### Imperial Bank of Canada.

The twenty-second Annual General Meeting of the shareholders of the Imperial Bank at Toronto had a statement presented of the past year's business which was calculated to give the shareholders unequalled satisfaction. After making provision from the year's income for all possible losses and reducing the liability upon bank premises account, the bank was able to pay a dividend of nine per cent.

The Bank has strengthened the chain of its business connection in Canada by the opening of a branch at Revelstoke. This being on the thresh hold of the promising British Columbia region, the step taken is an indication of the Bank's faith in its development, and readiness to step in and share its progress. Mr. C. S. Heare is the manager of the leading branch of Western Canada, at Winnipeg.
