PROOFS OF THE SUPERIOR QUALITY OF THE AMERICAN WATCH

MADE AT
WALTHAM, MASS.

Referring to their advertisement in a previous issue of this paper, the American Watch Company, of Waltham, Mass., respectfully submit that their Watches are cheaper, more accurate, less complex, more durable, better adapted for general use, and more easily kept in order and repaired than any other watches in the market.

They are simpler in structure, and therefore stronger, and less likely to be injured than the majority of foreign watches. They are composed of from 125 to 300 pieces, while in an old English watch there are more than 700 parts.

How they run under the hardest trial watches can have, is shown by the following letters:

PENN. RAILROAD COMPANY.
 Office of the General Superintendent,
 Altoona, Pa., 16th Dec., 1866.

GENTLEMEN:—The watches manufactured by you have been in use on this railroad for several years by our engineers, to whom we furnish watches as part of our equipment. There are now some 300 of them carried on our line, and we consider them good and reliable time-keepers. Indeed, I have great satisfaction in saying your watches give less trouble, and have worn out do wear much longer without repairs than any watches we have ever had in use on this road. As you are aware, we formerly trusted to those of English manufacture, of acknowledged good reputation; but as a class they never kept time as correctly, nor have they done as good service as yours. In these statements I am sustained by my professional, Mr. Lewis, whose experience extends over a series of years.

Respectfully,
 EDWARD H. WILLIAMS,
 General Superintendent,
 American Watch Co., Waltham.

NEW YORK CENTRAL RAILROAD.
 Locomotive Department, West Division,
 100 Broadway, New York, Dec. 24, 1866.

GENTLEMEN:—I have no hesitation in saying that I believe the great majority of Locomotive Engineers have found by experience that Waltham Watches are the most satisfactory of any for their uses. They run with the greatest accuracy and steadiness, notwithstanding the rough riding of an engine, and as I have never known one to generally out, they must be durable. I hope to see the time when Railroads as good service will generally adopt your watches, and furnish them to all engineers and conductors. In my opinion it would greatly tend to promote regularity and safety.

Yours respectfully,
 CHAS. WILSON, G. Chief Engineer,
 Brotherhood of Locomotive Engineers,
 American Watch Co., Waltham, Mass.

We now make five different grades of watches, named respectively as follows:
 Appleton, Tracy & Co., Waltham, Mass.
 P. S. Bartlett, Waltham, Mass.
 Wm. Ellery, Boston, Mass.
 Home Watch Company, Boston, Mass.

All of these, with the exception of the Home Watch Company, are warranted by the American Watch Company to be of the best material, on the most approved improved principle, and to possess every requisite for a reliable time-keeper. Every dealer selling these watches is provided with the Company's printed card of guarantee, which should accompany each watch sold, so that buyers may feel sure that they are purchasing the genuine article. There are numerous counterfeiters and imitations of our watches sold throughout the country, and we would caution purchasers to be on their guard against imposition.

Any grades of Waltham Watches may be purchased of watch dealers.

Testimonials can be obtained on application from many persons in Canada who have worn the watches with the greatest satisfaction.

Great Cure of Liver Complaint and Dyspepsia in Canada.
 Consignee, Prince Edward Co., C.W., March, 1867.

Messrs. Young & Chamberlain—Sirs—Having proved within my own person that there is a last medicine that will indeed cure Liver Complaint and Dyspepsia, I am induced to make this statement under oath, which is to certify that I have been severely afflicted for the last three years, according to the Doctor's statements, with Liver Complaint and Dyspepsia. I had a feeling of sinking and vague uneasiness about the stomach, worse than pain, attended with wind, occasional pain, drowsiness, constipation, uneasiness in the right side, headache, a poor appetite, &c., and was greatly reduced in strength. Hearing your new Indian medicine, the Great Shoshonee Remedy, spoken of so highly, I tried a bottle with your Pills, from the first day I found but little change, but I took another and the third found me improving. I continued it until I have taken about 100 pills, using the Pills, and I find that I have quite recovered. I eat hearty without pain or uneasiness. I can well and have pleasure in attending to my business. The doctor remarked to me I was looking much better. I told him that the Great Shoshonee Remedy was doing it. I have recommended the Remedy in several cases, and it has invariably given good satisfaction, and I would strongly recommend it to all afflicted as I was.

VALUABLE FARM PROPERTY
 For Sale or to Exchange.

THE undersigned offers for sale, or to exchange for Real Estate in the Town of Guelph, the mentioned property, viz:

First.—A valuable improved Farm North of the Durham Road, in the Township of Bentinck, three miles from the Village of Durham, containing about 100 acres, with 18 feet post and under fence. On the premises are a substantial Frame Dwelling House with good cellar, garden and well, with pump of excellent water. Also, a Frame Barn 60 x 30, with 18 feet post and underground stabling, and a never-failing spring in the barn yard for the supply of water to cattle. This is a very eligible property, and well worthy the attention of those who wish to obtain a good farm.

Also—Lot 42, in the 3rd Concession of Bentinck, West of the Guelph Road, 100 acres, about 12 acres cleared, with a Frame House on the Lot.—The Rocky Sanguen River crosses one corner of this Lot, and has a valuable water power on it, capable of driving any machinery.

Also—Lot 25, in the 1st Concession, South of the Durham Road, three miles from the Village of Pricville, in the Township of Ardenburg. There are about 25 acres cleared and fenced on this lot, with a good new Log House.
