PROVINCIAL ELECTION.

GOVERNMENT CANDIDATES.

- King's County: First District: John McLeod. Elected by acclamation. Second District: John C. Underhay, John P. Sullivan. Third District: H. L. McDonald, Cyrus Shaw. Fourth District: James Crow, Angus McLeod. Georgeburg: Daniel Gordon, Archibald J. McDonald. Elected by acclamation. Queens County: First District: William Campbell, J. Heber Heald. Second District: Donald McKay, Donald Currie. Charlottetown: Neil McLeod, Patrick Blake. Third District: Donald Ferguson, Lucius O. Kelly. Fourth District: Angus A. McLean, Alexander Martin. Prince County: First District: Jeremiah Blanchard, A. F. Larkins. Second District: Angus McKinnon. Third District: Joseph O. Armstrong, John A. McDonald. Fourth District: David Rogers, Gilbert Desroches. Fifth District: George W. Bentley, Major Wright.

WHY THE GOVERNMENT SHOULD BE SUSTAINED.

It is the duty of the electorate of this Province to send to the Legislature men who will support a Government that will carefully guard the people's interests. That being so, we feel proud to see the Government of the Hon. Mr. McLeod will be handsomely sustained. It should be sustained, because it is the Government of the people. The Leader has taken the people into his confidence, and has announced to them the conduct of public affairs.

The Sullivan Government, by reducing the public expenditure, saved to the tax-payers of this Province about one million dollars in ten years. But Mr. McLeod was a member of that Government, and may be depended upon to pursue the same economical course in the future; therefore he deserves the confidence of the people. The late Government of which Hon. Mr. McLeod was a member, collected \$80,000 from the Province, under the policy passed by the Government. The Sullivan Government, by reducing the public expenditure, saved to the tax-payers of this Province about one million dollars in ten years. But Mr. McLeod was a member of that Government, and may be depended upon to pursue the same economical course in the future; therefore he deserves the confidence of the people.

The Government, as we said above, have taken the people into their confidence by announcing their policy. The Opposition, on the other hand, have announced no policy—their whole stock in trade being abuse of the present Government. We are strongly of opinion that the vast majority of the electorate of Prince Edward Island are too wide awake to be deceived by such outrageous conduct, and that on election day they will prove that they appreciate it as its proper value by sustaining the Government by a splendid majority.

The people should consider the fact that their interests are more likely to be promoted by a Government in harmony with the Federal Government, as is the Government of Hon. Mr. McLeod, than by those opposed to it, as are the Orits. For all these reasons the Government should be sustained, and we have every confidence it will be overwhelmingly sustained on tomorrow.

REDUCED TO DESPERATION.

The Opposition are prepared to make any statement, no matter how ridiculous or preposterous, in the hope of hoodwinking the electors. They find, doubtless, that the people of this Province are too intelligent to condone the unscrupulous tactics of a party seeking their support, without anything to recommend them but a more unscrupulous record and abuse of the Government. They find the slimy veil they try to draw over the face of the electors is rapidly dashed aside, and their political hypocrisy is exposed to public view.

In their desperation, they with a board of assent, claim credit for the leading features of the Government policy. The Father of Monday last says the Opposition were in favor of keeping the wharves in repair. When and where did the Opposition, when in power, make the slightest move towards having any wharves repaired? It is the Government, of course, who repaired the wharves, and it is the Government who are now in power.
