LETTER FROM CORPL. HORACE | waiting VAUGHN BALCOM

Went Overseas With the American Expeditonary Force and Has Seen Hard Fighting

explosives cleaned off a few of our great guns ceased and there was not The many friends of Corp. Horace men, instead of the Huns. Vaughn Balcom, of Lynn, Mass., will In our exditment one platoon of minute before there was a continueous be interested in the following letter, our company got separated from the roar: others and I happened to be in that to know that we did not have to be platoon. After a little, our numbers ducking, all the time in order that who is visiting at the dwindled down to six, so we were we might have a whole skin. Norman but little help to the infantry, then. Night came and in the little town, longley, of West Paradise

Corp. Balcom enlisted with the 101st Regiment U. S. Engineers, Co. which we did. there was a lot of excitement, cross- four years, there were fire works of B., 26th Division, shortly after the ing the swamp, just at dawn, through all kinds, flare guns were set off and United States declared war against brooks and mud, to our knees, being the French blew up boxes, three and Germany, on April 6th, 1917 and in had been snipped off and he, sure and I can assure you, nothing wa September of the same year, went was some Sgt. too. overseas, with the American Expedit-On the end of his flickering bayonet victory ionary Forces and since that time, was a little American flag, which he around has seen much hard fighting and been waved in the air, as we advanced. blast. through many harrowing experiences. He writes as follows

France Nov. 26th, 1918

which was a small town lying as flat days, we have hiked 120 miles, in My Dear Mother: Without a as a board and there is where we doubt, you knew just about as soon mixed it up with the Hans, and we the front, and at present, are located as I did, that the great struggle is lost our Captain of whom we thought in a small towm, by the name of over and now, the next essential and a great deci. He was taken a Esnevean, where we are going to take interesting question is "Just when do prisoner of wer we get home"? I hope it will be some Was in that tattle one day and looking forward, now to a return t time in the near future, but next night and there was no chance to the good old U.S.A. summer sounds more reasonable to rest or sleep, either. Even\*ually, as over here.

we shook hands with a Sgt. of the The censorship rules have been infantry and returned to the rest of lifted a little now, consequently, we our company. From St. Mihiel, we can write about what we please so, went to Verdum, the last front we will try and tell you of a few places were on, and a lively one at that where we have been, within the last making all the rest look like a May party. One night, while lying in

The first battle front that our my dugout, catching a little nap was Regiment was on, was Soissons, awakened by my platoon Sgt. and Stayed on that front two months. told to get up and gct ready to go From there, went to Toul front and out at 3 a. m.

them to Cateau Thierry. Just wish After having a bite to eat, was you could have seen how those Ger- ready to go with the platoon. We mans were driven back through the started out and arrived at the front city of Chateau Thierry, destroying lines around two o'clock a. m. every thing possible that they had Our infantry was advancing fast

time for, on their retreat. Oh, it .sure and it was up to the engineers to get was a shame to see some of those a road in condition so that our big beautiful homes racked and elegant gons might get to their positions. furnitare smashed and the civilians We soon made the great discovery had to flee, leaving everything in of eighteen mines which the Huns order to save their own lives. had planted, so that they might

From Chateau Thierry we went to dispose of a good many of us. After being on that but nothing doing the mines were St. Mihiel. front for awhile, we were called removed and nobody killed or upon to "Go over the top" with the hurt, by them. Worked from 2 a. Infantry. The vork of the engineers m. until 5 p. m. just as hard as we consisted in cutting barb wires, could go. Got the road done and blowing up and hallding bridges or only lost one man. So, not so doing anything that was needed

Fairy Oak.

These goods are made by expert workmen from the best of materials, and go to you fully guaranteed.

The name "FAWCETT" on your stove, range or furnace, stands for over half a century of succesful experience in the foundry business; half a century of painstaking effort to produce the best; half a century spent in manufacturing the highest grade stoves, ranges and furnaces, which have stood the test of time and use.
