

Cheap Tea is Dear Tea

SO declared the mother of a small family not long ago—

—And proved the statement true by simply relating her tea experience.

"I used a 30c. Tea for years," she said. "One day the Grocer asked me to try a 40c. package of Red Rose—he told me it was better Tea. I found it better Tea, and—before I had quite finished the first package I thought it made more Tea. The second pound I used with care—

—And found out that less Tea in the Pot made a richer, finer-flavored Tea, if you know what I mean."

We know exactly what this lady meant—

—40c. Red Rose Tea is a richer, stronger Tea, more delicately flavored.

The 30c. variety makes about 150 cups—

—Whereas the 40c. Red Rose Tea makes about 200 cups.

So—You might as well have better tea for the same cost in the long run.

There are several grades of Red Rose Tea selling at different prices, but the 40c. grade seems to please best. It is not only fine quality but goes farther.

CRITICAL TIME OF WOMAN'S LIFE

From 40 to 50 Years of Age. How It May Be Passed in Safety.

So, Wellington, B.C.—"For a year during the Change of Life I was all run down. I was really too weak to walk and was very despondent and thought I was going to die, but after taking Lydia E. Pinkham's Vegetable Compound and Blood Purifier my health and strength returned. I am very thankful to you and praise your medicine. I have advised several women who suffered as I did to try your remedies. You may publish this if you wish."—Mrs. DAVID R. MORRIS, South Wellington, Vancouver Island, B.C.

No other medicine for woman's ills has received such wide-spread and unequalled endorsement. We know of no other medicine which has such a record of success as has Lydia E. Pinkham's Vegetable Compound. For more than 30 years it has been the standard remedy for woman's ills such as inflammation, ulceration, tumors, irregularities, periodic pains and nervous prostration, and we believe it is unequalled for women during the period of change of life.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

CAMPBELLTON TRIMS BATHURST

The Famous Tin Horn Changes Hands.

[Campbellton Graphic.] Last Friday the mighty men of Bathurst paid their annual visit to Campbellton, and were royally welcomed at the Curling Rink. The visitors brought with them four rinks to defend the title of "Tin Horners," but alas! they had to admit defeat and leave the precious trophy in the covetous hands of the Campbelltonians. All the games were splendidly contested, the ice being *tricky* and playing havoc with many a well-intentioned shot. At the last end Bathurst required three to tie and four to win, but Thibideau's last stone did no damage, and Wilson managed to hold his end up, giving Bathurst one point only. When Skip Thibideau was ready to play his last stone, many and fervent were the prayers murmured. Not that we wished him any harm, but "tha! he might break his leg, Amen." After the games the visitors and members sat down to a sumptuous banquet and an enjoyable evening spent.

Scores in the Matches:

Campbellton	Bathurst
Wran 17	Stout 14
McKendrick 11	McKay 12
Wilson 14	Thibideau 16
O'Keefe 16	McIntosh 11

Majority for Campbellton 2 shots. The second medal series is well under way, the first round being nearly finished. The skips, who were in the first series, now play mates in this; and some of them would seem to be qualifying for the ministry, their exhortations being persuasive and at times very profound. When all else fails they shake their heads and in a disgusted tone, call to the weary novice, "Play on the broom—"

LORD KITCHENER IS PRAISED

All Classes of the Egyptians Praise the British Agent on Account of His Very Liberal Attitude.

(Publishers Press News Service) Cairo, Egypt. — The new British agent continues to inspire the liveliest satisfaction among all classes of the Egyptian population; and a recent leading article in the semi-official journal *Ahali* not only points to this fact, but contains a rather piquant reference to the mixed feelings excited by Lord Kitchener's appointment.

"It was Egypt's good fortune," says the journal, "to be given such an excellent British agent as Lord Kitchener, a man of whom we were afraid and whom we supposed to be a rigid conservative." "This belief appears, however, to have been deceptive, for the article goes on to admit that his lordship really appears to be the generous friend of Egypt and of the Egyptians, and more liberal than the Liberals." Finally the journal states that "if he continues to maintain the attitude he has adopted since his arrival here, he will be the truest servant of Great Britain, whose interests require that he should have the friendship and confidence of the Mohammedan people."

FORCED TO WED BY GUN.

SHE SAYS. New York. — Miss Miriam Henneque, 24, in vaudeville as "The Greek American Beauty" says she's going to leave the particular Dickens with the Hammerstein family.

In private life she is Mrs. Abraham Hammerstein, daughter-in-law of the

Mrs. ABRAHAM HAMMERSTEIN. Impassioned. The other day she appeared in court and asked for three warrants against her husband, charging bigamy, non-support and attempted murder.

Mrs. Hammerstein explained her request for the attempted murder warrant by saying that she was forced into marriage at the point of a gun.

ARE YOU A MAN?

No "Life Like a Gentleman" in this Man's Code: He Tells on Woman Boastfully.

Chicago. — "Are you a MAN?" retorted Attorney Erbstein of Harry Gilmore, debonair automobile salesman, witness in the Morrow murder case, Gilmore hung his head. "That's all," blundered the accusing lawyer.

A few minutes before, Gilmore had told of an "affair" with his former lady, Mrs. Rea B. Morrow, prominent clubwoman, author, and who was charged with the murder of her husband. He had unblushingly and frankly, even boastfully, referred to the wife of Dr. Morrow, the "big red inventor."

"I am refused to 'perjure himself' like a gentleman to save a woman's honor." Not only did he betray Mrs. Morrow's alleged confidence in him at the utmost, but he revealed the names of other women who he said and granted him favors.

Chicago clubwomen denounce Gilmore's conduct. Mrs. F. W. Jones, president Chicago Press League, said: "Could anyone believe what such a man would say? The very fact that he said it would show what he is, whether it is true or not. I have long recognized the man for the immoral politician, for a man who would go to any lengths to get his own ends. He is a disgrace to the city and to the profession of law."

THE AMAZON GUARD. — Sam is one of the few countries which boast of a corps of women police. The members of this Amazon Guard are all old and ugly. They wear uniforms, though they are not armed. The chief duty is to act as gate keepers of the inner, or "palace," of the city of Bangkok. They follow any stranger who enters the palace, and remain with him until he takes his departure. They see that there is no mischief made, and that no one makes love to the royal wives and concubines. Men who have business inside the palace—doctors, architects, carpenters, electric light fitters, etc., enter the palace freely, but are always accompanied by some of the Amazon Guard. The palace has some difficulty in recruiting these guards, as the work is hard and the pay poor, and the qualification—uncomplimentary.

If old age pensions were granted to this country few women would be likely to apply for them.

You will be proud of the bread you'll make with PURITY FLOUR

AFTER seeing a batch of big, golden-crust, snowy-white loaves, that you have baked from PURITY FLOUR, you will, indeed, be proud of your cooking-ability—and proud of your wisdom in deciding to pay the little extra it costs to procure such high-class flour. You will admit, too, that we are justified in the pride we take in milling this superb flour.

PURITY FLOUR
"More bread and better bread"

PURITY FLOUR is milled exclusively from the best Western hard wheat—the world's finest. More than that, PURITY FLOUR consists entirely of the high-grade portions of the wheat. The low-grade portions are separated and excluded during the PURITY process of milling. Such high-class flour, of course, expands more in the baking. It makes "more bread and better bread."

It makes lighter, flakier pastry, too, if you just take the precaution to add more shortening. On account of its unusual strength PURITY FLOUR, for best results, requires more shortening than ordinary flour.

Progressive dealers, everywhere, sell PURITY FLOUR and take pride in recommending it.

Add PURITY FLOUR to your grocery list right now.
