DANCE AT PENNIC.—On Monday evening a dance was held at the hall at Penric. The large number who attended from this city and Marysville pronounced it a very enjoyable affair.

REPAIRS.—The post office steps are receiving a much needed renovation at the hands of Wm. Rosebrough. The contractor is a thorough workman and may be relied upon to do a good job.

FIRE.—Early Tuesday morning the house of John Harvey, Stanley, was destroyed by fire. The family had a very narrow escape from being cremated as they were asleep at the time. Loss, \$1,000; no insurance.

NEW TEACHER.—It is understood that Miss Galt of Moncton has been appointed to the position on the city school staff in the Normal school, now recruited by Miss Francis Ross, who will retire Nov. 1st.

RECEPTION.—On Monday evening, Victoria lodge, I. O. O. F., of this city, was favored with a visit from Walter Marriages, of Montreal, the recently appointed grand master. A hearty welcome was given him.

STOCK RE-SOLD.—The stock purchased for the Moncton and Covelville agricultural society at the government stock sale last week, was re-sold at Moncton, Thursday, at the society's fair. They all brought good prices.

AT WEST END.—The back-filling of the Smythe street sewer is being pushed along as rapidly as possible and in a short time the contract will be completed. The work is under the superintendence of Robert Belyea.

ATTENTION.—The monthly meeting of the church of England Temperance society will be held in the church hall, Carleton street, on Monday evening commencing at eight o'clock. The public are cordially invited to attend.

AT THE TEMPERANCE HALL.—The Benah workers held meetings in the temperance hall last Sunday morning, afternoon and evening. Previous to the afternoon meeting, they held an open-air meeting on Phoenix square, in Salvation army style.

EXERCISE.—On Tuesday evening, during the performance of Uncle Tom's Cabin, a man under the name of the accident, took a front seat in the gallery alongside of some young ladies, and refused to move until he was ejected by the ushers. It created a lot of amusement for the boys.

ANNUAL FAIR.—The annual fair of the Prince William Agricultural Society, No. 38, was held Thursday in the grounds of the society. There was a large attendance, which would have been added to greatly had the weather been fine. The exhibition in the several lines were very good.

A TEST LIGHT.—Last Saturday night the electric light company gave an exhibition of the incandescent light in front of the Carleton street station. About forty lamps were strung across the street, and the blaze was so soft and brilliant. The light will soon be in operation throughout the city.

NEARING COMPLETION.—The bridge at Garden creek is approaching completion. This is now a permanent structure built under the act of last session. The piers are filled with stone and the railing is of the most substantial character. The people of Kingslear are greatly pleased with the work.

NEW CHEESE FACTORY.—We are glad to learn that the Millville people are taking steps to establish a cheese factory in their village. The right people have hold of the enterprise. Mr. Hawkins interviewed the attorney general the other day respecting a grant in aid from the government, and was most favorably impressed with the prospect of assistance.

SOCIAL.—The Normal school and college students who attend the Methodist church, were entertained by the members of the Epworth league in connection with the church, in the Sabbath school room, Tuesday evening. Light refreshments were served, and a good time spent by all. Excellent music was furnished by that popular organization the F. O. M. W. orchestra.

A CONTRAST.—On last Sunday morning, the attention of all was drawn to the contrast between the weather of that day (11th) and that of the previous Sunday. The thermometer of the previous Sunday (4th), registered at 87° above zero, while at eleven o'clock last Sunday morning a strong and biting northwind was blowing, in addition to which quite a flurry of snow fell.

AT THE PARK.—On Saturday, quite a large number of sports gathered at the trotting park to witness some local races. The principal feature of the races, was the trotting of Speculation, who went a mile against the watch to beat his record of 2:31. In the second race he reduced it to 2:31 and had the track beaten in any kind of good condition would easily have beaten 2:30.

PEETHOOD.—A correspondent at Petticoat writes about the condition of the sidewalk at that place, which are so bad from the decayed planks that it is difficult to pass safely over them at night. A prominent citizen, the other evening, as he left his boarding house mistook a sewer for a platform and fell into it.—St. John Globe. It would appear upon the face of the article that the "prominent citizen" referred to above must have been imbibing freely of something stronger than water, or he would not have mistaken a sewer for a platform.

AT HALIFAX.—Police magistrate Ritchie, of St. John, formerly of THE HERALD staff, is now occupying a position on the editorial staff of the Seattle Telegraph. Mr. Lugin is a journalist of the first water, and our Seattle contemporary is to be congratulated on securing the services of so good a newspaper man. F. C. Baptist Conference.

The F. C. Baptist conference, which has been in session at Marysville for some time, completed its labors Wednesday. The business transacted the last day was of importance. The report of committee on the general secretary's report was first taken up. It recommends the appointment of Dr. McLeod as general secretary to do the following things: To prepare plan for a better circuit system, also a plan by which supplemental funds can be raised, to aid poor pastors and prepare more systematic methods of increasing the ministers' relief fund. It was adopted.

A resolution was passed authorizing Dr. McLeod to the Union Baptist seminary. The report of the auditor, hon. George E. Foster, on accounts, showed the balances on hand were: Treasurer of conference, \$123.82; treasurer of ministers' relief fund, \$135.22; board of managers, \$4,906.48. A committee was appointed consisting Rev. Wm. Downey as evangelist.

A committee was appointed consisting of Revs. A. C. Thompson, G. A. Hartley, Dr. McLeod, J. Clarke and C. T. Phillips to confer with like committees of the Nova Scotia and Maine conferences with a view to a closer union.

The conference went into committee of the whole to examine the minutes and afterwards reported that D. Long, B. W. Carpenter and Abraham Perry be ordained and that conference licenses be granted to W. R. Rend, F. Currier, S. J. Paroy, A. W. Moore and Harvey. The appointment of directors of the Union Baptist seminary was referred to the executive.

Conference closed with prayer by Dr. McLeod. In the evening the church at Marysville was crowded beyond seating capacity on the occasion of the ordination of Messrs. Long, Carpenter and Perry. Rev. G. A. Hartley questioned the candidates. The right hand was given by the moderator, Rev. A. C. Thompson. The charge to the candidates was given by Rev. C. T. Phillips and the ordination sermon was preached by Rev. J. T. Parsons.

Stanley Fair.

The Stanley fair was held on the exhibition grounds at that place on Tuesday last. There was a large attendance from this city and the several parishes of the county, and the exhibits in various departments was very creditable. The horse display was an excellent one, some nice colts being exhibited. The root exhibit was a fine feature, that of John Thomas being particularly fine. The grain and fruit that was exhibited was above the average, but of the former there was a very small quantity. The two hots, McMinimian's and Turnbull's, were crowded and the stables were not able to accommodate one half of the horses.

The show was a good one in every respect, sustaining Stanley's reputation, so widely known, of making everyone at home when visiting their fair, and beside witnessing that flourishing section of the county in its produce from its soil, its dairy, its farm house, etc., a good time was always spent among her jovial and hospitable residents, and it will be a visit that will always be remembered. In the evening the young people held a dance in the hall which was largely attended.

Successful Attorneys.

The examinations for admission for attorneys were concluded on Tuesday last, finishing up with an all day oral before Messrs. Gregory, Jordan and J. A. Yánuart, C. J. C. St. John. There were beside, Chas. E. Sanford, of the ten applicants, but only two were sworn in this term, but who will come up in Hilary, 1892, and Mr. Taylor, of Edmonton, N. W. T. who was sworn in on Friday morning. Geo. L. Wilson, B. A., who studied with Wm. Wilson, M. P. P. was most successful, having passed a highly creditable examination, and stands in the first place among the nine. Mr. Wilson has the very best chance and our best wishes for his future success, wherever he may be situated.

Floored at Boston.

Arthur Higgins, the young Nova Scotian who was floored by a confidence man on Canal street yesterday, while on the way to the bedside of his dying brother at Truro, N. S., fared better than he at first supposed he would. Captain Cain's sympathies were aroused by his tale, and he sent him to general manager Furber of the Boston & Maine road, who had the horse bolted and run against a telephone post breaking the shafts of one of which ran into its side killing it instantly. None of the children were injured which is a fortunate thing. The horse was a very valuable one.—Advertiser.

More Gleaner Difficulties.

The proprietor of the Gleaner does not appear to be paying his assistants as promptly as they seem to desire. At the police court on Wednesday last, before John L. Marsh, Esq., P. M., W. G. McFarlane, until recently on the reporting staff of the paper, recovered a judgment for the sum of thirty-five dollars and ninety cents against James H. Crockett for services rendered by Mr. McFarlane as a reporter on the Gleaner. At this writing it is not known whether or not Mr. Crockett has "paid up and looked pleasant."

THE LOYAL "SCRAP."

To this Completion Hath it Come at Last.

The city has been greatly entertained during the last week by the incidents connected with the quarrel between two competitors, who have been endeavoring to do the following things: To prepare plan for a better circuit system, also a plan by which supplemental funds can be raised, to aid poor pastors and prepare more systematic methods of increasing the ministers' relief fund. It was adopted.

A resolution was passed authorizing Dr. McLeod to the Union Baptist seminary. The report of the auditor, hon. George E.
