

Grafton's Half-Yearly Sale

Still Further Reductions That Must Produce Quick Clearance

Suit Savings Greater Than Ever

Here is how this plan is working out with the Suit lots. Just notice how we have moved broken lots down to the next cheaper grade so that your savings are in many cases 10 to 15 per cent greater than they were when this sale opened, and, as you know, the reductions were certainly liberal enough then. Get them now while they are here.

Broken Lots of \$18 and \$20 Suits

Don't think because we have been doing a tremendous business all week on this line that all the desirable styles and patterns are gone. This store never had an undesirable style or pattern, and these are all the sort of garments that any man can wear right now with pride. You will find now many Suits in this lot that this week we offered at \$15.98, and formerly sold as high as \$20.00. They are offered to go now

\$13.98

Broken Lots of \$7.50 and \$8.50 Suits

As we bunch together the broken lines your benefits increase in savings and in qualities. We made big inducements at the very opening of this sale in this lot, but now the prizes are really remarkable. You are going to remember this sale for a long while, because these Suits will last you a long while, and we are offering them now

\$4.98

Broken Lots of \$10 and \$14 Suits

There is no use describing these garments to you. We can not make their attractions at this price strong enough to do them justice. We just want you to see them, that is all, and then judge for yourself if you can duplicate them anywhere in town within 15 to 20 per cent of what we are offering them at now. They are models and materials that never have been offered before

\$7.98

Broken Lots of \$16 and \$18 Suits

You would never believe that the dandy chevots, worsteds, cassimeres and serges that comprise this lot could be sold at any such money as we are offering them at now. They couldn't be if anything but complete clearance was uppermost in our endeavor. We are going to do it, too, if sacrificing high-class merchandise will induce you to help us and help yourself to the biggest bargains you ever saw

\$11.98

Bigger Bargains In OVERCOATS

The same plan of bunching broken lots and moving them down to the next cheaper lot has been done with the Overcoats as well as the Suits. This is true to such an extent that the man who is really alive to the main chance will buy more than one of these garments and fix himself right for this winter as well as next. Every garment is in good style, too; styles that will last more than a season, as well as wear through two complete seasons. Look them over.

Broken Lots of \$7.50 and \$10 Overcoats

There is no secret about it. Everyone knows that this has been a backward season because of the delay in real winter weather. If it were not for that fact our Overcoat stock would not have been so plentiful, as to last this long at these prices. They went like hot cakes last week, though, and broke into lines now crowded down into greater reductions. See the values now

\$5.98

Broken Lots of \$12 and \$13 Overcoats

Almost every sort of Overcoat model, material and style that you want can be found somewhere in this lot, as there is a great variety of sorts. We have made it so by completing it with broken lines from better grades. That is the entire policy of selling this week to give this sale a greater punch than ever. You had better get busy tomorrow. It may be your last

\$7.98

Broken Lots of \$14 and \$18 Overcoats

Early in the season when we offered these goods we considered them big values. When we opened this sale we thought them real, astounding snaps at the sale price. Now we have made still further reductions on a great part of them. We know that they establish Overcoat value giving that cannot be approached anywhere in this community. See them

\$10.98

Broken Lots of \$20 and \$22 Overcoats

This seems to be a popular priced lot, the way folks have gone to this price garment. That is why we have had to replenish the lot this week with still better grades so that we could supply all sizes. It costs us some profit to do it, and you will derive the benefit of the sacrifice. We are satisfied to do it, though, because such bargains will weld you closer to this store. That and clearance are worth while

\$13.98

Can You Equal the Furnishings Savings?

Just looking over these items here in cold printers' ink is not going to give you an adequate idea as to how strong these offerings are, nor the greater benefits in new reductions for present selling. You simply have to see them. You should stock yourself for a year with furnishings at these prices.

50c Neckwear, all silk, full stripe, four-in-hands, **25c**
Socks, cashmere silk, spliced heels and toes; 25c value, now **19c**

GRAFTON & CO., LIMITED

FREE WHEAT DEAD FOR PRESENT TIME

Amendment to Address Voted Down by Majority of 45.

[Special to The Advertiser.] Ottawa, Jan. 29.—The Commons today kicked out the free wheat amendment to his royal highness' address, adopted the address and added the debate, received from his royal highness a request for one hundred and ninety millions in estimates, and then went to dance at his royal highness' state ball.

The most interested spectators of this free wheat obsequies were a delegation of the Dominion millers. They had been in the Conservatory room, No. 16, stifling the backs of the members until the bell rang for division.

When the government members went into the chamber to vote, the millers' delegation went to the Speaker's gallery to see them. The watchful eye was on the proceedings all the time. One hundred and two members voted against the free wheat, and fifty-seven for it. A government majority of forty-five.

W. F. MacLean was the only Conservative bolter. Nine Conservative

STATISTICS REGARDING CANADIAN RAILWAYS

Ontario Leads in Mileage—Total in Dominion Increased.

[Canadian Press.] Ottawa, Jan. 29.—Some interesting facts about Canadian railways and the statistics in connection with them are contained in the annual report of John Lambert Payne, comptroller of railway statistics, tabled in the House this evening by Hon. Frank Cochrane.

During the year ended June 30 last, operative mileage increased by 2,576, bringing the total up to 29,304 miles. Ontario leads with 9,000 miles; Saskatchewan is second with 4,651; Manitoba is third, with 3,993; and Quebec is fourth with 3,886. At the end of the year, 18,647 miles were under construction.

Government-Owned Railways.
The cost of Government-owned and operated railways, representing 1,131 miles of line, reached a total of \$125,980,887 in 1913. This is not included in capitalization.

Chapter of Accidents.
An interesting chapter deals with accidents. The movement of trains in 1913 resulted in the killing of 701 persons, and the in-

jury of 2,966. In addition, 32 persons were killed, and 1,606 injured from other causes than the movement of trains. Of the killed from all causes, 41 were passengers, 324 were employees and 413 were classified as "others." Of the injured, 667 were passengers, 3,407 were employees and 498 were "others."

One passenger in every 1,216,519 was killed, and one in every 71,124 was injured. This was a comparatively low record in respect of fatal accidents, but the proportion of injured passengers was high. The number of employees increased by 22,751 in 1913, bringing the total up to 178,652. Salaries and wages amounted to \$115,749,825 as compared with \$87,290,629 in 1912.

CURE FOR SEASICKNESS
Berlin, Jan. 29.—Dr. Joseph Fischer, the well-known heart specialist of Nauenheim, announces that he has discovered a complete cure for sea sickness, in an injection of atropin. He has experimented extensively, with excellent results in every case. Dr. Fischer says atropin is not dangerous and has no ill-effects.

MR. FIELDING DECLINES.
[Canadian Press.] Montreal, Jan. 29.—Hon. W. S. Fielding, who was president of the Telegraph Publishing Company, and on the amalgamation of the Telegraph with the Herald was invited to take the position of president of the Herald company, has declined.

TUG TO THE RESCUE.
[Canadian Press.] Washington, Jan. 29.—To rescue American fishermen in two ice-bound sloops in the Bay of Islands, Newfoundland, the navy tug Potomac was today ordered out from Newport. She should reach the Bay of Islands by Sunday.

UNITED STATES WILL SIGN PEACE PACT WITH DANES

Terms Agreed Upon and To Be Presented to Senate for Its Ratification.

Washington, Jan. 28.—Arbitration of all questions which may arise, including those involving national honor, is proposed in a treaty, the terms of which were agreed upon today by Secretary Bryan and Constantine Brun, the Danish minister. It is expected that the new treaty will be signed in the near future, and Mr. Bryan is optimistic over the reception which will be accorded it in the Senate when it is presented for ratification.

DOMINION BANK REPORT

This Year's Statement Is Best Ever Issued By This Well-Known Institution.

The Dominion Bank's report of business for 1913, just received, is the best ever issued by the bank. Net profits amounted to \$950,402—\$48,000 higher than for the previous year, and \$246,000 higher than for 1911, so that there has been a steady increase in the bank's earning power. During the year, the bank increased both its paid-up capital and reserve by \$811,000, these now standing at \$5,811,000 and \$6,811,000, respectively. A feature of the report is the large proportion of cash and other quickly available assets which bear an unusually high ratio to the total liabilities to the public. Current loans made throughout the year amounted to almost \$48,500,000, or over \$2,

000,000 more than in 1912. These figures indicate that the bank is doing its full share in providing for the business needs in the communities in which its branches are located during a year of unusual financial stringency. The total assets now stand at \$80,506,000.

BREAKS A COLD IN A FEW HOURS—PAPE'S

First Dose of Pape's Cold Compound Relieves All Grippe Misery.

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken will end grippe misery and break up a severe cold either in the head, chest, body or limbs. It promptly opens clogged-up nostrils and air passages; stops nasty discharge or nose-running; relieves sick headache, dullness, feverishness, sore throat, sneezing, soreness and stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only 25 cents at drug stores. It acts without assistance, tastes nice, and causes no inconvenience. Don't accept a substitute.

On Irish Stew

Irish Stew.

Put in a stewpan twelve peeled potatoes, sliced the thickness of a penny, four large onions, sliced—a layer of each—with salt and pepper to taste. By successive layers half fill your pan. Then take four chops of neck of mutton, the scrag end. Lay these on the potatoes and onions and fill up with additional layers of potatoes, onions, etc., as before. In 1 1/2 pints of water boil 1 1/2 ozs. of Edwards' White Vegetable Soup for 10 minutes, add it to the contents of the stewpan, and simmer all together gently for two hours.

Mrs. Edwards comes from Ireland—what she doesn't know about Irish stews isn't worth knowing at all. You can make Irish Stew as well as Mrs. Edwards does, if you follow the simple recipe above. But be sure to use Edwards' Soup—be certain to boil it for half-an-hour. No bother. Come—give them an Irish Stew for dinner to-day.

EDWARDS' DESICCATED SOUPS

But you MUST boil them for half-an-hour—worth it.

Edwards' Soup is good as a soup by itself, it is good as a strengthening of other soups; good as a thickener of gravies; good for hashes, good for stews—too good to be spoiled by inefficient boiling. Of salt, whole and small Glacés, etc. In 1/2 pint of water boil 1/2 oz. of Edwards' White Vegetable Soup for 10 minutes, add it to the contents of the stewpan, and simmer all together gently for two hours.

Three varieties—Brown, Tomato and White.

W. G. Patrick & Co., Limited, Toronto, Representative for the Province of Ontario
