General Merchandise display rates on application.

Campbellton, N. B., April 17, 1924

**WISE WORDS**  
Mr. J. D. McKenna's constructive speech in the House was marked by very practical suggestions as to what we in the Maritimes can do by proving that we have faith in ourselves, and he spoke clearly and to the point not only as to our resources but as to our right to just treatment from the C. N. R. It is quite true, as he says, that we lost immensely by not buying more of our own products, thus keeping more of our money at home and so ministering to the expansion of every one of our interests, whether they be rural or urban. If, says Mr. McKenna, our members would spend as much time fighting for the Maritime Provinces as they spend in fighting among themselves we would get results. He wants the Maritimes to present a solid front at Ottawa in order to serve properly the territory they represent. There is today in these provinces a growing body of sentiment favoring the lines of advance the member for Kings so practically set forth.

**NOTE AND COMMENT**  
What is the country coming to, when a bushel of wheat will not buy two golf balls?

Of \$600,000,000 involved in business failures in the United States in the last year fully \$200,000,000 represented fraudulent bankruptcies, according to the president of the National Association of Credit Men. He says that at the present rate of increase these deliberate failures would undermine American business within a few years. The association is to spend \$500,000 to fight the class who go into bankruptcy to defraud their creditors.

Somebody has figured it out that the taxation reduction in the new budget means a saving of \$2.70 a head. It all depends on how much you buy, and how many you buy for. Anyway, it does not sound revolutionary. Still, twenty per cent. off the sales tax, and fifty in some cases, ought to help considerably. Governments do not seem to make the progress they should in developing painless taxation. Also, the income tax, federal or civic, is not so sacred an institution that it will not bear reduction, particularly in the lower grades of earnings.

"Fifty years ago," says the Ottawa Journal, "a Liverpool policeman patrolling his lonely beat came upon an abandoned child of five years. The child could not even lip who his parents were or where they had gone, so the kindly policeman took it to the nearest foundling home, where it was kept until, at the age of fourteen, it went to work in the mines. Today that child is represented by the Right Hon. Stephen Wailes, Minister of War in the greatest Empire that the world has known, the British newspaper of all kinds of opinion join in complimenting him upon the outstanding ability with which he deals with his department in the House."

**TRAVEL VIA NATIONAL LINES**

**Canadian National Services Afford the Highest Standard of Travel Comfort**

Whether on business or on pleasure bound for the Canadian National Railway, offer to the Transcontinental traveller the highest standard of travel comfort.

From all Maritime Province points to Montreal, Ottawa, Winnipeg, Saskatoon or Vancouver, there is the finest of service by all steel trains of superior equipment.

The Canadian National is renowned for the excellency of its sleeping and dining car services. The cars are of the finest and most modern type, while the quality of the food and manner of service on the diner is praised by hundreds of experienced travellers.

Two fine trains run between Halifax and Montreal; viz. The Ocean Limited and Maritime Express. From Bonaventure Station, Montreal, the famous "Continental Limited" leaves daily at 10.00 p. m. for Ottawa, North Bay, Edmonton, Saskatoon and Vancouver.

From Bonaventure Station also the International Limited leaves daily at 10.00 p. m. for Toronto, Detroit, Chicago, and two fast through trains leave for Toronto in the evening. Connection is also made with all the fast C. N. R. trains between Montreal and Ottawa.

To all points in Canada, therefore, the best of service is furnished by the Canadian National Lines.

**ROD AND GUN FOR MAY**  
The first part of an actual timber surveying trip in Northern Ontario is given in the May issue of Rod and Gun in Canada, by T. A. Higgins, dealing with every phase of the work, while G. P. Sladen has a good story on a novel canoe trip in May with the snow still on the ground. "Rushed by a Crisis" is an exciting account of a perilous adventure by John Cook, and Mark G. McElhinney gives an interesting description of his trip to beautiful Banff Park. The sneaking wildcats along the Clyde River, Nova Scotia, give Bonycastle Dale subject matter for a well written article, while "A Wild Goose Chase in Newfoundland" by E. Gallop is an amusing and well told story. H. W. Fry continues his series on shooting from the six point rest, and F. C. Nesbitt has a practical account on making small game and targets on the "go" easy, for shooters. The snaking wildcats along the Clyde River, Nova Scotia, give Bonycastle Dale subject matter for a well written article, while "A Wild Goose Chase in Newfoundland" by E. Gallop is an amusing and well told story. H. W. Fry continues his series on shooting from the six point rest, and F. C. Nesbitt has a practical account on making small game and targets on the "go" easy, for shooters.

**GRIM TRAGEDY OF THE SINKING OF TITANIC**  
RECALLED TO MEMORY  
Halifax, N. S., April 15—Twelve years ago this morning at 2 A. M. the White Star liner Titanic, on her maiden voyage from Liverpool to New York sank off the Grand Banks of Newfoundland and took 1,634 of her passengers and crew to their deaths. Some four hours previously on the night of the 14th, she had struck an ice-berg.

Yesterday afternoon at three o'clock a memorial service was held at our near the place of sinking by the United States ice patrol cutter Modoc, one of the vessels which every spring patrols the north Atlantic to warn of the presence of icebergs and to prevent a recurrence of the Titanic disaster. The service was participated in by all ships and shore stations within wireless communication of the Modoc and all ships in the vicinity were asked to keep their wireless silent for five minutes.

This is the second year a memorial service has been held by the United States ice patrol.

**WORLD ARMENIA MAY TAKE ROUTE VIA CAMPBELLTON**  
Ottawa, April 10—The passage across Canada of the British armistice who are flying round the world will be a race against time, the similar flight begun by United States armistice having started a competition between the two countries for the honor of being first to complete a world flight. The itinerary which provides for the landing of the British flyers at Prince Rupert, B. C., and their departure from Sydney, N. S., for Europe via Newfoundland has been completed.

The armistice will make stops at Ottawa, Edmonton, Regina, Winnipeg, Sault Ste. Marie, Montreal, Riviere-Du-Loup, Fredericton, St. John N. B., Amherst and Sydney, N. S. It is possible that to shorten the time the alternative route might be followed through Campbellton, N. B., to Fort-Arthur, Nfld. The British airship left Britain on March 25.

**Easter Neckwear at Ferguson & Noble's Oblige.**  
An impetuous tenant had not paid the rent of his room for several months.  
"Look here," said the landlord "I'll meet you half way. I am ready to forget half of what you owe!"  
"Right," I'll meet you. I'll forget the other half."

"Haunted Valley" features

**THE AMHERSTBURG RACE TRACK**

**W. C. T. U. GLORIFYING IN SHAME**

The announcement was made the other day that the revenue of the Province of Quebec for the past year had considerably exceeded the expenditure. This was regarded by the Government as a matter for congratulation. It ought rather to have been looked upon as a cause for shame. For the result was brought about by the large sale of intoxicating liquor under Government control. It was the profits from this nefarious traffic that produced the favorable balance; nothing is said of the crime and misery which followed the use of the liquor which was dispensed by the Government of the Province.

It was suggested that, because of the large increase in the Provincial revenue it might be possible to reduce the tax on the automobiles. The state of mind is not easy to understand which finds reason for satisfaction in the prospect that, by the profits of a traffic which is amongst the most prolific causes of poverty, the rich may have their luxuries at a less cost.

The simple truth is that it is an intolerable disgrace to any Province that its Government should become an agent for the sale of liquor. It is inevitable that governmental agents will push the sale of their wares that the public coffers may be filled. Thus we have the strange spectacle of the Government on the one hand maintaining a large expense, prisons and asylums and hospitals, a large proportion of whose inmates are the victims of drink, and, on the other, carrying on a business which is largely responsible for the filling of these institutions.

There is only one right thing to do with the liquor traffic, and that is to banish it completely and finally from the land. It needs no argument that entire prohibition immensely increases the happiness and prosperity of any people—East and West.

In another column appears the advertisement of a tea to be sold by the W. C. T. U. This is one of the oldest ladies' societies in Campbellton certainly the oldest in the denomination at society. For years it has worked the meaning of the word "tea" in its name, often the only society to do so. Nor is this all. It has maintained a Travellers Aid for some time, paying all expenses in connection with this work, except the cost of the last in charge, Mrs. E. Alexander, gives her time free.

A room was equipped and equipment maintained in the Soldiers' Memorial Hospital, in honor of the work of Union mothers, who were overseas not to return. Substantial gifts have been made to the Seaman's Association, to the Temperance Home, Moncton and to many other worthy objects. The Union maintains a Flower and Relief Department, and annually sick and ailing members have their lives brightened, while every Christmas baskets of food are prepared and sent to needy families. The lumbermen's camps are remembered with reading matter and first aid supplies, also the vessels which come to the harbor. Not the least of their activities is the collection of surprise soap coupons, which are redeemed by the company, the sum thus raised going to the support of a Traveller's Aid in Toronto. The present effort in being made to raise money for the extension work of the Union, and for the upkeep of their room in the hospital. Since they are the largest union in the province, numerous requests come to them for aid, and it is in order that their gifts may be worthy that this extra amount is being raised.

Campbellton was honored at the last N. B. and P. Inland W. C. T. U. Convention held in Moncton last autumn of having one of their members, Mrs. Effie Bruce chosen for President. This convention will be held here this autumn.

The Chair at this time is being ably filled by Mrs. Stewart McLaughlin, successor to Mrs. E. B. Gerrard, who was president for seven years.

We hope that our citizens will not fail to lend their support to an organization which is a credit to our town as well as an honor to its members.
