"YEOMEN OF THE GUARD" AT THE SHERMAN GRAND TONIGHT.

GUS EDWARDS HEADS BILL AT ORPHEUM TOMORROW

A most important headliner will be the attraction at the Orpheum this evening, when Gus Edwards presents his "Song Review of 1912." When it is remembered that he is the composer of popular and catchy songs, such as "School Days," "By the Light of the Silvery Moon," "Just Can't Make My Eyes Behave" and others it can be assured that a treat is in store for young and old. An added feature to the set will be the troupe of talented boys and girls, who will have an important part in the performance. Gus Edwards has chosen the best songs from his output, and the act is one of the most enjoyable features that has visited the city. Of course, there are grown-ups and big boys in the production, as well as George and Cuddles, the youngest members of the cast, are the favorites.

Another feature of the bill is William H. Lytell, who creates no end of laughs in his funny farces. One of the variations is a father who has been through the same himself, and he, too, provides much of the comedy of the play.

Dave Kramer and George Morton also provide much mirth for the new bill and present one of the funniest and liveliest black face acts on the stage. Both characters are genuine at negro impersonations, and their singing and dancing are sure to make a hit.

Those who have seen Jesse Laakey's Pianophend Minstrels will be pleased to know that big Ben Linn, who was a star of that production, is touring alone this year and is making good. He has all kinds of new songs for his audience tonight, and combined with graceful dancing, it should be a success.

Another interesting turn will be offered this evening by General Pineda, the famous Italian sharpshooter, and is called "Bombardeiro Tripoli." His taking effect and fine marksmanship makes the act an interesting one, and besides he does some "clever trick" will be offered.

The bill is completed by Les Alvarez, a duo of trapeze performers, whose act is both thrilling and daring. It is certainly one of the best acts of its kind ever offered to vaudeville patrons.

"THE YEOMEN OF THE GUARD." The committee of the Calgary Operatic Society have arranged with the management of the Durban pictures now showing at the Sherman Grand Theatre to give two more performances (matinee and evening) of "The Yeomen of the Guard" on Wednesday next, April 17.

It is expected that a large number of citizens who could not see this successful production on account of the Horse Show will avail themselves of this opportunity to attend the opera, which is unanimously pronounced to be a very creditable and delightful performance.

All the elaborate costumes have been retained by kind permission of Messrs. Kallikar, the Winnipeg costumers, and the cast will be the same as last week.

METROPOLITAN OF THE GREEK CHURCH WHO WAS MURDERED

Four corpses about to be hanged by the Turkish authorities at Smyrna were rescued while being taken to the gallows, according to the latest reports. The charge against the Greeks was that when the Greek forces took the Island of Mitlene they abused a young Turkish woman. It is alleged that the testimony against them was perjured. Protests made by the Greek Church and the Greek community of Smyrna were ignored.

Because of the interest taken on behalf of these men by the Greek Church, the Turks murdered the Metropolitan of the Greek Church, the Most Rev. Chrysostom, a man of high education, who was formerly Metropolitan of Drama, Macedonia. He was transferred from that place because the Turks objected to his activities on behalf of the Christians living in Macedonia.

CHAS. STEWART TALKS

ELEVATOR TRUST TO PONOKA FARMERS

Ponoka, April 14.—Hon. Chas. Stewart delivered a fine, forcible and convincing speech, "Have no fear," said the minister. "The organizer of the Elevator Trust told you that the government haven't made provision for the raising of money to finance the elevator question. Baker, the Liberal candidate will be returned with a large majority. Baker has been repudiated by the temperance people as a whole tonight. One of the strongest Prohibitionists of the riding, N. A. Donaldson wrote an open letter repudiating Baker. Direct legislation has been introduced in the house in which the temperance movement will shortly be decided.

Threats to Implement Men.

Something of the inside history of the men's attempt to coerce the government to drop the measure was revealed by Mr. Stewart. It was in an interview between the implement concern representatives and Mr. Stewart and the late provincial treasurer, Hon. Malcolm McKenzie, that the most brazen threats were uttered. These men told us, said Mr. Stewart, that if we allowed the bill to pass we should be driven out of power. He said, "We have a \$1,000,000 interest in Alberta today and we shall raise a million or two more and shall get out and fight against you with this money, all through the provinces." Mr. McKenzie told them to shoot. He said, "I have a stock of papers on my desk relative to the fraud and injustice inflicted on some of the farmers of this province. I can show you this sort of thing to go on. It is the interests which disapproved it as probably quite numerous, but said he would turn the matter over to the public with no axes to grind, would regard it as a fair bill.

Business depression will not follow the enactment of the Underwood bill, in the belief of the president. He said he saw no reason why there should be any business depression; that he was confident business would go on without interruption. He added the opinion that if any sugar mill closed down it would be for effect and that the factories would reopen later on.

TORONTO MAY ACCEPT SAVINGS ACCOUNTS

Toronto, April 15.—At today's meeting of the board of control, Controller Foster moved that the treasury board be requested to consider the advisability of taking immediate measures to provide the requisite machinery, seeking legislation if necessary, for inaugurating a system whereby the city can accept savings deposits from citizens and allow interest at the rate of, say, four per cent, per annum. It was carried.

Telephone Co. Raises Wages

Boston, Mass., April 15.—A general increase in the wages for its operators in the Greater Boston district and in other large cities in which it operates, was announced tonight by the New England Telephone and Telegraph Co. The increase was \$1.00 a week, effective June 1, is the date upon which the schedule goes into effect in Boston, and probably elsewhere, according to a company official.

WILSON EXPLAINS HIS

ATTITUDE; FAVORS THE CONSUMER

With newspaper men, President Wilson explained his reasons for insisting on a 15 per cent reduction in the tariff on sugar for three years, and then free sugar. Chief of these reasons was the benefit that would accrue to the consumer.

President Wilson said he did not believe there would be an immediate benefit from the reductions in the tariff on the other articles in the present bill. He called attention to the fact that in some of his speeches made during the campaign he said that he did not expect tariff revision to bring about an immediate reduction of the cost of living, but that he did expect it to bring about a competitive situation that would make it impossible by combination to sustain the present artificial level of the prices. The president expects a reduction of the cost of living sooner or later to follow the reduction of the tariff—lowering of prices as a result of re-awakened competition. It is competition, the president said, that the Democrats are seeking.

The president said that if the reciprocity feature of the bill should be enacted, he would attempt to negotiate certain reciprocity treaties as soon as possible. Confidence was expressed by Mr. Wilson that the tariff bill, as now before congress, meets the approval of the people. He alluded to the interests which disapproved it as probably quite numerous, but said he would turn the matter over to the public with no axes to grind, would regard it as a fair bill.
