

THE OWEN ELECTRIC BELT AND APPLIANCE CO.

HEAD OFFICE: CHICAGO, ILL.

Incorporated June 17, 1887, with a Cash Capital of \$50,000.

LADIES BELT No. 4.

Patented in Canada, Dec., 1877. Patented in U.S., June, 1877.

71 KING STREET WEST
TORONTO, CAN.

G. C. PATTERSON, Manager for Canada.

The Owen Electric Belt and Appliances, by its Steady, Soothing Current that is easily felt will cure the following:

- | | | |
|--------------|--------------------|-------------------|
| Rheumatism | Liver Complaint | Spermatorrhea |
| Neuralgia | Kidney Disease | Impotency |
| Dyspepsia | Spinal Disease | Sexual Exhaustion |
| Constipation | Nervous Complaints | Epilepsy or Fits |
| Sciatica | Female Complaints | Urinary Diseases |
| Lumbago | Varicocele | Lame Back |
| | General Debility | |

RHEUMATISM.

It is certainly not pleasant to be compelled to refer to the indisputable fact that medical science has utterly failed to afford relief in rheumatic cases. We venture the assertion that although electricity has only been in use as a remedial agent for a few years, it has cured more cases of Rheumatism than all other means combined. Some of our leading physicians, recognizing this fact, are availing themselves of this most potent of nature's forces in supplying defects and correcting irregularities.

To Restore Manhood and Womanhood.

As man has not yet discovered all of nature's laws for right living, it follows that everyone has committed more or less errors, which have left visible blemishes. To erase these evidences of past errors, there is nothing to equal the Owen Electric Body Battery. Rest assured any doctor who would try to accomplish this by any kind of drugs is practicing a most dangerous form of charlatanism. Use the Electric Cure and shun the drug stores.

WE CHALLENGE THE WORLD

to show an Electric Belt where the current is under the control of the patient as completely as this. We could use the same belt on an infant that we would on a giant by simply reducing the number of cells. The ordinary belts are not so.

Other belts have been in the market five or ten years longer, but to-day there are more Owen Belts manufactured and sold than all other makes combined. The people want the best.

Beware of Imitations and Cheap Belts.

Our attention having been attracted to the many base imitations of "THE OWEN ELECTRIC BELT," we desire to warn the public against purchasing these worthless productions put upon the market by unprincipled men, who, calling themselves electricians, prey upon the unsuspecting, by offering worthless imitations of the Genuine Owen Electric Belt that has stood the test of years and has a continental reputation.

Our Trade Mark is the portrait of Dr. A. Owen, embossed in gold upon every Belt and Appliance, manufactured by The Owen Electric Belt and Appliance Co. None Genuine Without it.

Send Six Cents for Illustrated Catalogue of Information, Testimonials, etc.

For particulars write to us direct, or enquire of any Hardware Dealer.

HAMILTON

HARROW

This is the most complete and perfect Harrow made. It has no equal in reliability and effectiveness. It is so simple in construction that it can be set up after the Tongue is attached to the main plank without a wrench.

The Discs are placed one slightly behind the other, bringing the two inside Discs close together. By this arrangement there is no part of the ground left unworked, as in other harrows. The Hamilton has many other special features, for particulars of which write to

WILSON MANUFACTURING CO., HAMILTON, ONT.

THE CHATHAM FANNING MILL

with Bagging Attachment (run with Chain Belt that will not slip) still takes the lead in all parts of Canada, as the following sales will show—

1000 sold in 1884	} More than three times as many as have been sold by any other Factory in Canada.
1850 sold in 1885	
2000 sold in 1886	
2300 sold in 1887	
2500 sold in 1888	
3500 sold in 1889	

NANTICOOK, Feb. 26th, 1890.

MR. M. CAMPBELL, CHATHAM.

DEAR SIR,—The Fanning Mill I got from you gives such good satisfaction, a far as we have tried, that I cannot forbear sending you this testimony. The Mill makes a clean sample of wheat, barley, oats and peas. The Bagging Attachment is very valuable. It saves about half the labor and half the time. I believe two men with the Bagger would clean and bag as much grain as four men without the Bagger, in the same time. Two men with the Bagger can clean and bag 60 to 70 bushels in an hour. The cash is in the bank waiting the arrival of my note.

Yours truly, JOHN EDWARDS.
