

Bowel Troubles

Liver pills, cathartics, mineral waters, often make Constipation worse. They merely irritate the bowels and force them to move—stop taking purgatives and the bowels become "tight" again.

"Fruit-a-tives" are the one certain cure for Constipation

because their action is upon the liver. "Fruit-a-tives" are a liver tonic. They stimulate the secretions of bile by the liver, this bile causes the bowels to move in the natural, regular way and completely cures Constipation.

"Fruit-a-tives" are fruit juices with tonics and antiseptics added. In "Fruit-a-tives" one atom of bitter replaces one atom of sweet in the fruit juices, forming a new compound which is many times more active, medicinally, than the fruit juices could possibly be. 50c. a-box—\$2.50 for 6 boxes. At all dealers.

RAILWAY HORROR**Collision on Baltimore & Ohio R. R.**

FIFTY-THREE DEAD

And many more will likely Succumb—Heartrending Scenes

WASHINGTON, Dec. 31.—The Baltimore and Ohio wreck at Terracotta last night grows in magnitude as the hours pass. The most conservative estimate of the dead tonight is fifty-three, with three score of injured in the hospitals or at their homes suffering from wounds and fractures sustained in the rear end collision which completely demolished the two day coaches and the smoker attached to the local Frederick (Md.), express No. 66.

Several of the most seriously injured are expected to die during the night and the death list may reach sixty or more. Heartrending and pitiful were the scenes at the city morgue today where hundreds of persons flocked to assist the police in the identification of the dead. Women, girls and even men with iron nerves shrieked, sobbed and fainted as their relatives or friends were found among the thirty-two corpses strewn about the floor. Coffins, wicker baskets and winding sheets were found on all sides. It was a day never to be forgotten.

Officials of the Baltimore & Ohio railroad are conducting an investigation of the wreck in Baltimore for the purpose of placing the responsibility for the terrible disaster.

General Superintendent Todd exonerated Milton Phillips, the operator at the Takoma block station, the last signal station that the equipment train passed before crashing into the passenger train at Terracotta. The superintendent declared that Phillips was obeying the instructions when he went home at 6.30 o'clock leaving the "double green" signal burning.

While making no positive charge Superintendent Todd intimated that the burden of the blame would fall upon the engineer and crew of the extra. The five members of the crew who were arrested shortly after the accident, are now being held to await the result of the official investigation. They are Harry Hildebrand, engineer; Ira O'Connell, fireman; Frank F. Hoffmeier, conductor; Ralph Rutter, brakeman, and William A. Norris, baggage master.

Gazing vacantly between the bars of his cell at the police station Engineer Hildebrand is too full of emotion to make any definite statement. "It will all come out at the investigation," he said. "I don't believe that there is anything for me to say, and I could not say it if there was."

ENGINEER CONTRADICTION
Before he was arrested the engineer made a statement to the

Associated Press in which he declared that if the danger signal light was displayed at Takoma he failed to see it on account of the dense fog.

Milton W. Phillips, the operator who is also held a prisoner at the Tenth precinct, said today that the equipment train ran past his danger signal at a speed of from fifty to sixty miles. He says there was a heavy fog but not enough to hide a red light. He declares that he immediately notified the operators at University Station that the train had taken the block against orders. His statement is corroborated by the University Station operator who says he received the message. Policeman J. T. Kennedy, stationed at the Takoma Park, will testify that he saw the signal light in its proper place and that Hildebrand drove past the signal. Fred Lankum, gatekeeper at Takoma, makes a similar statement.

C. W. Galloway, general superintendent of transportation, of the Baltimore & Ohio, exonerated the company from all blame, and put the responsibility on the engineer of the equipment train or the operator at Takoma Park block.

"If the coroner's jury fails to hold the engineer or the block operator," he said; "we shall not consider the matter settled. We shall go to the bottom of the wreck. This horrible catastrophe could have been avoided. Some one is responsible and we intend to leave no stone unturned until the responsibility has been fixed. The Takoma block system was installed two years ago and is the safest known to railroad men."

The Grip.

"Before we can sympathize with others, we must have suffered ourselves." No one can realize the suffering attendant upon an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip, however, may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy, not one case has ever been reported that has resulted in pneumonia or that has not recovered for sale by All Druggists.

THE LUMBER TRADE.

(OTTAWA CITIZEN.)

There has been a remarkable falling off in the exportation of lumber from Canada to Great Britain during the past six years. In 1900 the exports from Montreal amounted to 226,995,857 feet. This year it was decreased to 145,795,423 feet which is over ten million less than last year. The explanation is that more is being sold in Canada and the exports to the United States have also very much increased. The price of lumber is so high in Ottawa at the present time as to create curious surmises as to what prices may be at points distant from the area of production. Contractors have to pay as high as \$70 a thousand for choice lumber, while very ordinary grades bring nearly half that figure.

Piles get quick relief from Dr. Shoop's Magic Ointment. Remember it's made alone for Piles—and it works with certainty and satisfaction. Itching, painful, protruding, or blind Piles disappear like magic by its use. Try it and see! A. McG. McDonald

Maple Leaf Rubbers

"I want you to see that the 'Maple Leaf' is on the next pair of rubbers you buy."—Winifred from "the old woman who lived in a shoe."

Buy a pair and you'll be so pleasantly surprised you'll tell the good news to your friends.

Made of finest grade of Para gum, which makes the toughest, most waterproof rubbers in existence.

Truly astonishing wear-resisters. And yet so light and neat.

The Maple Leaf Brand

LOOKS LIKE FOUL PLAY**Man named Collins Arrested in Connection with a Halifax Death**

Halifax, Dec. 28.—A few days ago William Snow was drowned in the dock off Cunard's wharf, and it was first thought to be a case of accidental death, but since then rumors of foul play are prevalent. Detective Harrihan went to Mulgrave for a man named Michael Collins, suspected of knowing something about the affair. As far as the police can learn, Snow was on Water street on Monday night, and in a saloon had words with a man. Snow left the place shortly after and his antagonist also left in a short time. They later had a scuffle on the street when the deceased lost his life. He ran down to the wharf pursued by his antagonist. Witnesses saw the scuffle and followed to see what would occur on the wharf, but saw Snow in the water and the quartermaster of the Mina throwing to him a rope, which he did not appear to see. Collins, the party who has been arrested at Mulgrave, is said to have been seen coming up the wharf after the drowning. Witnesses of the scuffle were taken to the station yesterday to tell what they know of the occurrence. In another quarter their seems to be an inclination to keep any information from the police, but another method will now be used to get information in that quarter.

A Jamaican Lady Speaks Highly of Chamberlain's Cough Remedy.

Mrs. Michael Hart, wife of the superintendent of Cart Service at Kingston, Jamaica, West Indies island, says that she has for some years used Chamberlain's Cough Remedy for coughs, croup and whooping cough and has found it very beneficial. She has implicit confidence in it and would not be without a bottle of it in her home. Sold by All Druggists.

NORTH SHORE ROWDIES GET INTO TROUBLE.

Bathurst, Dec. 26.—I. C. R. Police Inspector D. A. Noble was in town Monday and had Nicholas Bertin, of Bessford, before Justice O'Brien on a warrant charging him with causing disturbance on No. 40 train Saturday night 22nd. It appears he and another man got into a fight, and broke a seat and a window, besides using very bad language. He pleaded guilty and was remanded until Thursday the 27th for trial. Mr. Noble also laid charge against Wm. McDonald, who was taken off said train and locked up at Bathurst Saturday night by Officer Chamberlain for causing a disturbance on said train. He pleaded guilty and was fined ten dollars.

It's a pleasure to tell our readers about a Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough remedies. Dr. Shoop, it seems has welcomed the Pure Food and Drug Law recently enacted, for he has worked a fine, guilty and was remanded nearly 20 years Dr. Shoop's Cough Cure containers had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by simply insisting on having Dr. Shoop's Cough Cure. Sold by A. McG. McDonald

SHOWS FURTHER DECLINE.

Paris, Dec. 19.—France's birth rate still continues to decline. The official statistics for the year 1905 are: Population 38,961,943; marriages 302,623; divorces 10,019; births 807,391 and the deaths 770,171. The births exceed the death only by 37,120 which is one third less than in the year 1904. The increase of the population is 10 per cent. as compared with 15 per cent. in 1904 and 79 per cent. in 1903.

Dangers of a Cold and How to Avoid Them.

More fatalities have their origin or result from a cold than from any other cause. This fact alone should make people more careful as there is no danger whatever from a cold when it is properly treated in the beginning. For many years Chamberlain's Cough Remedy has been recognized as the most prompt and effectual medicine in use for this disease. It acts on nature's plan, loosens the cough, relieves the lungs, opens the secretions and aids nature in restoring the system to a healthy condition. Sold by All Druggists.

Get It Quick!

Pain calls for "Quick Action." When the sufferer grows weak and exhausted through pain only one thing will give relief—and that is the elimination of the pain. Easy to say but how can pain be quickly relieved?

JOHNSON'S ANODYNE LINIMENT

is the answer. For almost every pain from head to foot, whether it be burn, scald, bruise, strain, sprain, muscular soreness, you'll want Johnson's Anodyne Liniment and "want it quick." The remedy's there all right. Used for over 96 years. Athletes, workmen and mothers say it's the finest liniment there is. Maybe your turn will come next. Be prepared—25c and 50c everywhere.

Boston, Mass.

Eow's Your Liver?

A look in the glass will tell you. If your skin be sallow, eyes dull, face bagged, ten to one it's your liver. There's a way out of it—a gentle, pleasant way—

Parson's Pills

They won't overwork you nor encroach on your sleeping time. They stimulate the liver to gentle action, assist it to perform its functions, help it to throw off all impurities that clog the system, and give you a good start to better health, look, and spirits. Physicians say that Parson's Pills are all right, so don't be afraid to take them. They're purely vegetable and harmless. 17c a bottle, or 5 bottles for \$1.00.

PARSON'S PILLS
I. S. JOHNSON & CO.,
Boston, Mass.

Messrs. H. A. Pitman, of Boston, and I. B. Rogers, of Dedham, Mass., have just completed a very enjoyable outing of three weeks at Charles Cremant's camp on the head waters of the Restigouche and Upsalquith Rivers. Mr. Pitman, who has made many hunting trips in New Brunswick, had plenty of chances to shoot a moose, but none that he saw had sufficient antlers spread to suit his fancy, and he contented himself with knocking over a nice caribou. Mr. Rogers, however, succeeded in bagging a moose, caribou, and a deer, all good specimens of their kind. Many sportsmen who have hunted in the north sections of New Brunswick this season have remarked on the surprising scarcity of caribou, and deer, and the explanation offered by the guides was that the animals must have migrated earlier in the year to the high country near the source of the great rivers in the north-western part of the province. The experience of Messrs. Pitman and Rogers would seem to bear out the opinion of the guides for in the short space of four days they were privileged to see three hundred caribou. In a single herd they counted fifty-three of these magnificent animals and were able to approach within a few rods of them. It was a grand spectacle and one which seldom falls to the lot of sportsmen in this country. —Fredericton Herald.

Sansom was much surprised at the ease with which he brought down the temple.

"I declare," exclaimed the strong man, from the way that structure toppled over one would have thought it was the Chicago city hall."

TAKE NOTICE.
We publish simple straight testimonials, not press agents' interviews, from well known people.

From all over America they testify to the merits of MINARD'S LINIMENT, the best of Household Remedies.

Miles—DeRanter, the actor, lost \$500 speculating in sugar stocks last week. He says it was cured by his gambling.

WEEK TIRED WOMEN
How many women there are that get no refreshment from sleep. They wake in the morning and feel tired when they went to bed. They have a dizzy sensation in the head, the heart palpitates; they are irritable and nervous, weak and worn out, and the lightest household duties during the day seem to be a drag and a burden.

MILBURN'S HEART AND NERVE PILLS
are the very remedy that weak, nervous, tired out, sickly women need to restore them the blessings of good health.

They give sound, restful sleep, tone up the nerves, strengthen the heart, and make rich blood. Mrs. C. McDonald, Portage la Prairie, Man., writes: "I was troubled with shortness of breath, palpitation of the heart and weak spells. I got four boxes of Milburn's Heart and Nerve Pills, and after taking them I was completely cured."

Pries 50 cents per box or three boxes for \$1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont.

It's the Kidneys
Close the sewers of a city and an epidemic rages. The kidneys are the sewers of the body. Let these vital organs become diseased and the whole system is affected, dizziness, headache, dull, listless feeling, shooting pains in the back, tell that the kidneys are in trouble, and a

neglect of nature's warning means uric acid poisoning and dreaded Bright's disease.

GIN PILLS
make kidney healthy. They instantly relieve all kidney troubles—dizziness, head, purify, strengthen, put the kidneys in perfect condition to perform their work as nature intended.

We have such hospital confidences in virtues of GIN PILLS that we authorize druggists to refund the money if they fail to cure. See a box, 6 boxes for \$2.00. Sample box free—insertion this paper.
