Gift Granny

Someone should start a campaign that has for its slogan: "Buy a Christmas Present a Day" Buy all of your Christmas presents while you still have time to remember that pink isn't becoming to Susie, and that Jack detests stripes and that Aunt Abigail sniffs disdainfully at any gift that isn't "practical"

You'll be glad you did, Christmas won't seem nearly so expensive for one thing, and for another, you'll be quite sure that what you have bought is exactly the appropriate thing, a well chosen gift should be.

However, to clear the path of difficulties, we devised a plan to aid you in selecting the gifts your friends or family want—we are the Santa Claus for grown ups.

We won't coax!— you to help you!

Tell our 'Gift Granny' and she'll tell your family or friends what you want most for Christmas, come in and we'll explain.

To tell you the present, with description, color, sizes, etc., that your family or friends would like to receive from you, would be great service would'nt it? No more wondering over their conversation for the past year as to what they "wish they had" you will have it

When You Need It, In Black and White

and so far as possible we will give the items to you in their own hand writing.

There is no mystery about it, just a plan to aid you in giving the greatest happiness to those in whom you are most interested.

The Gift You Make Yourself

The loving thought and care you spend in working out a bit of embroidery stitch by stitch will be appreciated by the recipient far more than the dollars that might be spent on a gift of a less personal nature. Incidentally, fancy work will prove a very pleasant pastime for the long evening hours.

In our "Art Section" you will find hosts of lovely things ready made and stamped for embroidery. There are Pillow Cases, Nightgowns, Bed Spreads, Card Table Covers, Cushions, Scarfs, Runners, Centres, Aprons, Baby Rompers, and many other little things that would prove a great and inexpensive gift to give. Needle workers all agree that our "Art Section" as young as it is, shows the finest materials and styles and the very best workmanship.

Like Peaches in August!

Say what you will about Peaches kept till Christmas, there's nothing to equal their taste when taken fresh from the branches and eaten with the sun still shining on them.

So with tea.

The new crop has just been gathered in the gardens of India and Ceylon—and it's the most delicious in decades. Blue Bird's the first to offer you this new crop because, being the fastest selling tea by far, it has disposed of the last season tea and is offering you the fresh, crisp flushes as fast as they come to Canada.

Taste the new tea in all its freshness—ask for

Bathurst Is Strong For Hockey

At a meeting of the Bathurst Hockey Association held last week it was decided to organize a club for the carrying on of the game in that place during the coming winter. Officers were elected as follows:—President W. B. Stanton; vice president, W.G. Fenwick; secretary treasurer, H. O. Schryer; manager A. Audit.

Bathurst is not discouraged by an unfavorable showing last winter and it is expected that the team this year will get into the winning circle. It has a team entered in the N. B. and P.E.I. League, and will also have a local league in which three teams are expected to enter.

Chatham Rink May Not be Opened

It has been reported that there would be no games played at Chatham this season owing to the fact that the management of the College Rink had decided to use the rink for College purposes only. While the rink may not be open for public skating, we are informed that it will be available to the Hockey Club for practice and matches.

Chatham will have a hockey team in readiness for the opening of the schedule, despite the handicap of the loss of several members of last year's team, who have removed from Chatham.

REQUEST OF PUBLIC WORKS COMMITTEE

The rule "Turn to the Right", comes into effect on Friday of this week, December 1st. On and after that date all vehicles and pedestrians must keep to the right. The Public Works Com. of the Town of Newcastle requests that the merchants of this town who have delivery teams would instruct their teamsters to keep to the right of the streets throughout the town, leaving the centre free. In this way, our streets would have two distinct roads, which would do away with any turning out whatever. The Public Works Com. will give all assistance in their power to carry out this method, and the merchants who have delivery teams are requested to assist in this matter, because of the fact that they are usually the ones who first break out the roads after a storm, and if the teamsters would keep this idea always in their mind, no difficulty in having two roads throughout the winter months would be met. If once tried the advantages would soon be realized while better roads and easier driving would be the result.

St. John Contracts For Max. 15,000,000 K.W. of Hydro

St. John, N. B., Nov. 24—The contract between the city of St. John and the N. B. Electric Commission for a minimum of 10,000,000 and a maximum of 15,000,000 kilowatt hours of electric current per year from the provincial development at Musquash was signed today by representatives of the city and the committee.

Payments under the contract will not begin until May 1 next as it is not expected that preparations for the use of the current in the city will be completed much before that date.

Today also Mayor Fisher mailed to the N. B. Power Company an offer to purchase the entire property of the company including electric light, power and street car equipment and gas plant at a fixed figure. If the offer is not accepted within ten days preparations will be made at once for the erection of a civic system for the distribution of current for light, heat and power.

Scheme of Confederation Has Been Agreed Upon

Halifax, Nov. 22—Representatives of the Universities of Acadia, Dalhousie, Kings, Mount Allison, Pine Hill and New Brunswick, the Roman Catholic archdiocese of Halifax and the government of Nova Scotia today agreed upon a scheme of federation which while not binding upon the constituencies of each, would in their judgment meet, the requirements of all. In addition to the above announcement given out at the close of the concluding session this afternoon the two day's committee meeting held at the Province Building here it was stated that the scheme agreed upon would be in the hands of all members of the general conference by November 28, two weeks before the scheduled meeting of that body on December 12. It will be the duty of the conference to pass on the scheme agreed upon today, for submission to the governing board of

WOULD BURN ALL GIRLS' COLLEGES

New York, Nov. 23—Alonso B. See, head of a big elevator company would burn all women's colleges to the ground and put all college girls at hard manual labor for a year "to put into their heads some little trace of sense."

Mr. See expressed his spleen against these institutions for higher learning for women in responding to a form letter appeal from Adelphi College of Brooklyn, in which borough he lives, to contribute toward a \$1,000,000 endowment fund. His reply read:

A. B. See Electric Elevator Co., Nov. 17, 1922

Adelphi College:
Gentlemen:

I have received a copy of your letter asking me to subscribe to a fund for a new college building.

If I had my way I would burn all the women's colleges in the country. The young women of our country do not need to be educated, but the education they need is to leave off smoking cigarettes, stop using slang, stop their swaggering, give up their bold and brazen manner, their paint and their powder, and their lipsticks and their high-heeled shoes and to cease to dress indecently.

Of all the fool things in the world I think the college for women is the worst. When they graduate from the colleges they cannot write a decent hand. They know nothing about the English language. They cannot spell. They are thoroughly ignorant of the things they should know, and they have their brains twisted by studying psychology, logic and philosophy and a lot of other stuff not only utterly useless but absolutely harmful—a lot of stuff which could have been concocted only in the diseased brains of college professors.

Women used to be highly honored and respected by the men. But that day is largely passing away, and this is due more, perhaps, to the effect that the colleges are having on the college women than anything else.

Nothing could be better for the girls that are now in the colleges than to be taken out of the colleges and put to hard manual labor for at least a year so that there might be put into their heads some little trace of sense.

ALONZO B. SEE

The letter was made public last night by James F. Herrick who is handling publicity for the endowment drive. Mr. Herrick said he had Mr. See's permission to give it out.

HIGH TEA AND SALE

The Ladies Aid of St. James' Church will hold on Thursday, a High Tea and Sale of Fancy and Useful Articles and Home Made Candy in St. James' Hall. Tea will be served from 5.30 to 7.30 and the admission is adults, 60 cents, children 35 cents. All the delicacies of the season will be served and this is a rare opportunity to secure your Christmas presents. Be sure you attend and you are promised a good tea and an opportunity of securing many useful articles, suitable for the Christmas season.

the various colleges involved. While the details of the plan were not announced the opinion was freely expressed that a great step forward had been made in the development of the federation idea.

CHIEF TEWANNA AT OPERA HOUSE

Chief Tewanna (White Elk) Chief of the Indians of North America and member of the Vancouver Rotary Club was at the Opera House last night. He attracted much attention and was attentively listened to by an appreciative audience. The Chief is a very talented speaker, a physician and surgeon, a devout athlete and a fine musician. He speaks twenty-one languages and delighted the audience with interesting anecdotes on his travels not only in Canada but on his four tours around the world.

He is very much interested in the east, especially the Maritime Provinces, which he has heard spoken of very disparagingly, as not of very much account. He expressed himself as delighted with his visit to the provinces. He is now en-route to England to present matters of importance to His Majesty The King concerning the Indians of North America.

The Chief in a masterly address explained to the audience why he was going to interview the King, which he said was for the purpose of having His Majesty intercede with the Federal Government in matters concerning the Indian tribes of North America. He wished the Canadian people to pray that he would be successful in his mission, and thereby help the Indian to rise up to such a standard, spiritually, morally, mentally and physically as his brother white man. He rendered several vocal selections in a most creditable manner and was loudly applauded. George Champion, accompanied as the piano. He also gave an exhibition of a real old-time Indian waltz, which almost brought down the house. In an interview with the Chief after the entertainment he expressed his deep appreciation of the Newcastle people, and said that on his return from England he proposed stopping off at three places in the Maritime Provinces, those being, Halifax, Moncton and Newcastle. On his return he will be accompanied by fifteen western Indian. He also stated that as soon as the Universal Film Co. released the picture "Before Civilization," he would make arrangements to have it shown at the Opera House here. The Chief left this morning again for Moncton where he will be the guest of the Rotarian Club, and is to be met at the station by a large and representative body of that organization. The Chief will be gladly welcomed on return to Newcastle as he made his friends on this his initial visit.

London, Nov. 23—The Labor members of the House of Commons who originally demanded the front opposition benches have reluctantly consented to yield six seats to the Liberals ex-ministers and whips, J. Ramsay MacDonald, permanent Liberal leader, and J. Clynes, deputy Labor leader, ever, insist upon occupying those seats and places immediately opposite despatch boxes on the table, which vantage point the recognized leader of the opposition has heretofore addressed the House.

Labor Yields Six Front Seats To The Liberals

London, Nov. 23—The Labor members of the House of Commons who originally demanded the front opposition benches have reluctantly consented to yield six seats to the Liberals ex-ministers and whips, J. Ramsay MacDonald, permanent Liberal leader, and J. Clynes, deputy Labor leader, ever, insist upon occupying those seats and places immediately opposite despatch boxes on the table, which vantage point the recognized leader of the opposition has heretofore addressed the House.
