DEATH OF A DELAWARE LADY. Mrs. Thrower, of Delaware village, died yesterday morning at Victoria Hospital at the advanced age of 76 years. Death was caused by old age, being aggravated by dropsy. Mrs. Thrower was one of the best known and most highly respected residents of the village, and had resided there for many years. Besides her husband, she is survived by three daughters and two sons-Mrs. B. W. Fisher, of Mount Brydges; Mrs. W. Down, of Ekfrid;

and Charles, of Manitoba. G. T. R. TRAINS COLLIDE.

About 1 o'clock this morning a collision occurred in the G. T. R. yards just in front of the station. The midnight freight for Windsor, with pilot, together with some changes made was leaving the yard, moving at the usual speed, when the through freight from the Tunnel came in on the same track, and the engines came together with a crash. The engineers and firemen saw the impending collision, and being unable to avert it, jumped and escaped injury. The chief damage was to the pilot engine, which was badly wrecked, the tender being turned com-letely over. A misplaced switch was probably the cause of the accident.

THE PROPOSED STOVE TRUST. The Hamilton Spectator says: "It is understood that the carrying out of Association. the proposed consolidation of the stove

foundry business in Ontario is in a somewhat precarious state, owing to the attitude of the McClary Manufacturing Company, of London. It is said that that company has declined its agreement with Projector McCauley, and as it is one of the largest stove manufacturing concerns in the province, the refusal, if it is a fact, will have an important effect on the deal.

"A city manufacturer, when asked about the matter, admitted that the McClary Company had doubts about entering into any new arrangement.'

BOTH HARMONIOUS AND EXPEDITIOUS

Proceedings of the London Agricultural and Horticultural Society-Interesting Annual Report.

The City of London Agricultural and Horticultural Society held its 24th annual meeting at the city hall. There was a fair attendance, and the proceedings throughout were of the most harmonious and expeditious character. The directors' annual report was

as follows: Gentlemen,-Your directors, in submitting their annual report can only refer in a necessarily brief manner to the operation of your society for the year. As you are aware we form part and parcel of the Western Fair Association, and all our energies, as in years past, have been devoted to the interests of that truly great institution, and it is with no small degree of pride that we refer to the fact that this society has been, during its ex-Mrs. John Livingston, of Watford, and Messrs. James Thrower, of Woodstock, istence of over 30 years, an important factor in the upbuilding and fostering of the interests of the Western Fair Association, and advancing it from the smallest beginnings to the proud position it holds today.

The improvements to the agricultural, horticultural and dairy buildings, which were inaugurated in 1899, since have again demonstrated the fact that exhibitors appreciate what is being done for their encouragement, and the display of agricultural and horticultural products was never better in the history of the fair.

We regret to have to report the re-signation of Mr. W. R. Hobbs, our second vice-president, shortly after our last meeting owing to pressure of business. Mr. Hobbs been closely identified society and the Western Association for a number the society and Fair of years, and his retirement is to be regretted. Mr. McCormick was Mr. McCormick was elected to fill the vacancy, and Mr.

The formation of the new Horticulthe government grant, so that the amount handed over to the Western Fair, after current expenses were paid. was less than in former years. All of which is respectfully submit-

THEIR FIRST MEETING IN THE NEW CENTURY.

No. 3 Committee's Attention Called to the Proposed New Plumbing Bylaw-Fine Remitted.

The first meeting of No. 3 committee for the new century was held last night at the city hall, there being present Ald. Stevely (chairman), Jolly, Garratt, and Gerry, Inspector Bell, Chief Roe,

and Secretary Bell. Dr. Cl. T. Campbell addressed the committee on the subject of the proposed plumbing bylaw, and asked the members to consider the matter carefully before dealing definitely with it.
Inspector Bell reported the sum of \$1,542 collected for licenses during the year 1900, being an increase of \$69 over the preceding year. The report was re-ceived and filed.

The Canadian Rubber Company wrote, asking the committee to purchase a length of hose which had been tested and left with the fire brigade as a sample. The committee recommended that the hose be purchased.

George McNeill asked remission of \$20 fines imposed on him for non-fulfillment of street watering contract. On motion of Ald. Garratt the fine was re-

John Hislop, street watering contrac-tor, asked for \$12 additional for water-ing a block which was not included in specifications. On motion, the applica-tion of Mr. Hislop was not entertained. Engineer Graydon wrote recommending the purchase of at least one, and, if possible, two new watering carts. The committee recommended that tenders be called for the purchase of one new

Engineer Graydon wrote recommend-ing that the committee confer with the London street railway with a view to having the company water the streets over which their tracks run. At present the dust raised by the running of cars in summer is highly deleterious to the comfort and clothing of massengers on the cars and residents long the streets. The matter was referred to the engineer and the chairman. to confer with the street railw mpany and report.

Residents of Wilson avenue. West

London, petitioned for an electric light on that street midway between Dundas and Leslie street. The request was

THE NECESSITY OF A CH

It is necessary for the welfare of our being in order to preserve our health, we should have an occasional change.

A change of dress is as essential as a change of climate.

Means are required to accomplish either. In the matter of dress Fit-Reform disposes of this question, as it gives to the consumer two suits at the cost of one as offered by the merchant tailor and thus answers one of nature's demands.
