ARE WAITING AT BUDAPEST FOR A WHILE

Red Army Strip Women of Their Clothing to Provide New Uniforms—Working Against Time Now.

Vienna, May 14.—Reports from Budapest say that the halt of the Rumanian advance has encouraged the Communists, who believe that the Rumanians undertook more than they were able to accomplish. Their intention was to reach Budapest. Official announcement has been made that the allied troops moving on Budapest were ordered late last week to halt their advance by the Peace Conference. The Rumanians, however, have effected a junction with the Czech-Slovaks and have cut off communication between Budapest and Russia by way of the Ukraine.

Our Noble German Brothers? The peace negotiations at Paris are being watched closely. The Volkstimme and other newspapers in Budapest denounce the Peace Treaty as "capitalistic," aiming at the enslavement of "our noble German brothers." Because there are no cloth factories in operation the Hungarian Government has ordered further requisitions of cloth, cotton, linen goods, and the bed and personal clothing of the men and women of the bourgeoisie for use in making white underwear for the Red Guard army. Women of the bourgeoisie are being forced to make over their own lingerie into shirts and their garments. Wait for something to turn up. The Communist Government apparently is working against time in the hope that the peasants of Rumania will revolt and erect a Communist Government. Religious schools in Hungary have been secularized and theological seminaries are closed. Representations by the allies have saved the convents. The Communist Government made an announcement that it is proud of the fact that there is neither drunkenness nor begging in Hungary.

BIG STRIKE OF TEXTILE MEN STARTS TO-DAY

30,000 New York Workers are Demanding a Change From Piece Work to Straight Salary Basis.

New York, May 14.—Thirty thousand members of the Cloak, Skirt and Reefers Makers Union in New York were directed to strike at 10 o'clock tomorrow in an order issued here tonight by Benjamin Schlesinger, president of the International Ladies' Garment Workers' Union. About 20,000 other members, who are not employed because of the "slack season" will support the strike. Mr. Schlesinger said. Demands of the strikers include a change from the present system of piece work to a salary basis, with a 44-hour week and a minimum wage scale. Mr. Schlesinger said a nationwide strike of the Cloak, Skirt and Reefers Makers' Union might be called in support of the New York strikers.

NEWSPAPER EXCITED OVER GOUIN'S DEAL

Sale of \$100,000 Property is Explained by Buyer.

Montreal, Que., May 14.—In a letter of L'Evenement, Hon. Georges Elie Tmyot, deals with articles published in this paper entitled "The Maisonneuve Scandal." Mr. Amyot, who is president of the Dominion Corset Co., announces that in 1910 he paid Sir Lomer Gouin, Premier of the Province, and partner, L. B. B. Ward, \$100,000, for a piece of land to build a new factory on Mr. Amyot says the land originally cost \$36,000. Mr. Amyot sold the land in 1912 for \$168,000. Mr. Amyot asks if there is anything scandalous in a premier transacting business because he is a Prime Minister.

GETS FEDERAL POSITION

Welland County Soldier Given Labor Bureau Job by the Civil Service.

Bridgburg, Ont., May 14.—Following the official announcement a few days ago that the civil service commission would in future allot all Canadian federal positions, with returned soldiers getting preference providing they could pass the examination, announcement was made today that Bombardier Sydney H. Cox, a Welland county returned man had been named to the important position as representative of the recently established branch of the Dominion labor bureau in Welland County. Bombardier Cox's work will be largely devoted to seeing that returned soldiers are placed in civilian life with the least delay possible. The position is an important one.

MAYOR AND THE JUDGE CLASH IN HOBOKEN, N.J.

Chief Magistrate Arrested at the Instigation of the County Official.

Hoboken, N. J., May 14.—The election of city commissioners here today developed into a row during which County Judge Richard Doherty ordered Mayor Patrick Griffin, head of the Democratic ticket, arrested after the mayor had arrested 120 men whom he accused of being Republican repeaters imported from Newark. The alleged repeaters were discharged by Judge Doherty as fast as they were arraigned, rearrested by the mayor, who then, in turn, was arrested and confined to the city hall. It was then the mayor's move and he directed the corporation counsel to apply to Supreme Justice Swaysee for the arrest of Judge Doherty for conspiracy to defeat the election law and for bringing suspicious characters into the city.

MISSIONARY SOCIETY MEETS

25th. Convention in Session at Lundy's Lane Methodist Church.

Niagara Falls, Ont., May 14.—With delegates attending from many places in the district, the 25th annual convention of the Women's Missionary society was held yesterday in Lundy's Lane Methodist Church. Mrs. S. E. Marshall presided at the meeting of branch officers and the organizer conference which was called at 10 o'clock this morning. Mrs. G. H. McLachlan president, occupied the chair at the session this afternoon. Mrs. J. E. Baker conducted devotional services and an address of welcome was delivered by Mrs. P. S. Biggar. Mrs. J. J. Liddy responded. Mrs. F. C. Wally of Ingersoll, Ont. delivered an address on Sacrificial Living at 4:30 o'clock. The convention closed with the sacrament of the Lord's Supper. The Rev. H. L. Roberts officiated.

CANADIAN TROPHIES HERE

Beat With a Cargo of Twenty German Guns Reaches Montreal.

Montreal, May 14.—The steamer Vindelia brings into port a cargo consisting of a score of guns which were wrested from the Germans by Canadian soldiers. Among the heavy artillery is No. 917 for the 21st Canadian Battalion and it is addressed to the Lieutenant-Governor of Ontario. There are others for other Provinces. The Vindelia's captain, Captain Saunders, had the duty of taking over the Ivernia in October, 1914, with the first division aboard.

STREET BRAWL IS FATAL

Former Welland Man Dies Following Shooting in Montreal.

Montreal, May 14.—Shot through the head by two bullets as he stood arguing with two companions on the street at midnight, W. Morar, about twenty-four years of age, formerly of Welland, Ont., died in the General Hospital yesterday. The police have arrested a man named Hatchuk. Clover is much more uneven in appearance, as last year's seeding did not do very well, and some spring heaving has left its mark.

METAL TRADES WANT GENERAL STRIKE NOW

Thirty Thousand Trade Unionists Affected by Decision if Made

Toronto, May 14.—At the special meeting the Trades and Labor Council in Victoria Hall last night, the delegates were asked by the Metal Trades Council to make a move towards a general strike of all unions in Toronto. It is estimated that there are at present over 30,000 trades unionists in the city. It is pointed out by many officials of the trades unions that the eight-hour day is one of the principles for which the American Federation of Labor stands solidly in favor of, and all international unions are in favor of the shorter work day. There is a great deal of feeling in the ranks of the various unions that the metal trades are fighting the battle of all the unions for the eight hour day.

PARLIAMENTARY "GYM"

Members of the Press Gallery and Hansard Reporters Already Anxious to see one Installed

Ottawa, May 14.—At the solicitation of several of the members the Minister of Public Works has promised a committee to consider the advisability of installing a gymnasium in the new Parliament buildings. What the House lacks in brain it probably feels it cannot help. What it lacks in brawn it out to remedy. The idea of a members' "gym" has caught on, and challenges are already being issued. It is understood that the plan meets with particular favor from Hansard and the Press Gallery. So many "little affairs" that fill pages of the official record and columns of the newspapers with unedifying utterances and acrimonious exchanges can be settled so much more speedily and effectively—and with at least equal regard as to the merits. And if practice makes perfection the Parliamentary gymnasium ought soon to turn out such a bunch of "white hopes" as will cause ordinary, everyday professional bruisers precipitately to turn to croquet and crokinole.

NO GERMAN PENCILS

Those Used in Local Public Schools Were Made in the United States

Two or three citizens who have children attending the public schools in this city have asked the Mayor why lead pencils were being used in the schools, some of which bear a name that smacks of Germany. At first sight it might seem to those who do not stop to study the facts that these goods which have been bought by the School Board were made in Germany. The Journal made enquiries into the matter this morning and feels satisfied, so far as it can learn, that there is nothing at all wrong. Some of the pencils do bear the name of Kurtz, Lanbin and Swartz but after these words came the letters Pgh. which evidently means Pittsburgh (so that the indications are that though this firm name sounds German it may be a well established firm in Pittsburgh. Other pencils have a name stamped out but this is explained to be due to the fact that they were seconds and the manufacturer did not want the goods to go out carrying their firm name when the pencils were slightly imperfect. The pencils were bought by the Public School Board from McLaren & Co. who purchased them from a Mr. McDougall, a manufacturer's agent in Toronto, representing John Dixon & Company among others. McLaren & Coy, when asked by the Journal about the matter gave the assurance that they were not German made goods because they would not handle them if they had been. Lead pencils are not made in Canada, at least in any quantities, and are therefore bought from United States manufacturers of whom Dixon & Coy are one firm. The Journal's enquiries satisfies it that the local house bought the pencils for the School Board in good faith and that they are in no way goods made in Germany.

FOSTER TO TAKE COMMAND

Will Head Canada's Peace Delegation When Borden Returns

Paris, May 14.—Sir Robert Borden, the Canadian Premier, is returning to Canada, according to Reuters, Limited, because the political situation there is said to require his presence. Sir George E. Foster probably will take Sir Robert's place as head of the Canadian delegation.

FIRM RAISES WAGES BY TEN PER CENT.

Decreased Hours From Ten to Nine Six Weeks Ago.

Woodstock, May 14.—Canada Furniture Manufacturers, Limited, announced today to their employees an advance in wages of ten per cent. beginning Monday, 2nd. of June next. The company, on the first of April last, reduced the working hours from ten to nine, which meant an advance in wages of ten per cent. The Managing Director, J. B. Shaw, has long held the opinion that furniture workers were not paid a sufficiently high wage in comparison with other staple trades, but says under competitive conditions fair wages could not be paid because the selling prices of furniture were uniformly too low. Through the co-operative effort of a number of the leaders in the trade these conditions are being slowly but gradually improved, and it is the desire of these employers that the workmen should also benefit in the improved conditions. The ten per cent. advance in wages is effective at all the factories of the C.F.M. in Warton, Walkerton, Seaford, Wingham, Kitchener, Waterloo and Woodstock.

WANTS HUNS TO PAY ENTIRE COST OF WAR

Horatio Bottomley Moves to Force Germany to Put the Whole Shot

London, May 14.—In the House of Commons, Mr. Horatio Bottomley has given notice of motion, declaring that the peace treaty has not fulfilled the pledges of the British Ministers in regard to indemnities, and in view of the fact that the main financial burden of the war has fallen on Great Britain, no treaty is acceptable which does not provide for rendering to the enemy a bill for the entire cost of the war, and arranging for the recovery of such cost regardless of the period over which it may be necessary to extend the payment. Replying to a question by Mr. Bottomley as to cash payments as detailed in the peace treaty, Mr. Bonar Law pointed out that bonds for five billion pounds sterling were deliverable as an account of total obligations, but further issues of bonds might be required subsequently as security. The amount payable either in money or otherwise was not limited to the amount of the bonds, but must meet in full all the demands specified in section 2 of the official summary. Any reduction which might be allowed regarding the first billion pounds would postpone, but not diminish, the total amount of payments, Mr. Bonar Law emphasized the amount of five billion pounds would postpone, but not diminish, the total amount of payments, Mr. Bonar Law emphasized the amount of five billion pounds sterling was not the sum total of the enemy countries' obligations. The powers to enforce that payment would be in our economic weapons and mightly occupation of part of Germany.

BELL COMPANY RATES MAY BE INCREASED

Railway Commission Will Allow Them to Charge Ten Per Cent. More.

Ottawa, May 14.—Finding that an emergency situation exists, the burden of which should be divided between the Bell Telephone Company and the public, the Railway Commission in a judgment handed down today grants in part the application of the company for an increase in rates. The company asked for 20 per cent. increase in exchange rates, but the commission finds a ten per cent. increase adequate to meet the situation. The long distance rates as filed were not objected to and the judgment states that they may be allowed. These rates, together with the ten per cent. increase in exchange rates will be sufficient to bring the sum of \$1,100,000, which the company claims is required to put it on a sound financial basis.

BIG NEW BUILDINGS FOR ONTARIO CITIES

Ottawa, May 14.—A new \$10 million dollar building is to be erected by the Dominion Government in Toronto. It will be on Front street, immediately east of the New Union Station, with a frontage of 500 feet and will be capable of housing every civil servant in Toronto, the Minister of Public Works told Parliament tonight. In addition \$520,000 was voted for Postal Station "A" in Toronto, which is in the east wing of the New Union Station and on which \$300,000 was expended last year.

SCHEIDEMANN SAYS CAN'T MEET TERMS

Possibility of Change in Government at Weimar as Result of Treaty

London, May 14.—The possibility of a change in the Government of Germany as a result of the presentation by Philip Scheidemann, German Chancellor, at Berlin today, according to a despatch to the Exchange Telegraph Co. of that city. The Chancellor denounced the peace terms, which he said represented a "brutal dictated peace." It is said. The statement was made to foreign journalists in the former Chancellor's palace and in part follows: "We thought that we Social Democrats were strong enough to prevent a peace by violence, but doubted whether the masses in enemy countries could support us because they are less strongly organized than we. Certain circles in England and France are beginning to advise the necessity of common sense. It is too comic when President Wilson's fourteen points are contrasted with peace terms. They do not mention Mr. Wilson's terms, but are just a brutal dictated peace. "It is possible a Government might be formed which would sign the peace terms, but it is doubtful whether the allies would be satisfied with such a Government. A reactionary Government is out of all question, and a Communist and Independent Government would be acting for the people, of whom they would represent only a small minority. Even if such a Government did not sign the treaty it would be just as impossible for them to fulfill the conditions as it would be for us."

GERMANY'S IDEA OF WHAT A LEAGUE OF NATIONS SHOULD BE

Paris, May 14.—The German plan for a League of Nations submitted by the German delegation at Versailles, and now in the hands of the Peace Conference Committee on the League of Nations, to which it was referred, contains sixty six articles, together with a supplement setting forth the charter for an International Labor League. The special aims of the League of Nations devised by the Germans are set forth as follows: (A) Prevention of international disputes. (B) Disarmament. (C) Securing freedom of traffic and general economic equality of rights. (D) Protection of national minorities. (E) Creation of an international workers' charter. (F) Regulation of colonial questions. (G) Unity of existing and future international institutions. (H) The creation of a Parliament. Another provision of the draft reads: The League of Nations shall comprise: (A) All belligerent States taking part in the present war; (B) All neutral States included in The Hague Arbitration League; (C) All others to be admitted by vote of two thirds of the existing members. Entrance is reserved to the Holy See.

FORMER AUSTRIAN EMPEROR WILL NOT BE PLACED ON TRIAL

Paris, May 14.—The Austrian treaty is stated to be nearly complete. While the details of it have not become known, it is asserted that in some respects it will follow the German document. This is true especially as regards trial by court martial of persons responsible for violation of the rules of warfare during the period of hostilities, although it is stated no demand is to be made for the trial of former Emperor Charles by an international civil tribunal. The delimitation of the boundaries of Austria will follow the lines laid down in the treaty of London.
