

ANNOUNCEMENT

To the Buying Public of London

Several of the leading Retail Grocers in London have, for some time, been considering the advisability of letting the buying public of London know what they could do for them in the way of improved service and also what saving could be made to them on many lines of goods.

At a meeting held last week it was found that this was possible if it was done collectively and also by making buying arrangements with the largest purchasers of foodstuffs in Canada. The result of this was that the grocers listed below inaugurated the idea.

It is their intention, each Thursday, to have an advertisement appear in this paper setting forth their policy and also making offerings to their patrons of lines of merchandise at very close prices, always, of course, endeavoring to keep up the reputation of the grocery stores of London which, they believe, holds a very enviable position in the province.

SECOND MARRIAGE TO SAVE PARENTS

Girl-Wife Offers Unusual Plea In Bigamy Case

SAYS FATHER PAID \$1,000

First Husband Guest At Wedding, Accused Says

KITCHENER, Nov. 11.—One of the most sordid stories heard in the local police court in some time was unfolded to-day when Mrs. Julia Lesonick admitted that she married Robert Fedoruk, a local grocerman, while her husband, James Lesonick, was living. The accused girl, who is but 16, wept bitterly as she gave her evidence, stating that she was practically forced to

commit bigamy in order to save her parents from starvation. The young girl was placed under the care of the Children's Aid Inspector for a week and in the meantime Magistrate J. J. A. Weir will consider her case.

The first marriage took place at Windsor last year and she and her boy husband, a friend of the family, all lived together for a time. Finally her family moved to this city and it is alleged that Fedoruk offered her father \$1,000 if he could marry his daughter. As she had been married secretly in Windsor her parents would not believe her when she stated that she was already married, though it was a wedding in name only. Finally after pressure had been brought to bear she married Fedoruk and her first husband was a guest at the wedding. She told the magistrate that she knew she had done wrong and she declined to live with her second husband, and, instead, went to St. Catharines.

LOSES FINGER.
Carl Decker, of this city, an employee of the Canadian Consolidated Pelt Company, had the middle finger of his left hand amputated at St. Mary's Hospital this afternoon as a result of an accident at the factory. Decker's hand became caught in a dye machine.

SPRINKLERS CHECK BLAZE AT HESPELER

Fire in Furniture Plant Extinguished When Firemen Arrive

HESPELER, Nov. 11.—About 7 o'clock last evening a fire was noticed in the finishing room of the Hespeler Furniture Company's plant, by Alex. B. Jardine, who at once gave the alarm. The Hespeler fire brigade was soon on the scene, but the sprinkler system, which is installed throughout the factory, had already extinguished the fire.

Little damage was done by the fire, but considerable loss was occasioned by water. The cause of the blaze is unknown, but it is thought to be paint combustion.

MUST NOT SHOOT DEER.

PARIS, Nov. 11.—W. L. Caldwell, of the game and fisheries department, has sounded a note of warning against deer being shot in Brant or Oxford counties. Hunters allowing dogs to harass the deer will be prosecuted. Several deer have been seen in both counties and one or two in South Dumfries.

MAYOR MOVES TO FILL VACANCY ON COUNCIL

WINDSOR, Nov. 11.—A move to appoint C. E. Redeker as an alderman to fill the vacancy caused by the death of Thomas H. Warren, was started at the city hall to-day by Mayor Frank Mitchell after he had secured the city solicitor's ruling in the matter. This action caused considerable surprise as it was generally believed there was no need of making such an appointment in view of the fact that the municipal elections are less than a month distant. Mr. Redeker was the runner-up in the contest of 1924 and for that reason is the logical successor to the late Ald. Warren.

FORDWICH GARAGE BURNED.

HARRISTON, Nov. 11.—The large brick building belonging to Mr. Cook, at Fordwich, which for many years was utilized as a stable in connection with the hotel, but of late has been operated as a garage by Mr. Multhead, was completely destroyed by fire, with all equipment and stock. It is reported that Mr. Multhead will rebuild this garage at once. The loss is partially covered by insurance.

W.M.S. HEARS GOOD REPORTS

Encouraging Progress Revealed At Baptist Convention

ST. THOMAS, Nov. 11.—Most encouraging reports were read at the second day's session of the Baptist Women's Missionary Society of Ontario convention, being conducted for three days at the Center Street Baptist Church here. All reports show increases in both membership and finances. The report of the circles and bands committee showed that 361 circles are represented at the convention.

At the afternoon session Mrs. E. J. Zavitz, of Toronto, was elected president of the Home Mission Board for the coming year with Mrs. Marshall, wife of Rev. J. T. Marshall, of Castle Field Avenue Baptist Church, Toronto, as first vice-president, and Miss J. Norton, of Toronto, as second vice-president. Mrs. H. C. Russell, of Toronto, was re-elected recording secretary.

The financial reports showed \$18,925.41 was given to the society during the last year, an increase of \$1,260.84 over the preceding year. Toronto members led in per capita, giving an average of \$2.29. Elgin County coming third with \$2.12.

POLICE TO GUARD SCHOOL CHILDREN

Will Direct Traffic When Classes Are Dismissed

SUGGESTION BY MAYOR

City Officials Concerned Over Motor Traffic Menace

WINDSOR, Nov. 11.—Upon suggestion of Mayor Frank J. Mitchell, Chief Daniel Thompson yesterday ordered police officers to so arrange their beats that they would be on hand at various city schools to direct traffic when the children were dismissed from classes.

"I think that is a much more practical way of dealing with a dangerous situation than teaching a lot of abstract safety first rules," said the mayor to-day. "It is all right to drill the children upon how to take care of themselves, but the best way, in my estimation, is to afford them police protection."

For some time officials of the city have been exercised over the menace caused by auto traffic along streets on which schools are located. Ald. C. R. Tison, city traffic commissioner, has been delivering lectures to the pupils on safety first. The mayor's action came as a climax to the campaign.
