Guelph Evening Mercury

WEDNESDAY EVENING, OCT. 1, 1873. Town and County News.

TRAVELERS' SALE OF LANDS. - We direct attention to the great sale of lands for taxes, which is to take place at the Court House, Guelph, on Tuesday next, October 7th.

BAZAAR SOCIAL. - The Rockwood Canada Presbyterian Sabbath School will hold a bazaar social in the Town Hall, on Friday evening Oct. 3rd. An interesting time may be expected.

SALE OF THOROUGHBRED STOCK. - Our readers will bear in mind that Mr. L. Parkinson's sale of thoroughbred stock takes place on Wednesday, October 8th. Sale at one o'clock.

CONCERT AT HESPELER. - A concert and ball under the auspices of the Hesperia Mechanics Institute and Library Association, will be held in Field's Hall, in that village, on Friday evening Oct. 10th.

INSTALLATION SERVICE. - The officers elect of the Guelph Division, S. of T. will be publicly installed on Friday evening next in the Good Templars' Hall. After the ceremony there will be addresses, singing and music. The public are cordially invited to be present.

LECTURE. - Rev. J. W. Manning, P.G. W.P. of the Grand Division S. of T. will deliver a lecture on Temperance, in the Good Templars' Hall, on Monday evening next. The Rev. gentleman will be present at the Sabbath afternoon temperance meeting.

QUICK WORK. - Donald McCaig, working for Mr. John Campbell, 10th Con., Puslinch, performed a feat in thrashing on Tuesday. He thrashed 700 bushels of barley in six hours. We should like to hear from some one who can beat that.

CONCERT. - A concert will be given at Price's Corners, East Garafraxa, on Monday evening, Oct. 7th. The evening's entertainment will consist of dialogues, recitations, songs, and choice music by the Frogtown string band, under the able leadership of Prof. Carroll. Admission 15 cents. Proceeds to be devoted to paying for instruments.

ANOTHER SUPPLY OF NEW BOOKS at ANDERSON'S. - Under the title of "The Red Dragon," by Grant; "Nightshade; Gone Before," by Henry Southgate; "Difficulties in Theology," by Oswald Dyke; "Free Church Missions in India and Africa; British Heroes in Foreign Wars; and Plain Pulpit Talk," by Cooper; "The Christian Missionary," by Dr. Judson; "The History of the Great Reformation," by J. H. Merce D'Aubigne; and Mrs. Hemans' Poetical Works.

HALTON. - The quarterly meeting of the Halton Society of Temperance Convention was held in Milton, in the Temperance Hall, on Tuesday, 4th of Sept. A good number of members were present. After the ordinary routine business was over reports were heard from all the divisions represented, which showed them all to be in a very satisfactory condition. Before the Convention adjourned it was decided that the next meeting should be held in Aton, at ten o'clock, on Thursday the 8th of January, 1874; also, that there should be a public meeting at night. We are requested to state that any communications from Corresponding Secretaries of the Convention must be addressed to McMillan, Nassagaweya, P.O., Halton.

SUDDEN DEATH AND INQUEST IN ERIN. - An inquest was held on Tuesday by Dr. McNaughton, Coroner, on the body of a young man named Thomson, who was found dead on Tuesday morning in bed in the house of his brother-in-law, Duncan Murray. The evidence before the jury went to show that deceased had recently returned from the Manitoulin Islands, where he had been for some time. During part of his stay there, and since he returned, he was affected considerably by a fever. He had been in the habit of drinking to excess from time to time, and a few days before his death he had been on a heavy spree. The only verdict which the jury could arrive at was, "That deceased came to his death by acute disease, brought on by excessive drinking."

THE HIGHLANDER. - We have received another copy of this enterprising Inverness weekly from Mr. John Anderson. Its contents are of a nature to prove exceedingly interesting to all of the large class whose "hearts are in the Highlands." They comprise full reports of political and social news in the North of Scotland; notes and queries; characteristic anecdotes; poetry, much in Gaelic; and well-written editorials on Highland matters. In connection with this periodical, Mr. Anderson informs us that an old resident of Guelph, now in West Florida, but who still subscribes to the WEEKLY MERCURY, noticed our last paragraph in relation to the Highlander, and at once sent Mr. Anderson an order for the periodical. So much for the value of a notice in a well-circulated newspaper; it may be read and acted upon in distant corners of the world where its influence might least be expected to reach.

Market Report. The grain Market during the past week has been well supplied. Wheat has slightly declined in price, \$1.16 being the highest quotation for fall, and \$1.06 for spring. Barley has gone up, the ruling price being \$60, but we understand that as high as 97c was paid to-day. Oats are quoted from 32 to 35 cents; Peas 50 to 52c. Butter is in good demand and has advanced, 22c, being paid to-day.

The National Union Bank. Bonds Not Worth Much.

Discharging Men. Tunnel Work Suspended.

Chicago, Sept. 30. - There is an announcement this morning that the National Union Bank was going into liquidation, which took everybody by surprise, except bankers, who, for some reason or other, appear to have anticipated the event, and took it very coolly, none of them expressing any apprehension that it would materially injure financial situation, though it had effect to temporarily depress prices of grain, and caused quite a feeling on 'Change. There has been no further trouble with other banks, all going through the Clearing House today without trouble.

New York, Sept. 30. - At the auction sale of Midland R. R. Bonds in Jersey City to-day, only from 5 to 25 cents on the dollar were realized.

The Grant Locomotive Works, at Paterson, on account of the scarcity of greenbacks, discharged 175 men yesterday.

Work on the Delaware, Lackawanna, and Western R.R. tunnel through Bergen Hills was suspended, throwing over 400 men out of employment.

Breaking up Camp. A three-hours' delay of the train by which Col. French travelled on Tuesday prevented the artillery inspection from being held at the time and place announced. He did not reach Guelph until after five o'clock, and the inspection therefore came off immediately upon his arrival, at the Exhibition Park. The battery was drawn up in the horse ring, and carried out evolutions similar to those on the previous day. Owing to the confined space within which the battery had to manoeuvre, they were placed at a considerable disadvantage, but notwithstanding this, they acquitted themselves in creditable fashion. The wheeling of the guns in "close interval" was a movement which must be looking to the proficiency of the part of the drivers. Each gun is drawn by six horses, and followed by its four horse ammunition wagon; the four guns are drawn up in line, with but two yards interval between them; and the whole battery then moves round in a sharp curve, leaving the line of march to support them in their efforts for the efficiency of the battery. He had been endeavoring to persuade the Government to offer prizes for drivers. There were prizes for gunners, for cavalry, for infantry - in fact, the drivers were almost the only ones who were not. He contended that he brought a pair of good horses to the service of the battery, and drove them well, was making a most important contribution to the efficiency of the corps. The Puslinch division of the battery was then dismissed to make preparations for their return home, whilst the remainder of the men were put through a course of gun drill, subjecting them to a search of test as to their knowledge of the part assigned to each individual gunner in the working of the piece. This concluded the work of the camp. A portion of the tents were already taken down, and the remainder disappeared to-day. The Puslinch men, under command of Lieut. Nicol, started some time after sundown, amid cordial adieux from their comrades, after giving three hearty cheers for Capt. Macdonald, and paying a like compliment to Staff-sergeant Clarke, the drill instructor. Mr. Clarke was shown a number of medals which he had won in his efforts for the instruction and improvement of the men.

In the evenings Lieut. Col. French, with the representatives of the local press and the Registrar Webster, dined with the officers in the mess tent. Col. French leaves to-day. He stayed at the Royal Hotel. Lieut. Col. French is Inspector of Artillery for the Dominion, and his duties have relation to the organization and efficiency of this arm of our national defenses; whilst the instruction of Col. Taylor on Monday was to certify that the battery was efficient, and entitled to their pay. Col. Taylor, we learn, was the guest of Col. Higginbotham whilst in Guelph.

We should have stated that the battery made some excellent shooting at their ball and shell practice recently. They fired 100 rounds a thousand yards and there was not much left of the target when they concluded.

October Fair. The regular monthly fair on Wednesday was well supplied with cattle, the number being largely in advance of any previous ones for some months. Working oxen in yoke and milch cows were well represented. There were a few medium fat cattle on the ground, but buyers and sellers were wide apart. A few changed hands at 24c to 25c. Cows ranged from \$15 to \$30 each, while for oxen there were no buyers. The fair was pronounced by dealers as being the dullest that has been held for many months.

GREAT SALE OF IMPLEMENTS. - We direct attention to the advertisement in another column, of the large sale of Agricultural Implements, belonging to the late firm of Messrs. Thain & Elliott, Guelph. The sale will take place on Saturday 11th October. This will be a rare opportunity for farmers to secure articles in their line at very low figures, as the stock must be sold.

Eramosa Fall Exhibition.

The Eramosa Fall Exhibition was held on the grounds of the Agricultural Society, at Bookwood, on Tuesday. The Society has improved their grounds by removing the large stones from the centre, and also cleaning up the fine grove at the further end, which makes this part of the grounds quite a resort for those who wish to take a walk among the trees. They have also erected a new building for the exhibition of grain roots, &c., as the Hall was too small for the accommodation of all. The attendance was large, the fair sex being largely represented. There was also quite a number of Galopites present. Among those who were trying to turn an honest penny was J. Griffith with his merry-go-round; he seems to be gathering in the "root of all evil" in the shape of five cent pieces pretty fast. Next is Mr. Sutton, of Warner & Sutton, disposing of candies and cakes. Mr. J. Hunter had a fine selection of jewellery, which he was selling at such reasonable prices that his stock rapidly declined. Messrs. Bell & Co. showed one of their fine organs. Mr. J. A. Tovell had a fine set of team and one set of single harness on exhibition only. There were several others down on business; and others for pleasure.

In the Hall there was a splendid display of fancy work, fruit, &c. The display of apples was as good, if not better, than at the Central, there being 131 lots of 25 collections of grades 15, pears 30, and plums 12. There was a splendid display of butter in rolls, there being 25 exhibitors in that class, and in firkins 22, all of which looked first-class. There was a fine show of home made bread, also some nice cheese. In ladies' fancy work a great variety of articles were exhibited, every kind and design. In quilts and coverlets the show was fair. Ornamental and crochet work was good in almost every pattern and design. Fancy knitting, socks, stockings and mitts were in endless variety. The show of hand made goods was very good. Fancy worsted work was excellent, but there were few exhibitors. There were several fine wreaths made from hair, feathers, shells, &c. There were four fine pen and ink sketches which were done by a weaver, and were highly creditable. A fine assortment of hooked mats was exhibited, which for neatness and design would be hard to beat. There were four pairs of very fine boots shown, and one pair of ladies boots. Mr. J. W. Knowles showed two fine sets of team harness and one single set, all of which were very superior. The show of house flowers was rather poor, while in the collections of annuals and bouquet the show was good. Two bottles of home made wine were shown; also fine jars of honey.

In sewing machines the Osborne, Keybrand and Montreal Bingers were exhibited. In the show of Ball & Co. and two United States organs were shown by W. Leathe, Georgetown. In grain roots, &c., the display was good. In potatoes the show was splendid both in regard to number of entries and size. Turnips were good and well represented.

In furniture George Donnelly, Rockwood, exhibits one fine drawing-room set for which he takes the first prize and an extra, consisting of tete-a-tete gent's and lady's chair, four single chairs and centre table. This is really a handsome set and would set off any parlour in the town.

The show of horses was very good; every class had a great number of entries and among those shown was some very fine animals. The show of brood mares and colts was very good, as also were the team horses. The show of young horses was splendid, and the same may be said of carriage, buggy and saddle horses.

The show of cattle was far ahead of any previous year. There were no less than 29 pens of sheep, some very fine ones being exhibited. In pigs, what was lacking in number was made up in quality, those shown being exceedingly fine.

Implements were well represented, a number of exhibitors from other Townships being present.

After the show was over the Directors and a number of other parties sat down to a dinner prepared by Mr. S. Duffield, of the Railroad house, who is quite an adept in catering to the wants of the inner man.
