to 25th, inclusive. This is the largest county fair of New York State, and second only to the State Fair held the previous week. The exhibits in all classes were well-filled, and the prize winners animals of the highest merit. In Holstein-Friesians the herd prize was won by the herd owned by Smiths, Powell & Lamb, of Syracuse, N. Y., consisting of bull Netherlands Prince (716) and cows Netherlands Baroness (2635), Netherlands Duchess (2498), Netherlands Belle (1876), and Netherlands Countess (2634). It is a noticeable fact that the prize-winning herd was composed wholly of members of the celebrated Netherlands family, and all closely related. This family has been wonderfully successful as prize winners from the time of their first incorporation into the Lakeside herd. In bulls three-years-old and over, the first prize was won by Netherlands Prince (716), which stood with herd, and the second prize was won by his son, Prince Imperial (1164). The first prize on two-year-old bulls was awarded to Prince of Artie (2479), which stands at the head of the Artie family, prized at Lakeside with the Aaggie and Netherlands families, and destined to rank with the best as they increase in numbers. In yearling bulls the young Netherlands Statesman (3180), another son of Netherlands Prince, won first honors, the second going to Jacob Wit's Mercurio (3459), of same herd and of the Aaggie family. The dam of Netherlands Statesman, Lady Fay (4470), has just completed a year's milk record of 20,412 lbs. 12 ozs. In class of mature cows Lady Fay (4470) won first prize. She is dam of Netherlands Statesman, winner of first prize as yearling bull. The second prize for mature cows was won by Netherlands Duchess (2498). She was also one of the first-prize herd. The first prize on three-year-old heifers was won by the imported heifer Executrix (4401), which won the first prize as a two-year-old at the New York State Fair in 1884. Simplicity (6993), of same herd, won second prize in the three-year-old class. Spinaway (6953), won first prize in two-year-old class, and in yearlings Mottled Beauty 3rd (6053), won first prize, and Netherlands Peeress and (6059) the second. In bull calves the first prize was won by Aaggie Sophie's Imperial, a very promising young bull, in which is combined the blood of the famous Netherlands and Aaggie families. The first prize on heifer calves was won by Aaggie 2nd's Princess, and the second by Kappine 2nd, sister to Aaggie Constance, which gave as a two-year-old 16,761 lbs. 11 oz. in a year. This long list of prizes won by these highly-bred animals tells no tale more emphatically than that there is value in blood, and that the best families are the cheapest to breed from. The Lakeside herd comprises now about 500 head of all ages, and individually of high quality. The herd is catalogued in a neat volume, which can be had by addressing the firm.

Mr. J. S. Williams, of Rugby Farm, Knowlton, Que., has just sold a pair of Berkshire pigs to be shipped to a firm in Lowell, Mass., U. S. A., at a good price.

Mr. Rock Bailey, of Union, Ont., has just purchased from W. M. Chapman, of Romeo, Mich., the young Merino ram Chance, by L. P. Clark 175, by Moses, by General, by Pat Henry, by Kilpatrick, by Comet, etc. His dam was by Genesee, by Addison, by Eureka, by Comet, etc., g. d. by Addison, and tracing through the flock of S. B. Lusk, of Batavia, N. Y., to the flock of Victor Wright on one side, and that of E. S. Stowell on the other. This ram not only combines the flock strains from the most noted Atwood breeders of Vermont and Western New York, but also those of a succession of the kings amongst stock rams. Mr. Bailey has sold to Stephen Backus, Tyrone, 57 young ewes for breeding purposes. Three years ago the same party purchased from Mr. Bailey, 12 ewes and a stock ram, and has been so well pleased with results that he is now going into them on a large scale.

J. G. Snell & Bro., Edmonton, Ont., were very successful this year again with their Berkshires and Cotswolds at the fairs in the U. S. At the Illinois State Fair they won on Berkshires 7 firsts and 4 seconds, including sweepstakes for best boar and for best sow, and herd prize for boar and 4 sows. On Cotswolds 4 firsts and 2 seconds, including sweepstakes for best ram and for best ewe. At St. Louis on Berkshires they carried 6 firsts and 4 seconds, including sweepstakes for boar, second prize on boar and 4 sows over one year, and first on boar and 4 sows under one year. Their stock arrived home from the above fairs on the 10th of this month in good shape, after 21 days quarantine at Point Edward. They have reserved for use in their herd the two best boars, imported by them this year, namely Top Gallant, which appeared in Oct. JOURNAL, and Golden Treasure, also some of the sows as breeders. They have imported this year in all 26 Berkshire pigs, 3 Cotswold sheep, 7 two-year-old Clydesdale fillies, and 2 stallions, one 2 years old and the other 3 years old.

Mr. John Jackson, of Woodside, Abingdon, Ont., writes, "The W. side flock of Southdowns have again made their annual circuit of the shows, and with more than usual success, having been awarded 68 first prizes, including all the stock prizes offered (10), and the sweepstakes at Collingwood for best ram and six ewes of any age or breed, and notwithstanding the above record, the competition has been stronger than usual, having for the first time in this class a large exhibitor (Messrs. E. & A. Stanford) from England to compete against. The demand for this class of sheep has been fairly good, with the following sales since last report: ram lamb to S. White, Charing Cross; ram to Dr. Morton, Barrie; 4 ewes and 2 ewe lambs to J. D. Downing, Eldred, Pa.; 2 ewes and 2 ewe lambs to E. Cresswell, Seaford; ram and two ewe lambs to J. H. Gordon, Cataraqui; 2 ewe lambs to Jas. Niel, Collingwood; ram and 2 ewe lambs to G. Glover, Nottawa; ram lamb to R. C. Lymburner, Canboro; ram lamb to A. Bratt, Moulton; ram lamb to H. Zumstien, Caistor; ram lamb to Geo. Moot, Gainsboro; ram lamb to J. Creek, Gainsboro; also 1 Shorthorn bull calf to E. F. Snyder, Abingdon.
