THE POST OFFICE APPOINTMENT doesn't worry R. H. Sallows, and the numerous appointments that he has with him for the prohibitions of dissolving views throughout the county show that one solitary appointment would not affect him materially. He also has daily appointments with ladies, gentlemen and children for the first-class photographs taken at his studio.

"People Will Have It."
The wonderful healing and soothing properties of Wilson's Royal Glycerin Balm of Fir are the secret of success. Coughs, Colds, Sore Throat, Asthma, Whooping Cough and Rheumatism quickly give way to its curative power. Nothing but its superiority over other remedies has created the demand for it from all parts of the Province, which has even extended to the United States. Why? Because every person who has used it speaks well of it. Druggists sell it Price 50 cts. per tin. 6mo

Forest Free Press—Mrs. H. Sheppard, of this town, leaves this week for Goderich, where she intends spending a few weeks with friends.

2 o'clock Saturday Zera Semon will give a grand show for the ladies and children at the Opera House.

Knox church Band of Hope will meet on Saturday 15th, at 3 o'clock in the church. All are invited to come.

Mr. Bert Johnston, formerly a compositor in THE SIGNAL office, has secured a position in the office of the Stratford Herald.

Now it is that the wise merchant uses plenty of printer's ink to notify the public of his clearing sale of winter goods at cost, rather than carry them over.

A crowd was seen last week flying southward. This indicates a late and backward spring, which is generally the result, and is an old time prediction.

Those who prophesied mild weather all the winter season, are a little off at present. It is self-evident fact that the "backbone of winter" is not yet broken.

A farmer who never takes a new paper shouldn't complain if his boys getting tired of the monotony of home leave the farm to starve in one of the professions.

Ask a farmer to furnish the church with wood free of charge! Ask the painter to paint it without receiving pay for it? Request the carpenter to shingle the roof and do it without pay! "Absurd!" say you, "they will never do it!" Of course they won't. But these same people expect the local papers to give notices of entertainments, &c., for nothing.

An exchange says that a country editor received the following cheering note from a delinquent subscriber: "I want to pay for my subscription; but I'm a little short so I send you half a dozen eggs. If you will put them under a seat when they hatch out enough chickens to pay for a year's subscription."

Mr. J. A. McIntosh, formerly of Goderich, now a prominent merchant of Port Arthur, arrived in Goderich on Thursday last week, on his return from Montreal, where he had been attending the carnival, and has been spending a pleasant time with relatives and old friends. He speaks well of his adopted home and looks for a big boom at Port Arthur in the near future.

NEW BUSINESS FAD.—"Enclosed find pomos for one year's subscription," is it a way a remittance would read if the new word "pomos" should be generally adopted. It is simply a convenient contraction of Post Office Money Order, the four initial letters making the word and it is said to be already in extensive use among business houses east. Reader, if your subscription has expired, send on a "pom."

Wallace Herald.—It is amusing at nomination meetings to hear men talk about "booming the town," men who never advertise in nor subscribe for the town papers, support the Mechanics' Institute nor any other institution, never subscribe a cent for games, races, celebrations or anything calculated to make the town known. Plenty of men are ready to enjoy a "boom" at other people's expense.

CORRECTION.—In the report of the county council meeting recently published in THE SIGNAL, Mr. Kidd was credited with having made the motion referring to the iron bridge at Wingham. Mr. Kidd did not make the motion, neither did he second it. The motion was made by Mr. Dulmage, deputy-revee of Howick, seconded by Mr. Milne, reeve of Gray. The credit due in connection with the matter belongs to Messrs. Dulmage and Milne.

BIBLE SOCIETY MEETING.—The annual meeting of the Upper Canada Bible Society, Goderich branch, will be held in Knox church on Wednesday evening, Feb. 20th, at 7:30 o'clock, when the Rev. J. S. Manly, permanent agent of the Society will deliver an illustrated lecture on "Babylon and Israel." A collection will be taken up in aid of the funds of the Society. A meeting of the Society will be held on the previous evening in Victoria-st. church at 7 o'clock for the election of officers and other business.

S. A. ANNIVERSARY.—The Salvation Army detachment in Goderich will celebrate their fourth anniversary in Goderich on Saturday Feb. 23rd, Sunday, Feb. 24th and Monday, Feb. 25th. Major Morris, Adjutant Cousins and Boy Buglers will lead on Saturday at 8 p.m.; on Sunday there will be meetings at 7 a.m., 10:30 a.m., 3 p.m., and 8 p.m.; on Monday reinforcements will arrive from Mitchell, Seaforth, Clinton and elsewhere, and a banquet will be held in the barracks from 5:30 to 7:30 p.m., after which the grand attack will be made from Victoria Hall. Silver collection Saturday night and Sunday. For particulars see posters.

ICE CARNIVAL.—At the ice carnival held in the Palace rink on Tuesday evening there was a fairly good attendance, and a number of fine costumes were present. Following prizes were awarded: Ladies—1st, Miss Grace Cameron, "Highland Lassie"; 2d, Miss May Fisher, "Highland Lassie." Gentlemen—1st, John Reid, "Jockey"; 2d, John Elwood, "Officer of the Navy." Comic—1st, Frank Humber, "Uncle Sam"; special Wm. Munroe, "Gentleman of Leisure—Hard Tack"; Boy—M. Nicholson, "Sailor Lad." The judges were Messrs. P. P. Wilkinson, J. Brown and Harry Arnold. The ice rink is now in full working order, and Mr. Arnold gives lessons to skaters every afternoon. Special attention given to lady skaters.

Mrs. E. E. Wade, of Brussels, is visiting Mrs. Andrew Waddell, South-st.

Ladies—take the children to see Zera Semon's wonderful marionettes at the Opera House Saturday afternoon.

Mr. M. G. Cameron, barrister, Toronto, is in town to argue the Pratt v. G. T. E. case to-day. He was welcomed to Goderich by all his old friends.

The snow is so deep on some parts of the 1st concession, Goderich township, that farmers on the lake shore road have to come to town by the 4th concession.

Mine host of the British Exchange is decorating his dining room. Pretty & Shannon are doing the work. George is taking time by the forelock, as it were.

At the meeting of the managing board of Knox church on Wednesday evening, the following officers were elected: Chairman, A. Saunders; secretary, H. I. Strang; treasurer, Alex. Morton; financial secretary and collector, George Stiven. An effort will be made to pay off the debt on the church during the summer.

Messrs. P. Kelly, of Blyth, Dr. Holmes, E. W. Johnson, Joe Beck, G. T. Goderich, had an interview with the Minister of Customs today to ask for an increase in the duty on flour. The present duty is fifty cents a barrel, and the delegation contended that it was incongruous that there should be a difference in the duty on wheat and flour respectively.—Toronto to Empire.

IMPLEMENTS AND SEEDS.—The attention of our agricultural readers is requested to the large advertisement of implements and field and garden seeds, which appears in this issue over the signature of Wm. Burrows, the Hamilton-st. seedman. Mr. Burrows is a thoroughly competent man in every department which he handles, and deserves the patronage that his enterprise merits.

HIGH SCHOOL DEBATE.—An interesting debate was held under the auspices of the High School Literary Society on Friday evening last. The subject was "Resolved that Annexation would be beneficial to Canada." The speakers on the affirmative were Messrs. Harvey, Hylop, and Messrs. McKenzie and Boyd upheld the negative. The chairman, Mr. A. J. Moore, gave his judgment in favor of the affirmative.

A PIECE OF PAPER.—The announcement has been made that a paper coffin will be placed on the market. A man may build his house of paper, eat his dinner of paper dishes, buy his wife a paper piano and go to his grave in a paper coffin. The coffin may be paid for with pieces of paper and the death published on another piece of paper. There are many things more useful than paper, and every one should be a regular subscriber to his local paper, and pay for it in advance with another piece of paper.

THE WAY TO BOOM A TOWN.—Goderich has a Board of Trade—an active body of men, whose every turn and their are many of these—is to the utmost interest of Goderich. They are continually booming the place, and striving to have Goderich rank among the foremost towns in the Dominion. At a recent meeting of the Board a proposition was made to have the local papers patronize a full description of the town's businesses, etc., in a well illustrated edition, and be paid for the same in the sum of \$400.—Mitchell Advocate.

OF INTEREST TO MUSICIANS.—S. P. Hall, B. A., Science Master in Goderich High School, has been appointed convenor of a committee to arrange curriculum of the literary department for entrance examination to the Canadian Society of Musicians. His associates are Dr. Sippi, of London, and J. C. Morgan, M. A., Barrie. Mr. Hall is a well-known authority in musical circles, and his selection to his present position is not only an appreciation of his worth by the Canadian Society of Musicians, but is a decided tribute to the musical fraternity of Goderich, whom he so well represents.

A QUICK PROMOTION.—W. P. McFarlane, who learned the telegraph business with Harry Armstrong, the old-time, reliable operator and agent of the G.N.W. Telegraph in Goderich, has been promoted to the responsible position of Superintendent of the Prescott, Elkhorn & Missisquoi Valley Co., and of the Sioux City & Pacific Railway Co., with headquarters at Missouri Valley, Iowa.

"Squirrelly," as was his nickname among the "bhoys," took Horace Grosley's advice and went west, and has prospered. He is also a crack shot, and has won several valuable trophies, including the Bankers' and Merchants' prize, at Sioux City, Iowa.

THE ZERA SEMON CO.—During the past week the Zera Semon Novelty Co., occupied the Grand Opera House, and has given interesting and amusing performances to crowded audiences. The exhibitions of sleight-of-hand, ventriloquism, and playing on named and unnamed musical instruments, have all been unexceptionable, and the marionette performances, where automaton performers all the many operations in connection with a minstrel performance, including talking, walking, dancing and singing, is truly marvelous. Each evening a large number of prizes are distributed amongst the audience, which although it may have a tendency to lessen the profits, nevertheless greatly advertises the performance, and adds a novel element to the other attractions. There will be another exhibition this (Friday) evening, and a matinee Saturday afternoon, in addition to the evening performance.

Mr. Arxworth, of Cleveland, was staying at the British Exchange on Thursday.

Ladies—take the children to see Zera Semon's wonderful marionettes at the Opera House Saturday afternoon.

Duncan Morris, of Devil's Lake, Dakota, is in town, the guest of his sister, Mrs. Magnus Swanson. Duncan looks as if the country agreed with him.

SEE THE POINT.—Why is a newspaper like a pretty girl? To be perfect it must be the embodiment of many types, its form is made up of many elements, and it is to argue the Pratt v. G. T. E. case to-day. He was welcomed to Goderich by all his old friends.

THE SNOOW IS SO DEEP on some parts of the 1st concession, Goderich township, that farmers on the lake shore road have to come to town by the 4th concession.

COMMUNICATIONS.

Mr. Rydd and His Reminiscences.
To the Editor of THE SIGNAL.
DEAR SIR,—I believe I speak the sentiment of a large class of your readers when I say that these interesting letters have proved a source of great entertainment to us all, and that personally we feel under an obligation to the author, and shall regret very much when they are brought to a close. Fortunately the writer not only possesses the will to give, but he also has the gift to describe in a most vigorous and graphic manner the stirring events in which he was so prominent a figure; therefore instead of crying halt, we should like him to continue his interesting narrative until it assumes the dimensions of a book, which he can finally leave behind him as a fitting monument to his pluck and ability as an old Huron pioneer.

As the old settlers of the town and the neighborhood are passing away, the opportunity of obtaining information respecting the manners and customs of the past will soon become extremely difficult, if not impossible, in view of which it would not be desirable to encourage as far as you can, correspondence of this nature, otherwise it may be too late to obtain these precious bits of local history, which the future compiler would consider of such great value.

The frequent and kindly allusions to Little Ben are a just tribute to the memory of a most worthy and conscientious man. It was my good fortune, over thirty years ago, to be favored with his acquaintance, and well do I remember the high esteem in which he was held as a citizen, while in matters of business he was looked upon as the very pink of honor. If I remember correctly, he ended his days in a house opposite the office of the Big Mill, and it is fresh in my memory today, the universal sorrow expressed by the mourners as they passed by so many of them I had the honor of following him to his last resting place.

When I read of the dangers and privations your worthy correspondent and his comrades underwent at that time, I am forced to the conclusion that the going at Saranac in '83, was after all but a little holiday jaunt, where the pleasing recollection of the good times we enjoyed will far outlive the thought of any possible inconvenience we may have endured. Incidentally I might remark, what a pity that old historical dug-out was not taken care of, and well do I remember a most interesting commencement for a local museum. In conclusion, allow me to express the opinion that while the 'great city dailies will continue to furnish the important intelligence from the world at large, that we look more than ever to our local sheet for what is going on immediately around us, and the paper that can supply the largest amount of reliable home news is sure to meet with a generous support.

Tribute to the Dead.
EAST SAGINAW, MICH.,
Feb. 11, 1889.

To the Editor of THE SIGNAL.
SIR,—Please publish the following:—At a regular meeting of "Valley City Typographical Union, No. 50," held at East Saginaw, Mich., on Sunday, Feb. 10, 1889, the following preamble and resolutions were unanimously adopted:

Whereas, Valley City Typographical Union, No. 50, has been notified of the decease at Goderich, Ont., of Robert L. Walker, late a member of said Union, after many months of suffering with that fell disease, consumption; therefore be it Resolved, that we, members of Valley City Typographical Union, sincerely regret and mourn the death of our late fellow-craftsman, thus cut off in early years of penury and sorrow, and who declared himself to all who knew him by many qualities of heart and mind; and be it further Resolved, that we, the members of this Union, extend our sympathies to the relatives of said deceased, and that a copy of these resolutions be transmitted to them, under the seal of the Union, and also be published in THE HURON SIGNAL, of Goderich, Ont., and that these resolutions be spread on the minutes of the Union and the charter of this Union be draped in mourning for the period of thirty days.

MATT BARDON, President.
CLARENCE NIELY, Sec'y.

PARAMOUNT.

Mr. Bryan Doyle, who has been very ill, we are pleased to hear is able to be around again.

Joe Pickering, jr., is able to be around again, after cutting the big toe of his right foot very badly with an axe while chopping.

Miss Lizzie Murdoch is visiting friend and relatives in Galt.

Our jovial engineer, Will Davis, has put in a new engine in his mill, and will no doubt turn out fine work in spring. Logs are coming in while the sleighing lasts.

Mr. Finlay McInnes is again employed as cheese maker for 1889. A Finlay gave good satisfaction last year.

Miss F. Murdoch is visiting friends in and around Marnoch.

CARLOW.

Preparations are being made for the entertainment in the church here on the evening of Thursday the 21st inst. The entertainment to be given by Mr. Sallows will be augmented by choice music, and as the Library Fund is expected to be aided every one wants to turn out to enjoy this popular entertainment.

PRESENTATION.—At the Presbyterian church, Smith's Hill, Jan. 25th, the members of the church presented Mr. Alex. Young and wife, with two very handsome haircloth chairs as a small token of their high esteem in which they were held, also accompanied by the following address:

DEAR AND RESPECTED FRIENDS.—We, the congregation of Smith's Hill Presbyterian church, on the happy occasion of your marriage, take the opportunity of showing the high esteem in which you are held by us, and also our appreciation of your many excellent and sterling qualities. You, Mr. Young, have for the past number of years occupied with credit and merit the arduous position of leader of the choir. You have always been faithful in your attendance, and done all in your power to further the interest and welfare of the choir. We sincerely trust that you will still continue in the position. As a slight token of our regard and of our appreciation of your valuable services, we beg you and Mrs. Young will accept of these two easy chairs and table, with the earnest hope that you may long be spared to enjoy them. We also beg that you will accept our sincerest congratulations and best wishes for a long and happy life. May you who have so often raised your voice here in praise of God be found singing praises in the Heavenly Chorus when "Life's troubled dream is o'er."

Signed on behalf of congregation,
MISS GLEN,
MISS LINKLATER,
MISS SALLAWS.

Mr. Young, in a few remarks, thanked the congregation for their very handsome present, not because of its intrinsic value, but for the good spirit in which it was given, hoping that the same kindly feeling may exist in the future as had been in the past.

LEEBURN.

From our own correspondent.
A. H. Clutton attended the recent meeting of the Ontario Agricultural and Experimental Union held in the lecture room of the Agricultural College, Guelph. This Union is composed of all the officers and students past and present of the College. The Union meets annually for the purpose of hearing papers on subjects relating to agriculture. Alex was pleased with the proceedings, and having the pleasure of meeting Mr. F. B. Linfield, who we recently noted has returned to his studies at the Agricultural Farm.

Miss Maggie Tobin is visiting her sister, Mrs. J. E. O'Connor, of Kingsbridge. Her wish to correct an error made by us in our items of Leeburn, Jan. 25th, 1889. We stated a dancing party was given by Mr. and Mrs. J. E. O'Connor and a large party of young people from here drove up to attend it. The party was a surprise one gotten up by the Leeburn friends, and not by the host and hostess, as previously noted by us. We hope this explanation will clear up some misunderstanding that our report of the affair has caused.

Miss Helen Dixon, formerly of Dunlop, but now a resident of Brucefield, was the guest of her aunt, Mrs. Fred Horton, last week.

Our townsman, A. Horton, had to keep house alone last week, and found his bachelor's experiences in the house-keeping line of long ago useful again. Mrs. Horton is visiting friends at Port Huron, Mich., this past fortnight.

Hillary Horton was in Brucefield this week.

The snow storm to everybody was a surprise, and stopped traffic a little. The attendance at No. 5, was only 7 one day.

John Chisholm, who had to go to Port Albert with a big grier during the recent storm, had to abandon a portion of it on the return trip. At the end of the week he recovered it all safely stowed in the snow where he had deposited it.

In some unaccountable way the remainder of Mr. Leeborn and Dunlop correspondence was mislaid this week.—Ed. SIGNAL.]

SHEPPARTON.

From our own correspondent.
Deanside farm has a new foreman in Mr. G. McCann, of Commercial st., who will assume full management, as its proprietor will for a time devote his time to a fast growing business in a local agency for the sale of organs and farm machinery.

DUNLOP.

From our own correspondent.
Miss Minnie Dean, of Kingsbridge, is visiting relatives here this week.

Our former townsman, H. Horton, now of Goderich, gave our burg a visit this week, being the guest of the laird of Lansdowne farm.

Hon. Mr. Haggart recently received a "confidential" circular, from New York, addressed to "John Haggart, Perth, Ont.," offering to sell him counterfeit Dominion bills, and alleging that Mr. Haggart's name had been suggested to the writer as that of one "who was to be relied upon and trusted."
