Ramea Notes.

Occasionally I see a copy of the Plaindealer, and was somewhat surprised to see in that paper under date of April 17th, the following: "Since the ice has cleared off, the Western bankers are doing well. At Burgeo and Ramea boats are getting from five to ten quintals per day." The Plaindealer professes to be published for the benefit of the fishermen to some extent, but should the editor of that paper heard some of the comments made by the fishermen in reference to the item referred to above, it would have opened his eyes a little. The truth of the matter is just this, our vessels at the Western fishery made a wretched spring. The best only procured about 150 quintals for fourteen men, while some of the others shared only two quintals per man. This is the worst for about twenty years. At the time mentioned by the Plaindealer, April 17, while perhaps a quintal or so may have been caught at Burgeo (but I think not), not a fish had been caught here with the exception of about 2,000 lbs. caught by the schr. Maple, while halibut during February and April. Our shore fishery opened here on April 24th, and since that time the fifteen skiffs fishing from here carrying three men each, average 3,000 fish per boat. This would mean roughly speaking 33 quintals per skiff, half of this again would be ling. Now you have our whole fishery to date in a nut shell.

What may have been a serious accident, was prevented to-day by the grit of one of our fishermen. A strong breeze was blowing square of the shore, when the skiffs started out for their trawls from five to nine miles off the land. By the time their gear was on board, the wind had freshened to a gale. One of the offer skiffs, shortly after making sail, sprung her foremast so badly that she could carry little or no sail on it, they being then about nine miles off the land with a gale dead ahead and a nasty cross sea. However, Albert Gilles pluckily bore down on them, got

a line on board and succeeded in towing them to land which he reached about three p.m. For a man to do this in a skiff while under reefed sails, show that our fishermen are hard to beat. Especially when we consider these boats are only about 25 feet over all with a beam of eleven feet and each tows a dory as well. Well done, Bert. Long may your big jib draw.

Sprung a Leak.

The schr. Lady Mabel, Skipper Thos. Call, left here with a load of salt for Kettle Cove a few days ago and had the full force of the S. E. gale and heavy sea which came up that evening. The vessel in the midst of the storm sprung a leak, made water fast and it was feared she would founder; most of the salt was thrown overboard and pumps were kept going all night and all day until she reached her destination with all hands worn out from their exertions. There were 6 men of a crew on board and all had a narrow escape.

Detective and Girl.

Without doubt the company at Rosaleys is the most versatile and clever ever at the Star Theatre. Lorraine Buchanan and Billy Devens in their very refined act please all. Billy Devens was with the Merry Widow Co. in England and New York for two seasons; he has a beautiful voice, and each act they appear in Billy sings their next change of act will be a very funny comedy. Cook and Beale always make good. Miss Beale's imitation of a little girl is a splendid piece of work; many people really believe her to be a little girl but she is the wife of Mr. Cook which makes the part she plays all the more wonderful; their next act will also be a fine one and different in every respect; they are both great dancers. There will be a special programme for the big holiday—Empire Day—next Saturday.

Councillor J. J. Coaker received a telegram from his sister, Mrs. Hodgkins, at Stellarton, N. Here and There.

SEALING CASE SETTLED.—The sealing case between Capt. Bartlett, of the s.s. Neptune, and Capt. Clarke, of the s.s. Southern Cross, has been settled.

Mr. Will Earle, of the Claims Department, Reid Nfld. Co., who has been confined to his home with a cold, is getting better. Bill will to-morrow be re-seated at his desk.

POLICE COURT.—One drunk was discharged. A 19-year-old fisherman of McKay Street, for desertion, was remanded. Two persons summoned by Head Const. Dawe, for having dangerous buildings, were ordered to have repairs made.

FOR BOSTON.—Quite a number of men left here by the Bruce express yesterday for Boston; some will go fishing from that port and others will work along shore. Some also will go to other cities and towns in the state of Massachusetts.

OUTRAGEOUS ACT.—Sunday night in the road near the head of Mundy's Pond, some miscreants placed a lot of logs, owned by Mr. Mercer, across the thoroughfare effectually blocking it. Had any automobile or other vehicle approached, it is likely the occupants would be seriously hurt if not killed. The police should look into this matter.

STRIKE MAY DETAIN HER.—The Altian liner Carthagenian may be detained at Philadelphia in consequence of the Longshoremen's strike. The ship was expected at first to leave Philadelphia for this port on Saturday next but if delayed in getting a freight will not get away before Tuesday or Wednesday of next week.

His Excellency the Governor with Mrs. Davidson and suite left here by the 8.45 a.m. train to-day for Placentia, where His Excellency will remain a few days visiting the various points of interest about this old historic town. He will also enjoy some fishing there. The Vice Regal party went in the private car Terra Nova.

STYLES FOR YOUNG MEN.—We have made a specialty of catering to the young men's trade of this city, and by strict attention to their wants, we have established a business far beyond our expectation. How? By giving the young men up-to-date, well-made, fifty suits, that look well, wear well, and adds another permanent and satisfied customer to our list. Are you a well-dressed young man, if not, try the Spurrell plan. SPURRELL BROS., 45 Water Street, next door to Parker & Monroe's.—may20,tf

BEOTHIC HERE.—The s.s. Beothic arrived here at 5.30 a.m. to-day coal laden from Sydney to Franklin's and Job Bros. The ship made the run down in 21 hours. Contractor McDonald discharges the cargo.

BECAME DANGEROUSLY ILL.—A good sign of fish at King's Cove the last week. James Brown took twenty barrels from his trap there yesterday in two hauls and other men made fair hauls. The schr. S. A. Parkhurst which arrived here last night from Greenspond fished a lot of fine cod off King's Cove.
Winard's Linctament Cures Diphtheria.

Overlooks Challenge.

Editor Evening Telegram.
Sir,—Being busy the past few days I have not time at present to answer the letter of "West End Voter" in yesterday's Herald, but will do so to-morrow. Meantime you will note how this individual who is so quick in crying "coward," conveniently overlooks my challenge and still hides his identity under a non de plume.
Yours truly,
WEST END LIBERAL.

Schrs. Damaged.

The schr. Queen of the Arm which left Island Cove yesterday at 4 a.m. for St. John's had to run into Carbonne owing to heavy squalls from the S. E. Leaving again she had to come to anchor again, her main shroud being broken. Repairs had to be made at Carbonne. Over 100 sail of craft from Northern ports reached here yesterday and several of them had their sails torn in the blustery weather which prevailed.

A Fine Store.

Mr. George Neal had recently completed on his east end premises, a fine new store which was badly wanted for his rapidly expanding business. It is three stories high and will be used for the storage of goods generally and especially produce. It is fifty feet wide by 100 long and is most substantially erected. It will be a great convenience to Mr. Neal's patrons and his son, Mr. David Neal, conducts the branch business which has been started here, occupying the office built in the store. We congratulate Mr. Neal on his enterprise.

Sailed To-Day.

The S. S. Prospero sailed for the Northern ports at 10 a.m. to-day, taking the following passengers: Messrs. C. Scott, J. Morey, Vey, A. W. Lake, T. Walsh, Dr. Foster, J. Haggood, C. King, E. Woodford, Capt. J. Keane, Mesdames Frowd, David Ryan, Misses Perry, Locke, McGinn, Burt and Crifford and 50 steerage.

SCHOONERS BADLY DAMAGED.—In the heavy gale of wind from S. E. which was experienced on Friday last at Kettle Cove the schr. Mary E. owned by John Campion, and the Mary, owned by Ben Morris, dragged their anchors and collided with each other. The former was very badly damaged and must be towed here for repairs, while the latter was also put out of commission.

U. S. Dreadnought To Cost \$20,000,000.

Washington, May 15.—Congress will be asked next year to appropriate for one battleship, a monomoth dreadnought displacing 40,000 tons and costing about \$20,000,000 according to tentative arrangements of the Navy General Board, made public to-day. This year the Navy Department asked for three battleships and got one; as it did last year when the estimate called for two.

During the debate on the Naval Bill this year, members of Congress particularly interested in the Navy, became satisfied that, while there were two extreme factions, one advocating appropriations for two or three big class battleships a year, and the other with "no battleships" as a slogan, an overwhelming majority in both Houses could be counted upon to vote for a single dreadnought.
This one battleship, however, will be monster. With a displacement of 40,000 tons she would be just about one-fourth larger than any ship yet authorized by Congress, and would easily rank as the largest and most formidable craft of war in the world. It is contemplated giving the dreadnought engines that would drive her through the water at the rate of 25 knots.

Negro Bootblack Shot Five Men.

Fort Worth, Tex., May 15.—Tommy Lee, a negro bootblack, to-day shot dead Policeman Oehlert, a veteran of the local force, and Walter Moore, a negro, and shot and severely wounded David Colton and Harold Marlock, and an unidentified negro. He then crawled into a sewer while pursued by a mob of two thousand people and shot himself. He will die.
The trouble started when Lee fired upon a negro with whom he had quarrelled. This excited him and he ran to a negro pool hall and killed Moore. The policeman was killed when he attempted to arrest Lee.
