## Premier Given Enthusiastic Reception at Turo

Trump, N. B., Aug. 24—Crowds that overflowed the Princess Theatre and spread out into a nearby hall heard Premier Arthur Meighan, Hon. Hugh Guthrie, Minister of Militia, and Hon. F. B. McCurdy, Minister of Public Works, expound the policies of the new national Liberal and Conservative Government here tonight and show why, in their judgement, the last named should be returned over Hugh Dickson, United Farmers' candidate, in the Colchester by-election of September 20.

Premier Meighan occupied the greater portion of the time at the Princess Theatre meeting, held simultaneously with the overflow meeting, with a review of the achievements of Premier Borden's wartime administration and a discussion of the party's plans for the future. He was tendered an ovation upon arising, spoke in fine form, but was most effective perhaps in criticism of the Farmers' attitude towards the present government. Quoting from a resolution, passed at the meeting of Colchester Farmers, which nominated Mr. McCurdy's opponent, he said: "It was stated that the corruption of the Unionist Government was a stench in the nostrils of the common people of Canada," he declared that the person who had phrased the resolution was either totally ignorant of the actual record of the Unionist Government, or else had wistfully called the English language during the past three years, but one change had been brought before the Public Accounts Committee, made up of Farmers and Liberals as well as Unionists, and this was found to be wholly groundless. Mr. F. A. Crane, the leader of the Farmers' Party, was a member of its audience, and he ventured to say that Mr. Crane would state, if invited to do so, that he knew of no cases of "corruption."

The fifteen members of the Farmers' Party at present in the House knew nothing of any so-called corruption since they had never brought this matter to the attention of the House. They knew of no corruption or else they did not possess the capacity to expose it in the House. In either case he did not think it would help matters very much to add another Farmer to the present House. Hon. Hugh Guthrie devoted considerable portion of his time to a discussion of the reasons which had induced him to join with the Government upon the abdication of Premier Meighan and extended an invitation to all Liberals to rally to the support of the administration, which he said was big enough and enterprising enough to honor all irrespective of race or creed.

Hon. F. B. McCurdy explained the law which required him to seek re-election on his appointment as Minister of Public Works and dealt briefly with the candidature of his opponent.

### Expeditionary Force No More

Ottawa, Aug. 25—The Canadian Expeditionary Force is no more. The fourteen N. C. O's who were employed to conclude the statistical work of the army yesterday, wrote "30" on the concluding page of a mass of records covering every unit and every man who ever donned the Canadian uniform.

Just the number of records kept of every individual man would come as a surprise to even the soldiers whose records they are. The military department has original and duplicates of about twenty-one army forms relating to everyone who served.

Asked what was going to be done with the thousands of apparently useless books and army forms, a military department official stated that they would be carefully preserved and locked away.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions, and therefore requiring constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

### The Value of Advertising of and for Live Stock

To the well known, established, breeders of live stock any advice on the value of advertising is superfluous or in the large majority of cases it has been by proper advertising of high class goods that they have built up their business. The purpose of this article is to call the attention of the amateur breeders, the beginners in the business, to the possibilities in advertising any live stock which they may have for sale. For example every year at the Central Experimental Farm, Ottawa, there is a deluge of enquiries as to the possibility of purchasing young animals of the various classes of live stock. Needless to say the Farm is unable to fill all wants for obvious reasons such as being sold out of the particular class of stock wanted; not having animals of age or sex wanted; and not keeping representatives of the breed wanted. In an endeavour to assist correspondents to locate the animals they wished to purchase the Farm has been forced to sometimes go late that breeders right in their own vicinity had animals of the class of stock wanted for sale, but as they had not been advertised for sale nor had the intending purchaser advertised his wants, both parties missed a chance to do business which would have benefited both.

From the above it would seem that a more extended scheme of advertising on the part of breeders who are either in need of or wish to dispose of stock would be profitable for all parties concerned. A small notice in the proper column of the local paper or in one of the farm papers which is popular in the district would serve the desired purpose quite adequately. If the number and quality of the animals warrant it, a larger advertisement with an illustration would be in order.

Advertising is of course of particular value in disposing of breeding stock or animals not in condition for sale on the regular market. The writer has in mind one particular class of stock, namely, good pure bred dairy bulls of good quality and known to be breeding good stock. Many of these find their way to the butcher every year when it would be much to the advantage of the breeder as well as to the farmer disposing of them and lucky enough to get them, if they were kept for further years of service. A little timely advertising would in many cases accomplish this end.

Timely advertising must be more or less seasonal. The greatest demand for dairy cattle and swine breeding stock is usually in the late winter and early spring, while sheep are more in demand in late summer and fall. Plan the advertising to meet the seasonal requirements and it can then be done most economically.

### Pains About the Heart

ANY derangement of the heart's action is alarming. Frequently pains about the heart are caused by the formation of gas arising from indigestion.

Relief from this condition is obtained by the use of Dr. Chase's Kidney-Liver Pills.

Chronic indigestion results from sluggish liver action, constipation of the bowels and inactive kidneys.

Because Dr. Chase's Kidney-Liver Pills arouse these organs to activity they thoroughly cure indigestion and overcome the many annoying symptoms.

### England Faces an Industrial Crisis

Lord Beaverbrook Arrives in Canada Pessimistic

Montreal, Aug. 25—In an interview here today Lord Beaverbrook, proprietor of the London Daily Express, who has just arrived here from New York, stated that the threatened coal strike was incomparably the most important question in England today. "We are faced with the most serious industrial crisis in the world's history," he added that no one seriously doubted that the strike would take place and that the situation in England was being with political and social danger.

He stated that Premier Millerand's prestige had been increased immensely by the Polish victories and that he now directed the European policy of the Allies.

### Methodist Church Annual Conference

ACTING UNDER instructions from the last Annual Conference, the Standing Missionary Conference met and arranged a schedule of District Conventional Conferences to be held in connection with the forthcoming Financial District Meetings.

The Rev. S. W. Dean, General Secretary of the Department of Finance of the Methodist Church and the President of Conference, Rev. D. R. Chown, B. A., will attend each of these Conferences and the Superintendent of Missions, Rev. G. Steel, will be present at as many as possible. The following subjects will have special emphasis at each of these Conferences: (a) "Renewal of specific effort in each local church in further pursuit of the spiritual aims set forth in the Methodist National Campaign." (b) "Presentation and consideration of work and needs of the Connexional enterprises of the Church, with definite plans for securing adequate financial support."

The conference for the Chatham District will be held at Newcastle on Wednesday, Sept. 2nd at 2.30 p. m.
