would on Friday bring in a Bill 54 protect patents.

How, J. Orr gave notice that he would on triffay nak for the appointment of a Deputy Register for Carboo East.

Hoo, J. A. R. Homer gave notice that he would on Friday introduce a resolution recommending his Excellency the Governor to make an appropriation of 25,000 for the purpose of subsidizing a line of ocean steamers to sonvey the mails between San Francisco and the port of New Westminster said steams ships to be not less than 1,000 tons register.

Also a resolution recommending his Excellency the Governor to insert in the tariff hill recommended by this Council, a claime realing that portion of the Customs Ant dated June 2nd, 1858, which attows sustems duries

Pemberton was resumed:

In answer to a question put at last meeting, witness stated that Mr. Dallas' name was not in the pre-emption book. Witness said after Mr. Dallas had selected the land, the of ecurise looked on him as the owner. Mr. Dallas pointed out, the land he proposed the lary introduce a resolution female in presence of Mr. McKeurie. Ques.—Did you look on Mr. Dallas as the owner of that land up to the time you gave him the inetalment paper; Abs.—Certainly, and the land to anybody else during that period.

By Mr. DeCounter Did I not understand you on a furner occasion to say that Mr. Dallas was sold by you in the interim, and to whom? Ans.—It was a matter of a second to whom? Ans.—It was a matter of a second to whom? Ans.—It was a matter of a second to whom? Ans.—It was a matter of a second to whom? Ans.—It was a matter of a second to whom? Committee met at 11 m Members present— he Chairman, and Messrs. De-Committee met at 11 m Members present— he Chairman, and Messrs. De-Commos, Folknie, Dunpan Dennes, Powell, Foster.

Foster. The minutes of last meeting Mr. Pemberton wished to correct the date at which he first took up his land, it should be 1856 instead of 1854. The minutes also stated that the Chairman had presented a report, at deat meeting which was rejected, Messrs. Duncan and Dennes voting for its adoption, and Messrs. DeCosmos, Powell and Foster voting against it.

AWEN MERSON INCHES

Mr. Dallas get the land he pelected as new as could be by a general survey of a district which was not made until a later period?

Ans.—I dol.

By. Mr. DeGosmos—Do: you a remember whether Mr. Dullas had prairie or timber land in view in making his selection? Ans.

Open land, to the best of my recollection, By the Chair—What about the two sections bought by you in Lake district for a trieud? Ans.—A cousin of my own, unknews to me, bought land from the Hudson Bay company in London, intending to emigrate with his lamily, but changing his mind. I took the lands off his hands. His name was Henry Smith, and the lands now stand in his name on the books.

Henry Smith, and the lands now stand in his name on the books.

With regard to the Governor's reserve:

By Mr. DeCosmos—Was there such a reserve as the Governor's reserve, and what was its size? Ans.—There was such a reserve in size 1,000 acres in round numbers.

Witness read a copy of a letter from the Secretary of the colonies, dated May 3, 1856, to the Governor of the Hindson Bay Company expressing his approval of the proposition of Governor Douglas to sell the land known as the Governor's reserve.

Witness resumed—The sections comprising the reserve were sections 68, 1 D, 74, 75, 86.

By the Chair—Whe are the owners of these now? Ans.—I am the owners of these now? Ans.—I am the owners of these twellows? Ans.—There were no conditions, Ques.—When did you percently them? Ans.—I that in 1856. Ques.—On what conditions? Ans.—There were no conditions, Ques.—How did you get pessession of it? U Ans.—I took possession from the Hudson Bay Company by their permission, and looked out as my own property; I will ascertain the date.

By Mr. DeCosmos—When did you purchase section 74? Aus.—May 8, 1857. Ques.—Who owns 76? Ans.—B. W. Pearse; he bought it May 25, 1858. Ques.—Who purchased section I D 7. Ans. Governor Douglas. Ques.—How many acres does it contain? Aus.—68 acres; it was bought Aug. 1856.

By the Chair—Wers you in possession of

Section of the control of the contro las. Ques.—How many acres does it contain? Aus.—68 acres; it was bought Aug. 1856.

B; the Chair—Were you in possession of these sections prior to the reception of these despatches? Ans.—Octainly not.

By Mr. DeCosmos—Will you explain why there are 230 73 100ths acres of rock allowed in section 68, purchased on April 19 1859, when allowance for rock ceased in June, 1858? Ans.—You will find that to be the case in every instance in which the land was bone fide held previous to date of instalment paper. Ques.—What is James Yates property in Victoria District? Ans.—Section 11, containing 87 acres; and section 12, containing 117 acres, both bought in August, 1852; section 20 was bought in 1858; he was allowed 3 72-100ths acres of rock and swamp on section 20; his next purchase was section 21, bought May 26, 1851, the allowance in which is 5 acres.

By Dr. Powell—Was there ever a reservation made for Canadians in the ravine, Johnson street? Ans.—No; Johnson street was originally occupied by French Canadians, and the Governor desired me to let them have the ravine for garden purposes, but as they never lended it not took pessession of it, the Governor directed it to be sold along with the terminate.

By the Chair—Was there a reserve for a cemetry on Johnson street? Ans.—There was a graveyed there before a came; I surveyed it; do not remember the precise number of acree in it; it was lenced, but badly;

of the representatives of the districts, so far from being identical with those of their constituents are simply a helion profession. Its trang wander, therefore with this non-representative dement ruling both! Houses, that men about he found bringing forward theories of instables repugnant to reason and to the interests of nineteen-twentieths of the whole population. We do not place a very high estimate on the mental calibre of these political economists, but we think with all their obfuscation, they are scarcely blind enough to the fact that to remove taxation from real estate and put it on profits or the result of general industry, would be simply to reduce rents in proportion. If an equivalent in the one per cant, much be simply to reduce rents in proportion. If an equivalent in the one per cant, much estate tax rules forced upon the trudemen, we are convinced that the real assatis owner would be completed to lower his reny much more even than the one per cont. The grasping stimples of these men, therefore a convinced to the distribution of the per cont. The grasping stimples of these men, therefore a convinced to the distribution of the per cont. The grasping stimples of these men, therefore a convinced to the distribution, as a gradent action plot. The Civil List and the Union of the Colonies are questions that will acquire some celebrity in the future history of Yanconver Island. Many am original idea of political economy would have remained quadded to Hamilton or Mill—many a new Wrinkler in dislomany would have been idea to Palmerston or Grandshall have been idea to Palmerston or Grandshall have remained a puzzle to the midder's statement had not these amportant questions come up in Vancouver Island in this year of Grandshall have ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was ove our parentific and sit is to the hody was over our parentific and state water. To the affect and their trends, however, that we give the credit of the disastery water again of maless axpertment. dusty power takes over to the se might become like other man. We do accepted that our "rock and swampers" will imitate the Phrygian King in this respect, however much they may resemble his subsequent character. But we are afraid that in fulness.

The stames Enterprise arrived on Saturday from New Westminuter with a few patterness, amongst , show was Mr. James Loring of the Horing, Diller & Co., (Hard Curry) claim, who left Williams Oreck bo the 21st ult. Mr. Loring reports tavorably of prospects at the mines-coarse come better was beginning to assume a banay aspect. The Welch Co. obtained excellent prospects out of their pay dirt, and the Cariboos Co. had also struck pay dirt, prospecting \$50 to the painted to about a local or a local in Goods were plantiful and prices moderate.
