PREPARATION OF THE FINAL ACT

The International Civil Aviation Conference

RESOLVES:

That the Secretariat be authorized to prepare the Final Act in accordance with the suggestions proposed by the Secretary General in *Journal No. 34*, December 4, 1944, and that the Co-ordinating Committee review the text;

That the Final Act contain the definitive texts of the instruments formulated by the Conference in plenary session, and that no changes be made therein at the Final Plenary Session.

II

DRAFT TECHNICAL ANNEXES

WHEREAS:

The largest possible degree of international standardization of practice in many matters is important to safe, expeditious, and easy air navigation; and

WHEREAS:

These matters typically involve problems of great variety and complexity, and require that much new ground be explored; and

WHEREAS:

Considerable progress has been made, during the discussions of the present Conference, in the development of codes of practice agreed upon as proper by the technicians participating in the discussions, but the time has been too limited, and the number of personnel able to participate directly too small, to permit carrying the discussions to final conviction of the adequacy or correctness of certain of the determinations here made;

The International Civil Aviation Conference

RESOLVES:

That the drafts of annexes for an international civil aviation convention, which are attached hereto as Appendix V, be accepted by the Conference, upon the bases that:—

(a) The drafts as now presented shall be accepted by the participating States for immediate and continuing study;

(b) They shall be accepted as constituting models of the desirable scope and arrangement of the several annexes;

(c) The participating States undertake to forward to the Government of the United States (or to the Provisional International Civil Aviation Organization if it shall in the meantime have been established), by May 1, 1945, any recommendations which they may have for necessary additions, deletions, or amendments;
