RESULTS.

THE faithful work carried on by our Boarding House Committee is bearing fruit. Never before have we received so many visits from young men, and we trust by God's help to be used in leading many of them to Christ.

THE STRANGER.

GOD'S commands to Israel were very definite, and none more so than those which pertained to the course to be adopted towards strangers. And our Master when on the earth, on one occasion, drew aside as it were the veil, and gave a glimpse of future reward and punish-

ment, and while so doing, taught us that among the actions of life which go towards making up the coming words of commendation or condemnation is that of caring for the stranger.

As belonging to the spiritual Israel, and as followers of the Divine Master, we desire to be obedient to all His commands. We are now endeavoring (as wisdom is imparted and workers available) to reach every young man in Toronto, and until we have exhausted the means at our disposal, we shall not feel that as individuals, or as an association that we have done our duty. We are not trying to reach them simply with a view of securing them as members. We seek not *theirs* but *them*. If any feel led to join our ranks we shall be pleased. If any are led to join "His" ranks we shall be the more pleased and grateful. We want Shaftesbury Hall to be the home of young men *away from home*, and we trust the day is not far distant when we shall be placed in a position to make our Parlors, Lecture and Reading Room, etc., even more home-like and comfortable than they are now. We shall be pleased to receive suggestions from any friend as to how we may reach young men and win them for Christ.

LECTURES.

MEMBERS will be pleased to learn that the Lecture Committee are making arrangements for the Members' Course of Lectures, etc. The chairman desires to say that though there has been some delay in the arrangements, the course will be none the less attractive and profitable. Their desire is to secure that which will have the instructive element more conspicuous than that of mere amusement.
