

Greyhound Pack Blanks Falls 7-0 in Sudden Death Game at Toronto

Soo Sextet Will Now Meet Senior O.H.A. Champions

Greyhounds, With Brown Off, Easily Trim Power City Squad.

NEXT GAME SATURDAY

Canadian Press Despatch.

Toronto, March 12.—Soo Greyhounds, winners of the N. O. H. A. senior series, tonight defeated Niagara Falls here 7 to 0 in a sudden-death game. Greyhounds will meet Hamilton, O. H. A. senior champions, in a two-game series here Saturday and Tuesday, the winner to defend the Allan Cup in the semi-finals.

The final score of 7 to 0 is hardly a true indication of the play, the leg-weary Falls players putting up a much better argument than expected. They were big and strong, and while their defence was fairly effective they could not get the puck past Walsh, and most of the shots were delivered from long range. Soo will have to show much better form to get anywhere against the Hamilton Tigers, fans here are saying.

The Falls steered clear of body checking owing to their condition, and the northerners failed to make any attempt to slow them down to a walk until the last few minutes of the second, when there were a few terrific checks handed out. They had an effect, too, as the boys from the Power City were just about exhausted in the last 20 minutes.

Stan Brown, Soo speed merchant, watched the game from the bench. He will, however, be back in action Saturday. Brown is one of the best effective players on the Soo line-up, and his presence will make a difference, even if "Dutch" Cain did play good hockey tonight. Defensively, Cain and Donnelly were almost impossible to beat, and each rushed with telling effect.

The forwards did not work as well as in the games in the N. O. H. A., although in flashes Garnett Campbell, Bill Phillips and Gloomy Lessard showed high-class ability. Phillips did a lot of useful checking. Most of the goals were scored after two or more Soo players had handled the puck.

The line-ups: Soo Greyhounds—Goal, Walsh; defence, Donnelly, Cain; center, Phillips; wings, Lessard, Woodruff; subs, Cook, Campbell.

Niagara Falls—Goal, Mayo; defence, Fraser, Murray; center, Rice; wings, Harrington, Bawtenheimer; subs, Pennie, McAttee.

Referee—M. J. Rodden, Toronto.

It is expected the first Stanley Cup game will be played next Wednesday, though this date is not official.

Associated Press Despatch. New York, March 12.—The training season of the New York Yankees opened officially yesterday. Young bloods of the Chicago National squad will have a conference over veterans in the exhibition games this week-end. Manager Bill Killefer has ruled. Heavy hitting by Cliff Lee and Cy Williams featured the 8 to 4 victory of the Philadelphia National regulars over the Yankinns yesterday at their training camp in Leesburg, Fla. Williams had a home run and a single. A three-day trip into southern Florida has been arranged for the Cincinnati Nationals. It was stated in dispatches from the training camp.

The Pittsburgh Pirate squad in training at Paso Robles was made complete with the arrival of Carnegie and the discharge of Jewell. Dis from the hospital, according to dispatches received here. The workout yesterday was suspended out of respect to the memory of Pat Moran, and the flag over the diamond was placed at half-mast.

FIRST CHURCH FIVE WINS BY ONE POINT

All Saints and Askin Elks Other Victors in Church League Tilt.

In the first and last encounters but little sharp combination or checking was apparent, but in the middle engagement the fans saw a real exhibition. First Methodist got away strong in the opening can, and it looked like their game until the Scotchmen took the bit in their teeth after the interval, and added a dash of cayenne to the proceedings. It was anybody's game in the last chapter. "Cod" Lawrence and Geo. Young did most of the scoring for their respective teams, each being credited with 14 points.

The teams: All Saints—T. Boyle (2), W. Hogg (3), C. Genereaux (2), K. Rice, C. Rice (3), J. Sims, B. Scott, J. Appleyard, F. Bloye.

PATRICK THREATENS TO DISBAND TEAMS

Indications Point To No World's Hockey Series This Season.

Canadian Press Despatch. Calgary, March 12.—If the east persists in their stand that only one western team compete against the N. H. L. champions in the Stanley Cup finals, there is quite a chance that there will be no world's series at all, stated Frank Patrick, president of the Pacific Coast League, tonight.

He further said both the Vancouver and Calgary teams are purchasing transportation to Winnipeg only, and will disband in that city following Saturday's game unless satisfactory arrangements are completed whereby both western teams go east.

The western viewpoint, backed up by public opinion, demands that Calgary as champions of the Pacific loop, and Vancouver, as title-holders in the Coast circuit, are entitled to a chance in the Stanley Cup finals, under conditions that existed in 1920, when a year ago when Ottawa wiped out the Maroons and then beat Edmonton.

Frank Calder, president of the N. H. L., is being consulted over the dispute which exists in the arrangements at present and because of his laxity in anticipating the proper move.

Frank Patrick claims that the two western leagues have agreed to stand by each other and that he will regret very much should the 1923-24 world series fall through.

FRENCH FRANC VALUE SOARS OVER 35 POINTS

Precedes Announcement of \$100,000,000 Loan From J. P. Morgan & Co.

Associated Press Despatch. New York, March 12.—Announcement by J. P. Morgan & Co. of the establishment of American banking credit of not less than \$100,000,000 for the Bank of France was preceded by a spectacular rally in the price of French francs, which during the day soared more than 35 points to 424 cents. The rate at the close eased off to a range of 418 cents to 420 cents.

Recovery of the French franc stimulated activity in sterling, which was quoted at \$4.30 3/4 to \$4.30 1/2, and in Belgian francs, which jumped almost 20 points to around 247c.

The litigation was commenced in 1400 and countless generations of plaintiffs have used their fortunes and efforts in fighting what is said to be the oldest lawsuit in history.

Shamrocks' Founder Says Green Becoming Yellow

Short Jabs

To the casual onlooker it looked like a wild quest to go to England, find three green men who appeared to be of proper material and shape them into real heavyweights. Most good fighters have grown up in the wild. There has been no scientific house-stuff and the betting was that they couldn't be produced that way. Yet Tex O'Rourke has made surprising progress. One of three guardsmen, Ingelton, Postage and Price, never even had seen a formal ring battle before Tex took hold of him.

O'Rourke worked with his men for months, teaching them the rudiments of the game. When he believed that he had drilled some idea of what it

was all about into their jolly old heads he proceeded to send them out after experience. He is still at it and the three have been doing him proud. They have been knocking out all their recent opponents. Ingelton, Postage and Price, who flattened the champion of Wales. It may not be much of a feat to knock over some of the present crop of English heavies, but it certainly is more creditable than being knocked out by them.

When you consider that less than a year ago these men didn't even know how to put up their fists correctly it would seem that their advance has been rapid. They are all big, tough, aggressive fellows with a punch. Inside of another six months Tex expects to have one of them far enough advanced to send against such opponents as Goldard or Bloomfield, the best in England today. Bloomfield is good enough so that Georges Carpentier has steadfastly refused to have anything to do with him.

O'Rourke may or may not be able to educate one of his men so that he will be a suitable opponent for Firpo, Wills, Renault or Dempsey, but if their future progress is as rapid as their past they are likely to reach a point some day when they will be regarded as fit opponents for anyone. There doesn't seem to be a doubt that they will be good second raters. Whether they will ever be first is the question.

Many in the game—only the future can determine. It takes years, not months, to develop championship caliber. One thing which this crusade of O'Rourke has done is to inject new life into heavy-weight boxing in England. It is like the "white hope" fever in this country, which led to the development of Wildard, Palmer, Fulton, McCarty, Morris and many others.

As a matter of fact, heavyweights appear to be springing up everywhere. The Argentine, Chile, Italy, France and England are only a few of the countries looking for weight on a hoof that has a kick in it. Even Turkey's press agent is getting busy. A business in which it is possible to make \$500,000 in a few minutes' work has its appeal.

HUSSAR SIX WANTS CHANCE IN PLAYOFF

Claim Team Eligible To Compete For L. A. A. A. Hockey Trophy.

First Hussars, winners of the Garrison Hockey League championship, will apply for a place in the playoff for the L. A. A. A. cup, emblematic of the city hockey championship.

It was thought at first that the Garrison winners were ineligible because of the fact that there were but two teams which played. However, this seems to be an error, as the cavalrymen claim that W. O. R.'s were in the league, as well as R. C. R., thus making at least a three-team league. The rules demand that a winner of a league to be eligible must have won its laurels in a loop composed of three teams.

The entrance of the First Hussars into the series would make it all the more interesting, and they certainly seem to have a good claim for a place in the playoff.
