The Kaiser is building a gigantic cathedral in Berlin, the dome of which is to eclipse that of St. Peter's at Rome.

The sum of £779 was promised at the services in St. Mark's Parish Church, Dundee, for a fund for redecorating and improving the building.

A public meeting was lately held in Edinburgh under the auspices of the W.F. M.S. to bid farewell to five lady missionaries about to start for India.

The Princess of Wales is to receive from Kirkwall a chair constructed from oak which for 350 years had formed a portion of the roof of St. Magnus's Cathedral.

Complaint is made in the Church of England that young men are being ordained as clergymen, although there are already many who can find neither benefices nor curacies.

The death of the venerable Rev. Dr. Ross Taylor, of Thurso, removes one of the best known, as well as the oldest, ministers of the Free Church of Scotland. He would have been ninety-one had he lived till this month.

At the London Wesleyan Ministers' Meeting recently a letter of deep sympathy with Mrs. Benson and the family of the late Archbishop of Canterbury was ordered to be sent, and also one to the heads of the Church of England in its bereavement.

The Queen has lost another old servant, her head gardener at Balmoral having died after being forty-six years in her employ. Her Majesty drove to his residence and attended the funeral service, which was conducted by the Free Church minister.

Lady Arnold distributed medals and certificates to London firemen for conspicuous bravery at fires. The prowess, she said, of the brave men of the past with arrow or spear was mere child's play to climbing a ladder and entering a burning building.

The late Mrs. Ann T. Still, Aberdeen, has by her will bequeathed all her property to the Free Church, to be divided in equal shares between the Foreign, Jewish, Continental and Colonial Missions. She also bequeathed \$1,500 to the Livingstonia Mission.

In 1900, if all be well, there is to be a great International Convention of Christian Endeavorers in England; and from across the Atlantic there has come a proposal to hold in that same year a great Ecumenical Missionary Conference in the city of New York.

The Salvation Army is negotiating for 1,000 acres of land outside the city of San Francisco, with a view to the establishment of a colony or the lines of the successful farm colony in Essex. Commissioner Booth-Tucker has charge of the work in California.

The Jubilee of Trinity Presbyterian Church, Manchester, has just been celebrated. On the Sabbath Rev. Dr. McGaw, the former minister, preached the same sermon as he did in that pulpit fifty years ago, and three people were present who heard it on the first occasion.

At a meeting of the executive of the Armenian Relief Fund in England it was decided to call upon the United States and the nations of Europe to supply their diplomatic representatives in Turkey, Greece and Bulgaria with adequate funds to meet the terrible destitution of the Armenians.

SUFFERED FOR YEARS.

THE EXPERIENCE OF MR. GRANT DAY, OF HARROWSMITH.

He Suffered Much From Rheumatism Especially During Spring and Autumn—Following a Neighbour's Advice Brought About a Cure.

From the Kingston Whig.

One who has been released from years of suffering is always grateful to the person or the medicine that has been the medium of release. It is therefore safe to say that one of the most thankful men in the vicinity of Harrowsmith is Mr. Grant Day, who for years past has been a sufferer from rheumatism, but has now been released from its thralldom. To a reporter Mr. Day told his experience substantially as follows: "I have been a sufferer from rheumatism for upwards of twenty-five years. It usually attacked me worst in spring and fall, and at times the pain I endured was intense, making it difficult for me to obtain rest at night. From my hips down to my feet every joint and every muscle appeared to be affected, and the pains appeared to chase one another until I was at times nearly wild, and mind you this was my condition for upwards of twenty-five years. During that period I tried many remedies, and while I obtained temporary relief from some, I could get nothing in the way of permanent benefit. But last year the pains did not come back, and they have not returned since, and this is the way it came about. One day while telling my neighbour, Mr. W. C. Switzer, how badly I was feeling, he said: 'Get half a dozen boxes of Dr. Williams' Pink Pills and use them according to directions, and you will find they will do just what they are advertised to do—cure you. I know this from experience in my own family.' Well, I got the pills and used them, and the rheumatism has been driven out of my system, and last winter and spring for the first time in more than twenty years I was entirely free from my old enemy. But there is one thing more Dr. Williams' Pink Pills did for me, and which astonishes me a little. Over forty years ago I had a severe earache, and used a liquid preparation in the hope of getting relief. It nearly ruined my hearing, and for all the years since I have been partially deaf. After I took the Pink Pills my hearing came back, and my ear is now all right. My wife and sister have also found much benefit from Pink Pills when run down by overwork, and it is safe to say that they will always be found in our house."

Dr. Williams' Pink Pills strike at a root of the disease, driving it from the system and restoring the patient to health and strength. In cases of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail postpaid, at 50c. a box, or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Company, Brockville, Ont., or Schenectady, N.Y. Beware of imitations and substitutes alleged to be "just as good."

A simple disinfectant to use in a sick room is made by putting some ground coffee in a saucer, and in the centre of a small piece of camphor gum. Light the gum with a match. As the gum burns allow the coffee to burn with it. The perfume is refreshing and healthful as well as inexpensive.

According to the New York Sun, Rockall, a desolate rock rising only seventy feet above the sea, between Iceland and the Hebrides, is to be made an English meteorological station. It lies 250 miles from land, the nearest point to it being the little island of St. Kilda, 150 miles away, and itself nearly a hundred miles from the main group of the Hebrides. Rockall is in the path of the cyclonic disturbances on the Atlantic, and the station there would give timely warning of storms approaching the British coast.
