K. OF P. INSTALL THEIR OFFICERS

Interesting Banquet at Conclusion of Installation

The Knights of Pythias, Alberta No. 1, held a meeting last evening for the election of officers for the coming year, which resulted as follows:

B. Vincent, P.C.  
A. H. Brunson, C.C.  
Bro. Pierce, V.O.  
W. Hall, M.W.  
Geo. A. Hall, K. of R. and S.  
C. Loughheed, M.F.  
S. J. Clarke, M.E.  
M. F. Pentland, M.A.  
J. M. Ramsey, P.

After the installation of the newly elected officers the members adjourned to the Dominion hotel, where an excellent repast had been laid.

Bro. Vincent occupied the chair, and after ample justice had been done to the nates said he was sorry that they were meeting under rather more sad circumstances than they did two months ago when they met in that hall for farewell banquet to Bro. McLeod who was then leaving the city. It was at first thought of calling this banquet off owing to the very serious illness of Bro. G. A. Hall, R. and S., who is in a critical condition.

Bro. A. H. Brunson, C.C. for the coming year, then took the chair, and after giving the King's toast he asked for a good attendance at the meetings and support for next year. He proposed the toast of the sister lodges, which was responded to by Bro. Bradley, who has been transferred from the Nelson branch.

C. Loughheed also responded to the toast of the lodge and Bros. Woodward, Bates and Pratt also gave speeches.

The toast of the host was responded to by J. Mosley, who said he hoped the lodge would continue in its present success and that all those who were not members of the K. of P. would join as soon as possible.

### MORTGAGED FORTUNE OF MANY MILLIONS

A Young German Millionaire Can't Spend it Fast Enough

Berlin, Jan. 2.—The Tageblatt today announced that the second son of August Thyssen, the great steel and coal producer, and one of the richest men in Germany, had mortgaged his share in his father's estate to a firm of bankers for from \$2,500,000 to \$5,000,000. The son's legal interest in the property under the father's contract, with the boy's mother in 1885, was established some time ago through Herr Thyssen's efforts to place his son under guardians, so as to prevent him from wasting his proportion.

He was believed to have been walking across the park at night. His body was removed to the morgue.

Numerous inquiries regarding him had been received by golfers recently, two messages concerning him having been cabled from Scotland. It was late he had not prospered financially.

### NO INSURANCE UPON NEGROES

Life Insurance Companies Adopt New Policy

New York, Jan. 2.—The increased death rate among negroes, is the reason given by the Metropolitan Life Insurance Company for refusing to accept more applications for policies from them. The company now carries more than one million dollars worth of risks on negro policy holders. The new order went into force yesterday, but the agents assert that the reason assigned by the company is not the sole one. The agents say that the negroes, most of whom have industrial policies with premiums of from 15 to 35 cents a week, frequently permit their policies to lapse, but renew them after a short time. Upon renewals the agents have made a percentage that the company would have secured if the policies had not lapsed. After yesterday all policies held by negroes which are allowed to lapse will be cancelled, notwithstanding the fact that there is a state law prohibiting insurance companies from discriminating against negroes.
