

achievement of official languages objectives and for reporting to the Government, and to Parliament, on the status of the implementation of official languages policies and programs within the Public Service.

10. Application to Crown Corporations and Agencies

In its policy document 'A National Understanding', the Government indicated that it always intended its official languages policies to apply, not only to Government departments, but to all federal institutions, including Crown corporations.

In this regard, present and future Crown corporations listed in Schedules 'B' and 'C' of the Financial Administration Act will be treated in a manner similar to departments and agencies. They will be subject to the general guidelines issued by the Treasury Board and the Public Service Commission and will be required to submit official languages plans to the Treasury Board which will then be available to the public. Those corporations not subject to the Public Service Employment Act would have to make appropriate adjustments to their own particular programs in order to conform to the spirit and intent of the policies.
