### A Serious Matter.

POLLUTION OF THE WATER ON PENNYWELL ROAD.

Editor Evening Telegram:  
 Sir.—The matter of the pollution of the drinking water on Pennywell Road is proving very serious to the residents of that locality. Whoever is responsible for the dumping of night soil and other refuse matter on the proposed new street, near the well—whether Council employee, landlord or other parties—they should be immediately punished and made to take the noxious matter away at once. The Council is not blameless in this matter. If instead of putting the water service up Freshwater Road—where there are no houses, or not likely to be any for some time to come—they had given the people of Pennywell Road a water service all this trouble and inconvenience would never have occurred. It is a sorry plight for twenty families or so to be treated in such a manner, by thoughtless persons on the one hand, and a negligent Municipal Council on the other. The least the latter can do is to provide water for the people. They have been given the means to do so by the Government, and they had the place measured last fall. Let them, then, get to work! The need is urgent, and now is the time, not when the frost is beginning to get in the ground again. Come, Messrs. Councilors, see that this matter is attended to and attended to at once!

Thanking you for space, Mr. Editor,  
 Yours truly,  
 May 11th, 1911. ROCKY LANE.

### Grows Hair Abundantly

This is an age of new discoveries. To grow hair after it has fallen out to-day is a reality.

SALVIA, the Great Hair Tonic and Dressing, will positively create a new growth of hair.

If you want to have a beautiful head of hair, free from Dandruff, use SALVIA once a day and watch the results.

SALVIA is guaranteed to stop falling hair and restore the hair to its natural color. The greatest Hair Vigor known. At McMurdo's.

### No Big Fires.

In years gone by hardly a month went by but there were fires of considerable dimensions to be reported, but since the inception of the new system of fire alarms configurations are not often chronicled. This has been especially the case during the past few years, when only the Baird blaze and that on Alexander Street occurred. Last year the city was remarkably free from outbreaks, and this year but few fires have occurred the slight blazes which occur when shingles of houses ignite when high winds prevail. Fires such as these have occurred during the past week but no loss resulted from them. This speaks well for the efficiency of our fire department, and reflects credit on Inspector General Sullivan who has charge of that department.

### Seven Prisoners.

This week the police have their work cut out for them, and each evening arrest a number of drunks and disorderlies. Yesterday evening and last night was no exception to the rule and the police brought in seven drunks and disorderlies.

### Fire at Bay de Verde.

The flakes owned by Mr. Riggs at Bay de Verde were destroyed by fire last week. Mr. Riggs and men were engaged in boiling bark to coat their traps when the fire under the bark pot caught the dry flake boughs and a crown the whole was in a blaze. A crowd gathered and by using buckets of water the fire was put out.

### Will Have Motor.

To-day the crew who are to go to New York for the church ship Amazon will be signed and will leave by the Florizel to bring her down. The vessel in addition to being a good sailer will carry a 75 horse power keerosene motor and will be able to make any harbor under almost any weather conditions.

### Brilliant and Cornwall Coming

H.M.S. Brilliant will be on this station again during the coming summer and after arrival on the coast will spend some time visiting Bay St. George and other places west. She should arrive at St. John's about the 10th June and will take part here in the Coronation festivities. The Cruiser Cornwall will also visit this port this summer in August. She will have a number of Cadets on board, will visit Canada on her usual route and will remain a few weeks in St. John's. She has a good cricket and football combination on board and some interesting matches with local teams should occur.

### Sound Advice for All Sufferers.

MRS. LOIS MCKAY TELLS THEM TO USE DODD'S KIDNEY PILLS.

They took the pain from her side, cured her backache, and made her a well woman—Dodd's Kidney Pills always cure where the kidneys are the cause of the trouble.

Tiverton, Digby Co., N. S., May 10. (Special)—"I advise every sufferer from Kidney Disease to use Dodd's Kidney Pills." Those are the words of Mrs. Lois McKay, of this place.

"Before I used Dodd's Kidney Pills," Mrs. McKay continues, "I suffered with a bad pain in my back and side. Sometimes when I sat down I could hardly get up out of the chair. But thanks to Dodd's Kidney Pills my pain is all gone and my back is well. I have proved for myself that Dodd's Kidney Pills are good."

How many women are there in Canada who suffer day after day with pain in the back or some other equally painful and disagreeable form of Kidney Disease? Every day from all parts of the Dominion come the statements of other women who have suffered just as they do, and who have been cured by Dodd's Kidney Pills never harmed anyone. They have cured thousands. They have never failed to cure where the kidneys are the cause of the trouble.

### The Starvation Reports

Mr. Editor.—How is it that so much excitement and protest is now created by the sensational Labrador starvation report? Is not this the style of thing that has been going on ever since the foundation of the Grenfell mission? Is it not on such reports as these—and worse—that this mission has thrived and swollen into the gigantic proportions it now rejoices in? And with what consistency can these newspapers and others now decry and repudiate these rumors when they themselves have for the past ten or fifteen years lent all their support to the maintenance of this mission. But worse than all, it appears now that we, the insulted and maligned people of Newfoundland, are to be called upon to perpetrate and to crystallize our own degradation by the erection of a building which is designed to be a standing monument to it in the city.

**Irish Loyalty.**

In an article in this week's Reynold's Newspaper Mr. John Redmond says: "Irishmen are by instinct and nature not a 'disloyal' but a loyal people. Home Rule will create loyalty in Ireland, as it has done in Canada, Australia, and South Africa."

"If the fears, similar to those about Irish 'disloyalty' in the future, had been allowed to prevail against the concession of Home Rule to Canada, Australia, and South Africa, all these possessions of the Crown would by this time be independent Republics like the American Colonies."
