. 30.—Fully 4,000 wild fans, the largest crowd that ever turned out to a baseball game in Northern Maine or New Brunswick, left the field today still in doubt as to which team, Perth or Limestone, the title of champion belonged, when the third and deciding game between them after having been interrupted twice on account of rain finally had to be called because of darkness. In all three and one-half innings were played. Perth led at the first intermission 3 to 0 and when the game was called Limestone was ahead 4 to 3.

Perth won the first game of the series at Perth, 7 to 0; Limestone won the second game at Caribou, 4 to 2; then the teams were brought together for this, the deciding game, and a side wager of \$2,000 by their supporters. Perth led 3 to 0 when play was stopped by a heavy downpour of rain; after an hour's delay play was resumed only to be stopped again by rain.

In all three and one-half innings were played when the game had to be called owing to darkness with the score at that time 4 to 3 in favor of Limestone. Paynter was in the box for Perth and Theriault for Limestone, each in fine form. The game will be played off in the near future in a place as yet not known.

### MOONSHINE PLANT NEAR WOODSTOCK

Chief Inspector Hawthorne received word that Prohibition Inspector Kirlin had located a giant "moonshine" still with five hogsheads of mash at Bull's Creek, a short distance out of Woodstock.

Inasmuch as there had been no contraband manufactured at the plant, it was turned over to the inland revenue department agents. The operators were not located but it is said that a gang were preparing to "do" the fall fairs along both sides of the Maine and New Brunswick international boundary.

### A PUBLIC NUISANCE

Many citizens are complaining of the nuisance of having the railway stock yard right in the heart of the town, among the residences. Very often the nights are hideous by the bleating of a hundred or two calves or lambs, or the squeal of swine; the odor is offensive, and the yard is much of the time repulsive to sight and hearing. It is understood that the C. F. R. will be asked to remove it to another location and that the town council will also be asked to take up the matter.

### HOME-MADE AUTOMOBILES

The Fredericton Mail notes that James B. Adams of Hartland made a trip to town in a ramabout of his own construction and that the car attracted much attention about the city. The Mail further says that Mr. Adams has the distinction of being the first New Brunswicker to drive a car of his own construction, but in this the Mail is mistaken. There are in Hartland at least two other home-made cars. Arthur McLaughlin is our pioneer car-builder and H. P. Burpee has just completed a very nice appearing one.

### SQUIRE LINDSAY OFF TO KAMLOOPS

Alex G. Lindsay, the well known parish court commissioner of Aberdeen, together with Mrs. Lindsay, Mr. and Mrs. J. F. Mulbury and Miss Alice Gilmour, enroute here on Monday for Kamloops where they intend to remain at least until spring.

### STANLEY HATFIELD REMEMBERED

On the evening of August 26 Stanley Hatfield of Peel was very pleasantly surprised when about 45 of his friends, relatives and neighbors met at his home in honor of the day, it being the anniversary of his birth. Wishing to express in some tangible way their appreciation of him they presented him with a beautiful ring, accompanied by an address to which he replied in fitting and appreciative terms.

All present seemed to enjoy the event to the fullest measure, perhaps especially so, when in the course of the evening, refreshments, in the form of cake and ice cream were bountifully served, the ladies of the party having spared no pains in providing such.

### MOTOR DRIVER WAS BLAMELESS

A verdict of accidental death was brought in at the inquest held at Fredericton Tuesday evening into the death of Beatrice Bull, 9-year-old daughter of Mr. and Mrs. Lebaron Bull who was killed by being run over by an automobile on Sunday in front of her home in University Avenue. The driver of the car, Herbert Rogers, the verdict declared, was not to be blamed for the accident.

### BASE BALL GAME TOMORROW

Base ball team will come here tomorrow for a return game with the Hartland Juniors, a team which has not lost a game this year. The game will start at sharp five o'clock. Be on hand and see it and encourage the young players.

Last evening the Hartland Juniors defeated the Bristol team 15 to 8. McAdam pitched for Hartland.

### BATH BREEZES

On August 15 Mrs. James Burke and Misses Catherine and Mary Murphy entertained a large number of their friends in the United Farmers' Hall in honor of Mrs. Edward Colton of Portland, Me., who with her son Verne and two daughters are visiting relatives and friends in this place. The evening was pleasantly passed with music, singing and dancing. The guest of honor, who is a skilled pianist, added much to the charm of the entertainment. Walter Feeney of Johnville, assisted by R. Earl of New York, played the violin. Dainty refreshments were served by the hostesses and the good time broke up at 2.30 after all spending a very pleasant time.

Miss Anna Donette and Loretta Kinfoll returned to Boston on Saturday last.

The Farmers' picnic was a success in every way. The perfect weather made it pleasant for all.

Mrs. Colman Bohan went to Grand Falls Saturday.

Rev. Mr. Watson held service in the Baptist church on Sunday. Rev. Father Donhue of Johnville also had mass here on Sunday morning in the Roman Catholic church.

Professor Newton of Boston is a caller in the village this week.

Miss Susie Reeder, R. N., of Lewiston is visiting her sister, Mrs. H. Crain.

Miss Mildred Giberson of Lewiston is visiting her sister, Mrs. A. Stitham. Mr. and Mrs. Harry Giberson and Mr. and Mrs. Archie Derrah spent Sunday at East Glasville.

The Women's Institute met at Mrs. W. Martins on Friday last.

Mrs. Mike Murphy is visiting relatives at Canterbury.

School opened on Monday with Miss Smith in charge of the advanced department, and Miss Gilland in charge of the primary department.

Mrs. G. S. Larlee was struck on the ankle by a base ball on Thursday last during the game between Juniper and Bath, and is still suffering from the injury.

Thomas Bohan and Mr. Sager of St. John are dining on Miramichi this week.

Mr. and Mrs. H. Butler and little son of New York spent a few days visiting relatives here last week.

### Catarra

Catarra is a local disease greatly increased by constitutional conditions. Dr. J. J. Cheney's CATARRH MEDICINE is a Tonic and Blood Purifier. By clearing the blood and building up the system, Dr. J. J. Cheney's CATARRH MEDICINE restores normal conditions and allows Nature to do its work.

All Druggists. Circulars free. F. J. Cheney & Co., Toledo, Ohio.
