NEVER forget that you are a part of the town, and that your own deportment helps to make up the stranger's estimate of the place. Sell all you can and buy all you can at home. Every dollar that is sent or carried away from home make the town that much power. If you have the some of carnet away from home make the means invest in something that will give somebody employment. Do not kick at a proposed improvement simply because it is not at your door.
