Among the older citizens of Aylmer and ricinity, Mr. Geo. R. Wood, of Great Falls, Montana, will be well remembered, as a resident of this place many years ago. He was a son of Mr. and Mrs. Nathan L. Wood who were for so many years respected A; lmer, George has never been back, but he has prospered in his adopted home, and his friends here will be pleased to learn that he has just been elected as Representative in the State Legislature of Montana. The Great Falls Tribune of recent date, published the following short sketch of his career and also his picture, which may be seen any time at this office. Some of his old friends recognize it, others do not. The Tribune says; Mr. Geo. R. Wood is a candidate for Representative on the Demoncratic ticket, is native of Ontario, and he came to Montana over thirty years ago. Upon reaching this state he settled in Helena and engaged in the lumber business, he having been engaged in that line of work since he was 14 years of age. Shortly after his arrival in Montana he became associated with A. M. Holter in the lumber business, and twenty years ago had charge of the Holter Lumbe ompany yards just across the Missouri river from the location of the present Holter yards That was before there was any such town as Great Falls, or such county as Cascade. In the spring of 1892 Mr. Wood again came to Great Falls as manager for the Holter company and he has resided here and had charge of that business ever since. In 1898 Mr. Wood was elected alderman from the second ward in this city. During his two years' term he was known as a painstaking and industrious member, who was always on the alert for the interests of the city and his constituents. The suit for damages brought by Mr. Harry O'Brien against the township of Malahide, which has been pending for some time, and which was to have come up again at the next assizes, has been settled, the township paying Mr. O'Brien \$1,390 in full or all claims, including costs of the suit. We think this is a wise act on the part of both Mr. O'Brien and the township, as the costs would have been something enormous had it gone on.
