## JAPANESE BELL BOYS IN BOSTON

Displacing Negroes—Yellow Men Attend Night School at the Same Time.

BOSTON, Saturday.—The North End, hitherto a stronghold of the colored population, is now being invaded by a new race. The Japanese bell boys, who are attending night school at the same time as the Negroes, are displacing them in the market.

These boys are now being employed by the Japanese community in the North End. They are working as bell boys, and are displacing the Negroes in the market. This has caused a great deal of trouble for the Negroes, who are now being displaced by the Japanese.

They are the first Japanese bell boys to be employed in the North End. They are working as bell boys, and are displacing the Negroes in the market.

## JAPAN LEADS IN EDUCATION

Industrial Schools Turning out Thousands of Trained Men. Every Year.

THE YELLOW PERIL

Commercial and Economic as well as Military and Naval.

Japan is leading the world in education. Her industrial schools are turning out thousands of trained men every year. This is a great achievement, and it is a source of pride to the Japanese people. The Japanese government has made a great deal of money in the last few years, and it has used this money to build up its educational system. This has resulted in a great increase in the number of trained men in Japan, and this is a great advantage to the Japanese people.
