YES! MAGICALLY! CORNS LIFT OUT WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freestone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.
A few drops of this new ether compound applied directly upon a tender, itching corn, relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.
This new way to rid one's feet of corns was introduced by a Chathamian man, who says that, while freestone is sticky, it dries in a moment, and simply shrivels up the corn without burning or even irritating the surrounding tissue or skin.
"Don't let father die of infection or lockjaw from whitening of his corns, but lift this out and make him joy in."

Drastic Measures Adopted in Australia Regarding War Loans

Melbourne, Oct. 15—Hon. William Alexander Watt, acting prime minister and federal treasurer, explaining to the representatives in the federal parliament the bill for providing for compulsory subscriptions to the commonwealth's war loans, said the government could not risk any failure which would mean leaving still further upon imperial aid which had already been asked to do much. Therefore all persons whose taxable income exceeded £250 sterling yearly would be compelled to subscribe a sum equal to six times their yearly income tax. The government was well aware that many who were able to lend had not yet subscribed whilst others had not subscribed enough. All non-contributors would be liable to substantial penalties.
Under the federal scheme of compulsory contributions to the war loans companies and other bodies in case of income from property. The federal government has taken over all woolen mills.

IN FLANDERS FIELDS

In Flanders fields the poppies blow
Between the crosses, row on row
That mark our place, and in the sky
The larks still bravely singing fly,
Scarce heard amidst the guns below
We are the dead. Short days ago
We lived, felt dawn, saw sunset glow
Loved and were loved, and now we lie

In Flanders fields.

Take up our quarrel with the foe,
To you from falling hands we throw
The torch—be yours to hold it high;
If ye break faith with us who die,
We shall not sleep, tho' poppies grow
In Flanders fields.

—Lt. Col. Dr. John McCrae.

REQUIESCANT IN PACE
Know ye, who slumber row on row
America's ALL will she bestow!
We've caught your Torch—will hold it high—
We'll ne'er break faith with those who die

For Liberty!

Though we, too lie where poppies grow
In Flanders fields.
—H. H. Bailey.
