

Distribution Channels in Mexico was developed jointly by the Department of Foreign Affairs and International Trade (DFAIT) and Prospectus Inc. It was researched with collaboration from InfoMex, Mexico City.

This business guide is designed to provide an overview of the range of distribution channels operational in Mexico. Although efforts have been made to avoid errors and inaccuracies in this document, it is not intended to be used as the only source of market information on this sector. We encourage the reader to use this publication as one of several resources for commercial dealings with Mexico.

Any errors, omissions or opinions found in this business guide should not be attributed to the Government of Canada nor to Prospectus Inc. Neither the authors, the publishers nor the collaborating organizations will assume any responsibility for commercial loss due to business decisions made based on the information contained in this book.
