

A REMEDY IN NERVOUS DISORDERS WHEN CHARACTERIZED BY MELANCHOLIA.—The "Reference Book of Practical Therapeutics," by Frank P. Foster, M.D., Editor of *The New York Medical Journal*, which has recently been issued by D. Appleton & Company, of New York City, contains an article of which the following is an excerpt, which we feel expresses the consensus of medical opinion as adduced by actual results: "Antikamnia is an American preparation that has come into extensive use as an analgetic and antipyretic. It is a white, crystalline, odorless powder, having a slightly aromatic taste, soluble in hot water, almost insoluble in cold water, but more fully soluble in alcohol. As an antipyretic, it acts rather more slowly than antipyrine or acetanilid, but efficiently, and it has the advantage of being free, or almost free, from any depressing effect on the heart. Some

observers even think that it exerts a sustaining action on the circulation. As an analgetic, it is characterized by promptness of action and freedom from the disagreeable effects of the narcotics. It has been much used, and with very favorable results in neuralgia, influenza and various nervous disorders characterized by melancholia. The dose of Antikamnia is from three to ten grains, and it is most conveniently given in the form of tablets."

BENZOIC ACID IN THE TREATMENT OF BRONCHITIS.—Maragliano (*Allgemeine Med. Cent.-Zeit. ; Centralblatt für die Gesamte Therapie.*) recommends the following formula :

℞ Benzoic acid.....gr. ix.
Tanningr. ivss.

M. Divide into forty powders. Four powders to be taken daily.—*N. Y. Med. Jour.*

"HAPPY RELIEF"

.. Abdominal • Supporter ..

IT HAS NO EQUAL

IS PRONOUNCED BY ALL PHYSICIANS who have examined it, and patients who have used it to be the best and most perfect fitting supporter made. It is self-adjusting and affords instant relief.

Those who have tried the same report that they would not be without it for many times the cost.

To physicians or patients sending measurements, a perfect fit is guaranteed.

Measure directly around the body at points A, B and C, and always next to skin; also distance from C to navel, and from A to C, and from C to waist.

Prompt attention given to all orders. Liberal discount to Physicians and Druggists.

Price List and Circulars sent on application.
