M o n t r e a l .

Dear Mr. Wilson, -

I was away nearly all  
last week and have not had a chance up to  
the present even to answer your letter of  
March 21st, much less give it any study.

Let me say at this moment  
that I am much impressed with the outline, and  
will comment further in the course of a few days.

Yours faithfully,

Principal.
