20 YEARS OF ITCHING PILES.

Mr. Alex. McLughlin, Bowmanville, Ont., writes that for twenty years he suffered terribly from itching piles. Seven years ago he asked a druggist for the best cure for piles and was told to use Dr. Chase's Ointment. He continued this treatment until entirely cured, and as he has never had any return of his old trouble considers his cure permanent and remarkable on account of the length of time he suffered.

UNMISTAKABLE SIGNS OF CATARRH.

If you have a ringing in the ears, drooping in the throat, bad breath, headache, morning weakness, bad taste in the mouth—then it's catarrh. Use Catarrhine Inhaler four times daily and eradicate this awful disease from the system. Catarrhine kills the germs, heals the inflamed membrane, clears nose, throat and air passages by one application. Catarrhine quickly remedies the hoarseness and deafness, prevents drooping, and is warranted to absolutely cure all forms of Catarrh, Bronchitis, Asthma, and Lung Trouble. Two months' treatment costs \$1.00; trial size 25c. Druggists or N. C. Polson & Co., Kingston, Ont.

**A School of Poisoners.**  
A merciless school of poisoners once flourished in Venice. During the fifteenth century even the government of the state used poison without any disguise as a weapon. A body called "the council of ten" was appointed to determine who should be dispatched, and they dealt with the lives of princes, kings and popes as one would deal with superfluous trees in a wood. A curious document is still extant in which the proceedings of this council are recorded. It shows that one John of Ragusa prepared a selection of poisons and scale of fees. The fee varied with the importance of the victim and the length of the journey to be made for his dispatch. For poisoning the Duke of Milan he charged 60 ducats, for the pope 100 ducats, for the king of Spain 150 ducats, for the "great sultan" 500 ducats.

**Mean Advantage.**  
On attempting to question a loquacious patient one day the late Dr. Sands was irritated beyond all endurance. After vainly endeavoring to stem the torrent of gabble, he said sternly:  
"Madam, let me see your tongue. That's good. Now keep it there while you hear what I have to say to you."

Uncertain.  
"He's a queer chap."  
"Yes. Just now he was saying that nothing was certain in this world but the uncertainty of things, and you couldn't bank on that."

**The Cause of Woman's Ills**

In almost every case where woman suffers from ill's peculiarly feminine the cause is to be found in a weakened and exhausted condition of the system. The nerves are depleted and the blood thin and watery. If medicines have failed to cure, it is because the wrong treatment has been used.  
Mrs. Henry Clark, Fort Hope, Ont., states:—"I have used seven boxes of Dr. Chase's Nerve Food for nervousness and a completely run down system, and can heartily recommend it as a wonderfully effective treatment. Before using this remedy I had been in very poor health for some months. I seemed to have no energy or ambition, felt tired and listless most of the time, and could scarcely drag myself about the house. I was weak, irritable and nervous, could not sleep well, and felt discouraged about my health. Dr. Chase's Nerve Food has taken away these symptoms and given back my usual health and vigor, consequently I endorse it fully."

**Not a Compliment.**  
"Old war horse" has long been a complimentary and affectionate sobriquet bestowed on veteran political workers by their party conferees and admirers. A Washington correspondent once endeavored to compliment Susan B. Anthony, Elizabeth Cady Stanton and other women suffragists by referring to them as "old war horses." He protested that he had heard them say there could be no opposition in sex, but the old ladies kicked like young fillies, and the correspondent lost his job.

**A Tale of a Typewriter.**  
A quaint tale of a typewriter is told by an Anglo-Indian. An English judge in India, an expert on the typewriter, used it for the taking of judicial notes. The machine was taken into court, when a certain novelty was imparted to the proceedings by the click of the keys and tinkle of the bell. The prisoner was found guilty and sentenced. Promptly he appealed on the ground that instead of listening to the evidence the judge had whiled away his time by playing on a musical instrument.

**WHERE Bovril Comes From**  
In south America and Australia pasture is abundant and oxen of the finest quality are plentiful. Bovril is prepared from these oxen and the supply is so considerable as to enable the manufacturers to use the best materials at a nominal cost. It is prepared by a special process, which ensures the retention of both the stimulating and nourishing properties of the beef, thereby differing from ordinary meat extracts or beef tea, which merely stimulate without nourishing.
