

Session at Hamilton, Canada West, last month, commencing on 18th and closing on 21st. This Grand Division was represented at the meeting by G.W. A., Rev. N. Gunnison, and P. G. W. P., Avarð Longley.

No official communication has yet been received in reference to the business transacted—except a copy of the Constitution and code of Laws of subordinate Divisions, which is herewith submitted for the information of representatives assembled.

No notice has yet been received of the action had by the National Division on the various resolutions passed by this Grand Division, at its last Quarterly Session,—copies of which were duly forwarded to the Most Worthy Scribe, as directed.

By the Most Werthy Patriarch's Report, it appears that the Commission appointing this Grand Division Deputy Most Worthy Patriarch for Australia, under date of March 13, 1861, has been rendered null and void, in consequence of a communication received by the Most Worthy Patriarch, from the Most Worthy Patriarch of Great Britain and Ireland, under date of April 30, 1861, setting forth that a charter had been granted for the formation of Corio Division in Australia.

At the meeting at Hamilton, the National Division decided to hold their next Annual Session in the City of Halifax, N. S., commencing on the second Thursday (eleventh) of June, 1863. It will be necessary therefore, that the brethren in this Province make arrangements to give the members of the highest branch of our Order a suitable welcome. This subject, however, may be more properly considered at the Annual Meeting of the Grand Division to be held at Halifax, in October next.

TEMPERANCE TRACTS.

In accordance with the resolution passed at last Quarterly Session, I forwarded by mail, copies of the Temperance Tracts on hand to every subordinate Division in the Province. The supply of some of the series on hand became exhausted in consequence. There are now on hand but a few hundred copies of the following:—Archdeacon Jeffrey's Appeal; Politics of Temperance; Suggestions for Permissive Bill; Pleadings for ditto; Address to Electors. With the exception, perhaps, of Jeffrey's Appeal, none of the Tracts named will command a sale in this Province. The demand for Tracts has not been as extensive as anticipated.

DEPUTIES ANSWERS TO QUERIES.

As less than one half of the Circulars from the Divisional De-
