

MUNICIPAL ENGINEERS, CONTRACTORS AND MATERIALS

CHEVIER VS. THE CITY OF MONTREAL.
 —The plaintiff, suing as the cessionnaire of E. Benoit, claimed \$611.08, damages suffered through the fault of the defendant in the execution of a contract passed between Benoit and the city of Montreal on the 24th October, 1894, for the construction of a brick sewer in St. Ignace street, St. Denis Ward. The plaintiff alleged that the work was commenced, and was stopped in consequence of a water pipe being found above the sewer; that he notified the city to remove the water pipe, which had been placed there by the Montreal Water and Power Company; that the defendant and the company above mentioned retarded the removal of the pipe, and caused Benoit to lose fifteen days' delay in his work, and it was alleged that he had suffered damage to the extent of \$611.08. The Court maintained the action to the extent of \$350.
