

THE NEW STOPPER

FOR

SODA WATER, SELTZER, LEMONADE,

AND ALL OTHER

AERATED WATERS.

THE

PATENT ECONOMIC BOTTLE STOPPER.

HITHERTO every attempt to replace the ordinary cork, and avoid the loss of time and trouble caused by having to take off the wire and draw the cork, has proved more or less unsuccessful; this difficulty has now been completely overcome by THE PATENT ECONOMIC BOTTLE STOPPER, by which Aerated Waters are rendered completely airtight, while the Stopper can be instantaneously withdrawn.

THE PATENT ECONOMIC BOTTLE STOPPER being attached to the bottle, perfect safety is ensured.

THE PATENT ECONOMIC BOTTLE STOPPER has this important advantage: when a portion of the contents of the bottle has been poured out, the bottle can at once be re-corked with the Patent Stopper.

THE PATENT ECONOMIC BOTTLE STOPPER must be of the greatest value in all places where speed in opening is a desideratum.

THE PATENT ECONOMIC BOTTLE STOPPER should be adopted by all, as it combines the essentials of complete efficiency, cleanliness, ease, and safety.
